General Guidelines

Some of the interpretations given in the 'chapter highlights' section may appear in two chapters because these particular interpretations are appropriate for both chapters. It does not denote greater strength of this interpretation.If you find the same theme showing up repeatedly in the interpretations, then this factor is particularly strong. Interpretations given in the 'Chapter Highlights' section of each chapter are ordered with the strongest influences first.If two interpretations sound contradictory, then this simply means that you express opposite qualities at different times and in different situations.

Remember also that astrology is not fatalistic; astrology is a key to understanding the cosmic energies that influence your decisions, and it provides a map of the best path to follow.

Chapter I. Your General Nature

Approach, Attitude

You tend to cover an innate sensitivity with calculated assertiveness which can be confusing to a partner who really wants to be close to you. The sooner you take the risk of opening up, the sooner real intimacy will have a chance to begin to develop.

Ascendant in Cancer

Key Quality

Once committed, you are doggedly loyal, on principle as much as to the partner concerned. You are a pragmatic reductionist, but don't allow that to interfere with fantasies of others which may be essential to building a fulfilling relationship for them.

Sun in Capricorn

Key Activity

Your immediate approach to life is helpful and you can probably get in there and pitch when others find it too boring or cumbersome. While you can shoulder details with a will, watch out you don't get limited to being a workhorse -- share the load!

Sun in Sixth House

Chapter Highlights

You very much need a partner in life in order to get your own work done, someone to give you an accurate reflection of yourself so you will know what you're really doing. You can strongly identify with others, as in them you see a part of yourself.

Sun Opposite Ascendant Orb: 02°27'

It is sometimes difficult to see another's point of view because of the clear validity of your own arguments. There can, however, be two equally valid and yet conflicting points of view, so take time to put yourself in another's shoes and come together.

Sun Conjunct Mercury Orb: 04°50'

You have a good innate sense of judgment and timing in how and with whom you express your feelings. By being in touch with yourself you can also help stabilize others and be a welcome shoulder to lean on, an advisor by example as well as word.

Moon Sextile Sun Orb: 05°05'

Some may look at you as periodically crazy, which could be a compliment if you keep it under control. Strokes of inspiration tend to lead you right off the edge, with sensibility bringing you back in time, with new lands & adventure yours.

Sun Opposite Uranus Orb: 05°29'

It is sometimes very hard to be forceful or to express yourself in a relationship because you can't get hold of the situation, or believe you can't. Inaction only exacerbates it, however, so when in doubt, make a move and see how things fall out.

Sun Square Neptune Orb: 06°44'

Chapter II. Inner Responsiveness

Key Quality

You are slow to make an emotional attachment, but once involved, you make the most fiercely loyal commitments. You tend to expect the same of others, not always correctly, and you have an elephant's memory, particularly of wrongs done you in the past.

Moon in Scorpio

Key Activity

Your immediate reaction to a situation is to laugh, have a good time, and get as much creative mileage as possible out of it. Some may think you too good to be true, but most will join in the spirit and allow laughter and joy to lose all inhibition.

Moon in Fifth House

Chapter Highlights

Serious confidence problems prevent you from picking up on others' signals: you think your reactions won't be good enough. That is true, to the extent that you don't make any or highly censor them. Say what you feel, just nicely & from the heart.

Moon Semisquare Saturn Orb: 00°30'

An over-strong need to be in control of things at all times stems from a very strong childhood fear of helplessness and death which needs to be addressed thoroughly and resolved so that you can open your heart to true intimacy and its risks.

Moon Square Pluto Orb: 01°38'

A tendency to push yourself emotionally can sometimes spill over into impatience or anger with those who can't or won't (perhaps wisely) keep up with you. A conscious effort to pull back when feeling pressured will pay dividends in general peace of mind.

Moon Square Mars Orb: 02°29'

Your emotional reactions are well in tune with your physical response, making your body language accurately reflect what you are saying and feeling. This adds a social ease and grace that others may lack, so give them the benefit of the doubt.

Moon Trine Ascendant Orb: 02°38'

You have a good innate sense of judgment and timing in how and with whom you express your feelings. By being in touch with yourself you can also help stabilize others and be a welcome shoulder to lean on, an advisor by example as well as word.

Moon Sextile Sun Orb: 05°05'

Your most natural responses to situations will tend to increase the quality of your reputation, which means you can usually bank on your intuition, or at least expect others to. Rely on your instincts where career is concerned and you won't go wrong.

Moon Trine Midheaven Orb: 06°47'

Chapter III. Mentality

Key Quality

You look toward the practical ends of a relationship and may miss the fun and frivolity which your partner may want to cook up. Once you've decided the way it should be, you'll take the lead, just don't try leading your partner without permission.

Mercury in Capricorn

Key Activity

Your abilities to organize and dispose of details can be a great boon to a partner and save you both time. Just get in there and dispose of it all without a word and you'll both have time for more exciting things to do without looking back.

Mercury in Sixth House

Chapter Highlights

Flashes of insight show you directions of promise but don't always tell you the whole story, so be ready to get a partner to fill in where you leave off, warn you of dangers you might have overlooked in previously uncharted, experimental territory.

Mercury Opposite Uranus Orb: 00°40'

A native understanding of how to structure your major life direction and those of others gives you a directorial slot in a relationship but won't necessarily make you boss, but rather the navigator instead. You know what lies ahead and can shape it.

Mercury Sextile Jupiter Orb: 02°39'

It is sometimes difficult to see another's point of view because of the clear validity of your own arguments. There can, however, be two equally valid and yet conflicting points of view, so take time to put yourself in another's shoes and come together.

Sun Conjunct Mercury Orb: 04°50'

Try to break through limited thought patterns, open up your mind to new possibilities within a relationship. It is too easy to get in a rut, pass up opportunities for experiment, emotional growth. When in doubt, follow a partner's lead with a smile.

Mercury Square Saturn Orb: 05°35'

Chapter IV. Inner Needs - Desires - Sexuality

Key Quality

Your desires may conform to what others think of as the straight and narrow, but they are nonetheless intense for it. You want a proven love you can do your all for, one that will be enduring and survive all trials -- ruggedness before tenderness. Tough.

Venus in Capricorn

Key Activity

Your own desire fulfillment is very dependent upon your partner achieving satisfaction, making you most thoughtful and attentive to another's needs. It may seem you neglect your own, but you can indeed be more satisfied yourself through another's joy.

Venus in Seventh House

Chapter Highlights

You have an excellent sense of how to use what others say or believe about you to your own benefit. Even when you do not get what you intend from it, things will tend to work out well, anyway. You have, in essence, a built-in fan club out there.

Venus Sextile Midheaven Orb: 00°25'

It may often be difficult to tell what it is you really want in an experience and thus be disappointed when you don't get it. It will be important to define your needs ahead of time, so you don't get embroiled in pointless efforts that tire the heart.

Venus Square Neptune Orb: 05°34'

Chapter V Energy - Drive - Activity

Key Quality

You may find that your partner criticizes you for putting your eggs in too many baskets, but it is your style to keep a lot of irons on the fire. The multiple skills and talents so developed will benefit everybody once you have them under control.

Mars in Aquarius

Key Activity

Exactly what you are really doing may often be a mystery to your partner unless very deeply involved with you. You are a deepwater fisher and your efforts are directed well below the surface. Draw on ancient wisdom & technique to master the style.

Mars in Eighth House

Chapter Highlights

A tendency to push yourself emotionally can sometimes spill over into impatience or anger with those who can't or won't (perhaps wisely) keep up with you. A conscious effort to pull back when feeling pressured will pay dividends in general peace of mind.

Moon Square Mars Orb: 02°29'

Your tendency to push against an obstacle until you knock it down, then go on to the next and repeat, may be using up more valuable energy than simple circumvention. Consider the possibility before you strain yourself in a contest of wills.

Mars Opposite Pluto Orb: 04°07'

A natural ability to act out fantasies stems from innately knowing what is feasible and what is not. Thus you can lead another down dream paths that bear fruit and wind back home, rather than into disappointing cul-de-sacs. A doer of diaphanous deeds.

Mars Trine Neptune Orb: 04°08'

Chapter VI. Expansiveness - Growth - Success

Key Quality

Your best form of social development with all will be on the intuitive and spiritual side, rather than the physical. The physical has its place, very much so, but what you will consider real achievement will be in non-physical levels of relating.

Jupiter in Pisces

Key Activity

When you seek or create the new, you will use a broad brush stroke to capture the size of your ideas. Since this leaves you open to detailed criticism, it's best to seek a partner who can bring to earth some of the more spacious schemes you hatch.

Jupiter in Ninth House

Chapter Highlights

A good clear sense of the original allows you to make rapid progress with new ideas without pushing others into them faster than they can cope with the situation. Crisp forethought that is not intrusive lets you slide into first place without struggle

Jupiter Trine Uranus Orb: 01°59'

A native understanding of how to structure your major life direction and those of others gives you a directorial slot in a relationship but won't necessarily make you boss, but rather the navigator instead. You know what lies ahead and can shape it.

Mercury Sextile Jupiter Orb: 02°39'

Chapter VII. Seriousness - Concentration - Limitations

Key Quality

You have a very good idea of just what goes into making a relationship and are likely willing to enforce it. Stand back a little before you do, your partner might have other ideas, which you could blend easily with your own. Receptivity is the key.

Saturn in Libra

Key Activity

A certain innate care of your background and where others may most easily unsettle you can make you somewhat intransigent about letting them into your more special personal space, your home, your heart. Be wisely careful but judge not too harshly.

Saturn in Fourth House

Chapter Highlights

Serious confidence problems prevent you from picking up on others' signals: you think your reactions won't be good enough. That is true, to the extent that you don't make any or highly censor them. Say what you feel, just nicely & from the heart.

Moon Semisquare Saturn Orb: 00°30'

Inner restrictions and controls can make it hard to accept and live with the impositions of others without returning the favor in kind manyfold. Power plays are easy to get into, hard to get out of, so do your best to avoid needless ensnarements.

Saturn Semisquare Pluto Orb: 02°08'

Pursuit of the new or unusual can tend to destabilize or push you too far off the beaten path for another to follow. At other times, however, inhibition may prevent sufficient exploration, so a middle path will have to be hewed out with extra care.

Saturn Square Uranus Orb: 04°55'

Try to break through limited thought patterns, open up your mind to new possibilities within a relationship. It is too easy to get in a rut, pass up opportunities for experiment, emotional growth. When in doubt, follow a partner's lead with a smile.

Mercury Square Saturn Orb: 05°35'

Chapter VIII. Originality - Spontaneity - Independence

Key Quality

You have a tendency to hide your deepest opinions of others until you have become very close to them. This hesitance of self disclosure may prevent you from getting close to begin with, so you can probably be more free with your insights about others.

Uranus in Cancer

Key Activity

Your contact with religious and mystic worlds is intense, personal, providing you with ongoing inner drive and inspiration. Danger may come from enemies of the same ilk who strike from secrecy against your beliefs. Stand your ground, rely on above.

Uranus in Twelfth House

Chapter Highlights

Flashes of insight show you directions of promise but don't always tell you the whole story, so be ready to get a partner to fill in where you leave off, warn you of dangers you might have overlooked in previously uncharted, experimental territory.

Mercury Opposite Uranus Orb: 00°40'

A good clear sense of the original allows you to make rapid progress with new ideas without pushing others into them faster than they can cope with the situation. Crisp forethought that is not intrusive lets you slide into first place without struggle

Jupiter Trine Uranus Orb: 01°59'

A certain fear of finding out too much for your own good may make you pull back from breakthroughs in a relationship just as they are about to happen, and you are probably best off if you just close your eyes and plunge ahead, let the chips fall...

Uranus Semisquare Pluto Orb: 02°47'

Pursuit of the new or unusual can tend to destabilize or push you too far off the beaten path for another to follow. At other times, however, inhibition may prevent sufficient exploration, so a middle path will have to be hewed out with extra care.

Saturn Square Uranus Orb: 04°55'

Some may look at you as periodically crazy, which could be a compliment if you keep it under control. Strokes of inspiration tend to lead you right off the edge, with sensibility bringing you back in time, with new lands & adventure yours.

Sun Opposite Uranus Orb: 05°29'

Chapter IX. Imagination - Ideals - Spirituality

Key Quality

If there is anything you most desire in a relationship, it is fairness and justice and equality. Unfortunately, it is hard to get them to come together at the same time: fairness to one is tyranny to another. The art of loving compromise is the way.

Neptune in Libra

Key Activity

Much of what most deeply moves you comes from home and childhood and as a result you lavish your beliefs and affections on your own home and dear ones. See these for what they are in reality as well, lest home and dear ones become tomb and jailors.

Neptune in Fourth House

Chapter Highlights

Inner beliefs and convictions will go hand in hand with fantasies, allowing clear and forceful expression of inner needs even when it does not seem likely or even possible. Faith and trust will not break, but overrun all barriers that arise.

Neptune Sextile Pluto Orb: 00°01'

A natural ability to act out fantasies stems from innately knowing what is feasible and what is not. Thus you can lead another down dream paths that bear fruit and wind back home, rather than into disappointing cul-de-sacs. A doer of diaphanous deeds.

Mars Trine Neptune Orb: 04°08'

You may find that your physical motions and body language can sometimes obscure the message you are trying to get across, so when you want to make your intentions really clear, set them down concretely and don't depend on gestures that may mislead.

Neptune Square Ascendant Orb: 04°17'

It may often be difficult to tell what it is you really want in an experience and thus be disappointed when you don't get it. It will be important to define your needs ahead of time, so you don't get embroiled in pointless efforts that tire the heart.

Venus Square Neptune Orb: 05°34'

It is sometimes very hard to be forceful or to express yourself in a relationship because you can't get hold of the situation, or believe you can't. Inaction only exacerbates it, however, so when in doubt, make a move and see how things fall out.

Sun Square Neptune Orb: 06°44'

Chapter X. Compulsiveness - Fate - Mission

Key Quality

You are of a generation that believed it could change the world through belief, determination and sheer right. Although the mark was made, you thought you were in charge -- and that was your loss, for no one ever is. We have but to influence for better.

Pluto in Leo

Key Activity

Much of your perceived (and real) effect and power over life is through the medium of money and goods, and you may feel quite helpless without them. Money can win you friend or enemy, but it is just a tool; it is the friend or enemy who stays for life.

Pluto in Second House

Chapter Highlights

Inner beliefs and convictions will go hand in hand with fantasies, allowing clear and forceful expression of inner needs even when it does not seem likely or even possible. Faith and trust will not break, but overrun all barriers that arise.

Neptune Sextile Pluto Orb: 00°01'

An over-strong need to be in control of things at all times stems from a very strong childhood fear of helplessness and death which needs to be addressed thoroughly and resolved so that you can open your heart to true intimacy and its risks.

Moon Square Pluto Orb: 01°38'

Inner restrictions and controls can make it hard to accept and live with the impositions of others without returning the favor in kind manyfold. Power plays are easy to get into, hard to get out of, so do your best to avoid needless ensnarements.

Saturn Semisquare Pluto Orb: 02°08'

A certain fear of finding out too much for your own good may make you pull back from breakthroughs in a relationship just as they are about to happen, and you are probably best off if you just close your eyes and plunge ahead, let the chips fall...

Uranus Semisquare Pluto Orb: 02°47'

Your tendency to push against an obstacle until you knock it down, then go on to the next and repeat, may be using up more valuable energy than simple circumvention. Consider the possibility before you strain yourself in a contest of wills.

Mars Opposite Pluto Orb: 04°07'
