General Guidelines

Some of the interpretations given in the 'chapter highlights' section may appear in two chapters because these particular interpretations are appropriate for both chapters. It does not denote greater strength of this interpretation. If you find the same theme showing up repeatedly in the interpretations, then this factor is particularly strong. Interpretations given in the 'Chapter Highlights' section of each chapter are ordered with the strongest influences first. If two interpretations sound contradictory, then this simply means that you express opposite qualities at different times and in different situations.

Remember also that astrology is not fatalistic; astrology is a key to understanding the cosmic energies that influence your decisions, and it provides a map of the best path to follow.

Chapter I. Your General Nature

Approach, Attitude

You have an easy ability to insert yourself into a relationship and get things moving, but you may move too quickly and change too fast for a partner to keep up. Let your partner have plenty of space and don't insist on having the last word every time.

Ascendant in Libra

Key Quality

You are very generous and giving, but tend to tie that onto your own self-image of being correct. The courage to admit you are wrong will do as much to earn you the respect of a close partner as your warmth, loyalty, and leadership ability.

Sun in Leo

Key Activity

You will find that you have a rather high profile in life, no matter what you do, so be prepared to live at least a good part of your personal life within the view of others. Try not to let this obscure a partner's visibility unless you both wish it.

Sun in Tenth House

Chapter Highlights

Your strength and determination may seem like overkill to some, so you might be wise to bank your fires for a longer, less strenuous relationship. Such high intensity is a thrill for some but tends to burn out prematurely, with little left to say.

Sun Conjunct Mars Orb: 01°31'

Strong often compulsive determination characterizes your personality and the issue of who is in control in a relationship will always be a hot one. It is an issue you should actively study, as just playing it by feel can wind up in personal harm

Sun Conjunct Pluto Orb: 06°00'

Chapter II. Inner Responsiveness

Key Quality

Your response tends to be highly critical and appraising, so you should take extra effort to avoid unduly or negatively criticizing others, even if they deserve it. Try it their way, or lead them gently to yours, and mutual improvement will result.

Moon in Virgo

Key Activity

You have a flair for making friends in the right places, as your response to situations always shows class (in the truest sense of the word). Don't let this get you in over your head in situations where you would rather back off & quietly be yourself.

Moon in Eleventh House

Chapter Highlights

Your most natural responses to situations will tend to increase the quality of your reputation, which means you can usually bank on your intuition, or at least expect others to. Rely on your instincts where career is concerned and you won't go wrong.

Moon Sextile Midheaven Orb: 05°07'

A talent for summing up the truth of the matter without alienating allows you to delve far into relationships at just the right pace that enlightens but doesn't frighten a partner. A strong sense of exploration keeps you on the right scent all the way.

Moon Trine Uranus Orb: 06°45'

You possess an immediate ability to charm others with your first reactions, to the point where they are likely to give you what you want with you hardly asking. That will continue, as long as you don't get in the habit of asking: let the other go first.

Moon Conjunct Venus Orb: 06°53'

You have the ability to respond with a quick, clear phrase that perfectly encapsulates your feelings, sometimes to the surprise of others who may expect you to elaborate upon it. Generally, what's said the first time will be what you mean: hang in.

Moon Conjunct Mercury Orb: 07°48'

Non-specific reactions that leave much to the imagination give much latitude to a partner but may also confuse, lead to misunderstanding. Not everyone possesses your degree of intuition you may have to put your feeling more precisely to get across.

Moon Conjunct Neptune Orb: 08°30'

Chapter III. Mentality

Key Quality

You may have some pretty specific ideas about just what ought to go down in a relationship, and be disappointed or angered if you don't find them as you expect. Be up front with your partner from the beginning about this, so turn-offs can be avoided.

Mercury in Virgo

Key Activity

You have a very good intellectual grasp on what the right stuff is, but you may have some difficulty doing it yourself. As an advisor to a courageous partner, you could make history, as long as you have some who will listen to you and follow your advice

Mercury in Eleventh House

Chapter Highlights

It may be hard to structure and implement your host of good intentions so don't be afraid to ask for help to get it all nailed down at once. Someone who can fill in the gaps you leave will allow you to move at your most comfortable pace.

Mercury Opposite Jupiter Orb: 02°57'

You have the ability to respond with a quick, clear phrase that perfectly encapsulates your feelings, sometimes to the surprise of others who may expect you to elaborate upon it. Generally, what's said the first time will be what you mean: hang in.

Moon Conjunct Mercury Orb: 07°48'

Chapter IV. Inner Needs - Desires - Sexuality

Key Quality

Your very specific tastes can be your undoing unless you make them clear ahead of time to your partner. When you get just what you want, you're simply blown away, but if you don't ask for it first, you'll never get it unless your partner is a clone.

Venus in Virgo

Key Activity

You are most satisfied when you have 'done it right' with maximum class and achievement. Thus you will want a partner who is on the rise and has 'the right stuff'. Just remember to apply that internally, not just outwardly, at the bottom line.

Venus in Eleventh House

Chapter Highlights

A taste for a variety of pleasures will keep your senses heightened and a partner who will help you exploit the endless possibilities you desire should be highly prized. Experimenting in moderation allows maximum enjoyment from each new encounter.

Venus Trine Uranus Orb: 00°07'

The disillusionment of high youthful idealism may leave you a cynic on the surface, but the high romantic heart still beats underneath. Wanting and expecting too much out of love is a hazard which goes with the territory but heightens the senses.

Venus Conjunct Neptune Orb: 01°37'

You have an excellent sense of how to use what others say or believe about you to your own benefit. Even when you do not get what you intend from it, things will tend to work out well, anyway. You have, in essence, a built-in fan club out there.

Venus Sextile Midheaven Orb: 01°45'

You possess an immediate ability to charm others with your first reactions, to the point where they are likely to give you what you want with you hardly asking. That will continue, as long as you don't get in the habit of asking: let the other go first.

Moon Conjunct Venus Orb: 06°53'

Chapter V Energy - Drive - Activity

Key Quality

You're at your best when you can show off and make a splash in front of a loved one. Love is a rodeo with lots of thrills and spills and fun you can provide, but without real hurt or danger in the offing. Keep center stage, keep 'em laughing to the end

Mars in Leo

Key Activity

Your efforts are likely to bring attention to yourself at large, whether intended to or not and you may thus attract partners who desire your notoriety as much as your inner qualities. Love and professional life may best not be mixed or at least with care.

Mars in Tenth House

Chapter Highlights

Your strength and determination may seem like overkill to some, so you might be wise to bank your fires for a longer, less strenuous relationship. Such high intensity is a thrill for some but tends to burn out prematurely, with little left to say.

Sun Conjunct Mars Orb: 01°31'

Forceful action may come naturally, but too much pressure or shock can break the very situation you are trying to achieve. Personal relations require a more delicate, maneuverable touch, so lay back and regroup before you try to force the way.

Mars Conjunct Pluto Orb: 04°29'

Chapter VI. Expansiveness - Growth - Success

Key Quality

Your best form of social development with all will be on the intuitive and spiritual side, rather than the physical. The physical has its place, very much so, but what you will consider real achievement will be in non-physical levels of relating.

Jupiter in Pisces

Key Activity

You are at your most creative when at play, love, and general amusement, which makes you pleasant company, though some may criticize you for not taking things seriously enough. Actually, what you take seriously is joy, and don't hesitate to say it.

Jupiter in Fifth House

Chapter Highlights

It may be hard to structure and implement your host of good intentions so don't be afraid to ask for help to get it all nailed down at once. Someone who can fill in the gaps you leave will allow you to move at your most comfortable pace.

Mercury Opposite Jupiter Orb: 02°57'

Chapter VII. Seriousness - Concentration - Limitations

Key Quality

You may find that you are initially harsh with a partner, seeing faults clearly that others might miss or overlook. This is a useful self-protective talent, but can put off a prospective partner as well. Note the faults, but don't advertise them.

Saturn in Aries

Key Activity

You will doubtless be attracted to older partners throughout your life. Not necessarily in age, but in experience, style, or demeanor. You will be the younger, more spontaneous part of a couple, taking advantage of the difference to benefit both.

Saturn in Seventh House

Chapter Highlights

You are more critical than the image that most others have of you, and constantly strive to improve it, sometimes more than necessary. Self-doubt in this area will tend to be counter-productive, so just do your best and let others be the judge.

Saturn Square Midheaven Orb: 02°08'

You likely find a special attraction in older partners (or those who act or appear to be so), who will allow you to express your particularly youthful side and provide a home base to come back to emotionally. Just don't give away too much of your freedom.

Saturn Opposite Ascendant Orb: 04°45'

Chapter VIII. Originality - Spontaneity - Independence

Key Quality

You tend to develop your insight into yourself and others on a gradual basis which allows you both to share mutual opinions without one opinion being forced on another. Once you have made an important observation, however, you will stick to it.

Uranus in Taurus

Key Activity

Your most important, innermost revelations come from deep within you where you have the hardest time putting a finger on them. It is like voices speaking from long ago (and it is), and you will do well to find others with similar calls, seekers of new/old.

Uranus in Eighth House

Chapter Highlights

A taste for a variety of pleasures will keep your senses heightened and a partner who will help you exploit the endless possibilities you desire should be highly prized. Experimenting in moderation allows maximum enjoyment from each new encounter.

Venus Trine Uranus Orb: 00°07'

Unexpected happenings or sudden changes in fortune tend to make others speak well of you, although why may be a mystery. When things fall, they seem to fall your way, at least when others hear about it, though reality inside may seem to contradict.

Uranus Sextile Midheaven Orb: 01°38'

The road to self-discovery is mapped by fantasy, then delineated by reality in a pace that you may take for granted as you pick your way along while others are lost in the wilderness. Lend your sense of the possible to those not so much in touch.

Uranus Trine Neptune Orb: 01°44'

A talent for summing up the truth of the matter without alienating allows you to delve far into relationships at just the right pace that enlightens but doesn't frighten a partner. A strong sense of exploration keeps you on the right scent all the way.

Moon Trine Uranus Orb: 06°45'

Chapter IX. Imagination - Ideals - Spirituality

Key Quality

It is not likely that you will ever have everything your heart desires in detail, simply because you can weave an impossibly detailed fantasy of it. Best to pick the most achievable set of details and let the rest of the dream fall where it may.

Neptune in Virgo

Key Activity

You are a deeply religious and sensitive person, with strong psychic ability. You live by what you sense to be God's will, and you have little interest in intellectualism, competition, popularity, etc. You may be over-sensitive psychically.

Neptune in Twelfth House

Chapter Highlights

The disillusionment of high youthful idealism may leave you a cynic on the surface, but the high romantic heart still beats underneath. Wanting and expecting too much out of love is a hazard which goes with the territory but heightens the senses.

Venus Conjunct Neptune Orb: 01°37'

The road to self-discovery is mapped by fantasy, then delineated by reality in a pace that you may take for granted as you pick your way along while others are lost in the wilderness. Lend your sense of the possible to those not so much in touch.

Uranus Trine Neptune Orb: 01°44'

You are self-sacrificing and devoted to your career. Your humility and selflessness often go unnoticed by others. You are well suited to the helping professions. You also have good intuitive and psychic abilities.

Neptune Sextile Midheaven Orb: 03°22'

Non-specific reactions that leave much to the imagination give much latitude to a partner but may also confuse, lead to misunderstanding. Not everyone possesses your degree of intuition you may have to put your feeling more precisely to get across.

Moon Conjunct Neptune Orb: 08°30'

Chapter X. Compulsiveness - Fate - Mission

Key Quality

As a part of a twenty-five year generation beginning early in the century you may find personal closeness to be your weakest and strongest points. A great need for nurturing and a fear of the loss of it require honest attention in any relationship.

Pluto in Cancer

Key Activity

You are likely to be thought of as gaining what reputation you have by over-assertive means, true or not. As others will try to counter accordingly, a little study of Machiavelli in sheer self defense wouldn't hurt, and besides, you might get to like it.

Pluto in Tenth House

Chapter Highlights

Forceful action may come naturally, but too much pressure or shock can break the very situation you are trying to achieve. Personal relations require a more delicate, maneuverable touch, so lay back and regroup before you try to force the way.

Mars Conjunct Pluto Orb: 04°29'
