Individual Relating Traits

This section looks at each person's individual relationship concerns in their own personal birth chart. Every individual brings certain needs and expectations into a union, which affect his or her ability to feel loved and supported. This in turn affects the nature and course of the relationship.

Traits of Angelina

Venus is in the 12th House

When the planet Venus is placed in the twelfth house of your birth chart you're likely to enjoy your own company, perhaps even craving the peace and quiet offered by seclusion rather than the hustle and bustle of a hectic social life. Your friends and your life partner need to respect your need to be alone at times. On occasion you don't mind spending your time with one or two friends, particularly women friends, but "the more the merrier" is definitely not your motto. You're more likely to be an introvert than an extrovert, reveling in a fantasy world or in your secret pastimes. You love mystery and romance, and have more than your share of secrets, perhaps even investigating secret arts. The worlds of magic, alchemy and astrology hold a certain appeal, as do many of the occult arts. Your success in the world may be as a result of your investigation into the secret arts. Success may also come as a result of your work behind the scenes in your profession, or in an institution or charitable organisation. You have a tendency to delight in secrets. You need to be wary of secret enemies, in particular women.

Venus is in Cancer

With Venus in the sign of Cancer your relationship with your family plays a key role in your life, as you like to feel that you belong to a tribe. Whether the relationships run a smooth or rocky course, you're bonded with your family. Your mother in particular may be a key figure. You also like to form close friendships. Social occasions may revolved around family events, and over the years your friends become part of the family, mingling easily with family members at social occasions. You seek a partner who can also become part of your family and help you keep the home fires burning. You enjoy sharing the comforts of your home with your loved one, including forming a family of your own, as you enjoy children. Domesticity is an important avenue of sharing with your partner. You enjoy cooking for your loved ones, and providing for their needs. You may also enjoy tracing the family tree.

Venus is Square Uranus

The planets Venus and Uranus are combining unfavourably in your chart indicating that you're restless and often lack commitment in your personal relationships. This can lead to disappointments and complications in love and marriage, particularly in your early adult life. It's also possible that your roving eye can lead to scandal. You're willful and often perceive your primary partnership as demanding too much time and effort, an obstacle to your freedom of self-expression. You seek spontaneity and intellectual stimulation from your primary relationship. Unless other influences contradict this aspect of your birth chart, commitment is not a major part

of your vocabulary, and can be something that you tend to avoid, preferring to be "footloose and fancy free". This isn't to say that you don't have many offers. Quite the contrary. Your bright and magnetic personality attracts potential life partners like moths to a flame, but you prefer to keep your options open rather than be pinned down. Depending on other aspects in your chart you may be satisfied with a gypsy-like approach to relationships. You may also like intrigue and secrecy in your relationships, perhaps even taking part in a secret organisation. However, if other influences are calling for commitment and permanency in a primary partnership, then you need to choose a partner who is able to give you plenty of freedom. You're more suited to an unconventional relationship. You also need to learn to compromise, restrain some of your wilder urges, and enjoy your partner's unique contribution to your life. It's possible that the restless side of your nature is more prominent in relationships, which have formed through friendship or through fleeting attraction rather than through true love. With the right person, you're able to develop your talents and strengths in a positive and supportive relationship.

Traits of Billy Bob

Venus is in the 9th House

When the planet Venus is placed in the ninth house of your birth chart relationships are a source of spiritual and philosophical inspiration. It's important that your primary relationship be with a person who can meet you on the same intellectual level, or be a willing student of yours. Intellectual matters are not a strain, but are a source of great pleasure. Whereas some people are focused on their daily lives, you prefer to be thinking about matters further afield. Therefore you enjoy activities that stretch your mind and help you escape from the mundane world. You enjoy traveling to other countries, meeting people and experiencing different cultures. Religions also hold an intellectual interest. Your travels abroad are likely to be successful. You're also hospitable and enjoy meeting people from other countries, who are more than happy to return your hospitality at a later date. You seem to spend so much time traveling to and from other countries that your friends are hardly surprised to hear that you're likely to marry a foreigner. In some cases you marry a person with spiritual, scientific, literary or artistic inclinations. These inclinations reflect your own interests. Academic study and lectures also hold a great appeal, again because they are intellectually satisfying. If you enjoy reading, then you're more likely to read a literary work or serious study, rather than a light novel. Depending on other influences in your chart, you're likely to form a good primary relationship and enjoy good fortune in life.

Venus is in Leo

With Venus in the sign of Leo you're affectionate and passionate in your primary relationship, enjoying a sense of play and romance. You're likely to ardently pursue your partner basking in the delights and pleasures of love, particularly in the first romantic stage. Your partner is likely to benefit from your generous and thoughtful nature, enjoying being the recipient of your spontaneous gestures. However, you do like your loved one to show an appropriate amount of appreciation, and your enthusiasm for the relationship is also likely to wane if your loved one doesn't return your affections in full, also showering you with gifts and attention. With the right

person you'll take great pride in the relationship, eager to share your happiness with your friends. You enjoy attending social outings where you can take real pleasure in the company of other people. Anything that provides entertainment and fun will suffice, although you may prefer attending arts activities, such as dance, theatre and art galleries. Depending on other aspects in your birth chart, you may be extraverted or introverted in your relationships. Either way it's difficult for others to resist your joyful approach to relationships, and as a result you're likely to benefit through your relationships with other people, in particular through people holding high places in society.

Venus is Conjunct Jupiter

"Lucky in love and money". This could be your personal motto because the favourable planets Jupiter and Venus are combining to shine good fortune on your relationships and finances. You're fun loving, generous and popular. With your sympathetic and kind nature, you've a talent for putting other people at their ease. You're optimistic and talented, full of joie de vivre. Therefore you're likely to be surrounded by supportive friends, and many potential life partners. You're seeking a relationship with someone who will expand your horizons, perhaps even joining your travels around the world. You love to share adventures, philosophies and goals. Other influences in your chart may indicate that you prefer to keep the home fires burning, but it's more likely that you seek adventure and romance with your partner.

Venus is Conjunct Uranus

The planets Venus and Uranus are connected in your birth chart indicating that you value freedom and individuality in your most intimate relationships. In fact you're determined that your primary partner recognize your individual rights. You won't allow anyone to curb your sense of freedom. You're attracted to an unusual, active or lively partner, rather than someone staid. For this reason your primary partner is likely to be inventive, extraordinary or involved in an unusual occupation. This isn't everyone's idea of an ideal partner, but it suits you. You seek spontaneity and intellectual stimulation from your primary relationship. Depending on other influences in your chart, commitment isn't a major part of your vocabulary, and can be something that you tend to avoid, preferring to be "footloose and fancy free". It's likely that you're afraid of losing your independence, or perhaps you simply don't like the confines of a conventional relationship. Fortunately you're likely to have many friends and potential partners. Your bright and magnetic personality attracts potential life partners like moths to a flame. You enjoy socialising and have a wide circle of friends, and believe that it's important that a life partner share your friendships. Your best friend should be your partner, as far as you're concerned.
