Individual Relating Traits

This section looks at each person's individual relationship concerns in their own personal birth chart. Every individual brings certain needs and expectations into a union, which affect his or her ability to feel loved and supported. This in turn affects the nature and course of the relationship.

Traits of Nicolas Cage

Venus is in the 2nd House

When the planet Venus is placed in the second house of your birth chart you value beautiful possessions, in particular fine jewellery, decorative objects and works of art. You've an eye for beauty, which you apply to acquiring personal possessions. You don't want to own objects merely for their monetary value, although they are likely to be valuable. You like to be surrounded by beautiful items, which uplift your spirit reminding you of the world's pleasures. You're not necessarily selfish in your endeavours to acquire beautiful objects, but are often willing to share your pleasure with other people. It's fortunate that you're likely to attract enough good fortune to be able to afford a few luxuries in life. Depending on other influences in your life, money usually comes readily either through your own efforts, your primary partnership or gifts from friends. You'll value any relationship, which helps contribute to your emotional and financial security.

The North Node is in the 7th House

Your North Node is in the seventh house and your South Node is in the first house of your birth chart indicating that you are destined to learn as much as you possibly can about relationships. You benefit greatly through your relationship experiences, both personal and distant associations. You may also experience a sense that many unions formed in your life are pre-ordained. You fare best when you learn to let go of ego-centred actions and become more focused on service to other people. You also benefit from choosing your marriage partner wisely, taking your time to consider the union.

Venus is in Aquarius

With Venus in the sign of Aquarius you're a social being by nature, enjoying friendships with people from all walks of life. This of course depends on other influences in your chart, which may indicate a preference for solitude. However, on the whole you're likely to flourish in groups of people because you make friends so easily. In other words you're a real party animal. You love to organise social events with your friends, and often receive invitations to various social events. You're the sort of person who talks to the person sitting next to you on the bus, easily striking up a conversation with a total stranger. Whether introverted or extraverted by nature you're particularly interested in sharing cultural and intellectual pursuits with your friends. It's important that you've the freedom to pursue your many friendships, and attend your group and social functions; otherwise you become restless and bored, and consequently rebellious. In fact you can also be quite stubborn, particularly in your intellectual views. At times you are given to excess, particularly in your younger days. For these reasons your primary partner in life needs to be someone who is intellectually stimulating and who understands your social butterfly urges, and is happy giving you plenty of room to spread your wings. You may find yourself attracted to unusual people, and possibly choose a partner, who's out of the ordinary.

Venus is Conjunct Saturn

The planets Venus and Saturn have combined in your chart indicating that you're seeking commitment and security in your primary relationship. Positively speaking this can be a rewarding, long-term relationship with someone trustworthy and reliable. You're faithful and loyal, a dependable, stable and dutiful partner. You value a long-lasting relationship, and are willing to take your time in establishing a permanent partnership. As a young adult you may favour a traditional marital relationship, complete with a formal ceremony and traditional wedding vows. This could change later in adulthood, when you're more likely to consider commitment in other forms. You're likely to achieve your objective of a worthwhile, long-term relationship after careful consideration and planning. On the other hand if you're not careful you may become involved with someone who tries to control your movements and behaviour. Depending on other influences in your chart you may be shy and inhibited in your personal relationships, and be fearful of standing up for your rights. One of your parents may have been too strict, eroding your confidence and ability to make your own way in the world. Consequently you fear expressing yourself, particularly in intimate relationships, and harbour feelings of being unattractive. While your personal relationships may prove difficult you've the ability to form good business partnerships. This is probably because business partners don't require intimacy or emotional vulnerability, which you find frightening. It's also possible that you're attracted to someone much older or perhaps your primary partner is also your business partner. The good news is that once you overcome your feelings of inadequacy you've the ability to form secure and long-lasting relationships based on firm foundations.

Venus is Square Neptune

The planets Venus and Neptune are combining in a manner, which indicates disappointment in your primary relationship. The problem is that you're idealistic and unrealistic when it comes to personal relationships, lacking the discriminatory powers needed to form a steady and lasting partnership. This applies to both your personal and business partnerships. Consequently you often feel disillusioned and sorry for yourself, blaming others for failing to live up to your expectations. It's possible that your partner is indeed deceiving you in some manner, but it's also possible that you're not being honest. Either way it's likely that you're seeing your primary relationship through rose-coloured glasses, and as a result conflict arises because of your lack of discernment. You're caught in a web of fantasies and romantic illusions, either of your own or your partner's making. Coming to terms with the reality of your relationship helps you obtain a better understanding of your primary relationship, and prevents you from becoming disillusioned. Taking off the rose-coloured glasses means that you can make a proper assessment of your primary relationship. As a result you'll experience fewer feelings of resentment and disappointment, and won't be in danger of overlooking some major flaws such as drug addiction or deceit. With the right partner you'll enjoy a sense of peace and fulfillment. You may also enjoy artistic or spiritual pursuits together. You're ardent and loving, responding quickly to your partner's need. In turn you benefit from acts of kindness, love and appreciation.

Traits of Lisa Marie

Venus is in the 6th House

When the planet Venus is placed in the sixth house of your birth chart, relationships with your co-workers are important. Usually you enjoy a peaceful daily work environment, and feel that your life is richly rewarded through your relationships with your co-workers. You appreciate the small comforts of life, anything which contributes to the smooth and pleasant running of daily life. Depending on the other influences in your chart, you enjoy good health and appreciate the freedom of being able to eat and drink what you like. Daily exercise is a source of pleasure, whether it be taking a walk in a nearby park or visiting a gymnasium. A love of pets may also play a large role in your daily life. You may meet your life partner through your work.

The Sun is in the 7th House

Your Sun is in the seventh house of your birth chart meaning that relationships are a major feature of your life, both personal and business ones. You feel most warm-hearted and loving when relating to other people, in particular your primary partner. You really shine in your own life when happily married, living or working closely with someone else in partnership. It's not that you don't like time on your own; it's simply that you enjoy being in partnership with someone else. Depending on other sections of your birth chart, you're likely to benefit through your partnerships. You're popular amongst your friends and business colleagues and therefore likely to attract happy unions. A fortunate partnership is likely to help you shine in the world and achieve your goals, and success comes to you through beneficial business partnerships. Any difficulties that arise in these relationships can usually be resolved by talking through the problems, either with your partner or through a third party, a mediator. Ancient astrologers considered the Sun placed in the seventh house of a chart to be a fortunate position enabling a person to achieve their goals in life through their partnerships with other people. Your marriage partner needs to be sensitive to the fact that you are so relationship oriented, realizing that any threat to your union creates havoc in your personal life.

Venus is in Capricorn

With Venus in the sign of Capricorn you're shy in relationships, slow to form friendships with other people but, once you've committed to another person, then you're steadfast in your efforts to maintain the relationship. This is particularly true of your primary relationship. Not one to be distracted by romantic illusions, you may appear to be reticent, almost cold, in the first throes of love. This is partly because you're timid, but it's also because you like to weigh up the pros and the cons to any new relationship. You're a great believer in the adage "actions speak louder than words" and you like to observe other people's actions. You form relationships slowly, but they are enduring. Your heart doesn't rule your head, although you like to think that you've a good balance. This is fortunate because you're ambitious in relationships, seeking a partner who is of good character and good standing in the community. For these reasons you may have more difficulty in your relationships earlier in life, seemingly missing out on the flurry of social contacts being experienced by your more flighty friends. It's later in life that your relationships flourish and you're placed in positions of trust and responsibility through your liaisons with other people, particularly people in authority. It's also later in life that you stand to profit through your relationships, either financially or through promotions in your social standing.

Venus is Trine Jupiter

"Lucky in love and money". This could be your personal motto because the favourable planets Jupiter and Venus are combining to shine good fortune on your relationships and finances. You're fun loving, generous and popular. With your sympathetic and kind nature, you've a talent for putting other people at their ease. You're optimistic and talented, full of joie de vivre. Therefore you're likely to be surrounded by supportive friends, and many potential life partners. You're seeking a relationship with someone who will expand your horizons, perhaps even joining your travels around the world. You love to share adventures, philosophies and goals. Other influences in your chart may indicate that you prefer to keep the home fires burning, but it's more likely that you seek adventure and romance with your partner.

Venus is Square Saturn

The planets Venus and Saturn have combined in your chart indicating that you have difficulty in intimate relationships. You seek commitment and security in your primary relationship. It's possible for you to have a rewarding, long-term relationship with someone trustworthy and reliable, but it's likely to be after initial setbacks and upsets. You're faithful and loyal, a dependable, stable and dutiful partner. However, you need to be wary of becoming involved with someone who tries to control your movements and behaviour. Depending on other influences in your chart you may be shy and inhibited in your personal relationships, and be fearful of standing up for your rights. One of your parents may have been too strict, eroding your confidence and ability to make your own way in the world. Consequently you fear expressing yourself, particularly in intimate relationships, and harbour feelings of being unattractive. While your personal relationships may prove difficult you've the ability to form good business partnerships. This is probably because business partners don't require intimacy or emotional vulnerability. It's also possible that you're attracted to someone much older. The good news is that once you overcome your feelings of inadequacy you've the ability to form secure and long-lasting personal relationships based on firm foundations. You may favour a traditional marital relationship, complete with a ceremony and wedding vows.
