Horoscope of Birth

Your horoscope of birth is the blueprint of your personality and character as indicated by the position of the Sun, the Moon and the eight planets on the date of your birth. This section is devoted to each of these members of the solar system.

The planets are the antennae and arms of the horoscope, of which the body and soul are the Sun and Moon. No planet will ever cause you to act counter to the testimony of the Sun and Moon in their combined influence on you. Remember this when you proceed with the following readings. All planetary vibration must be considered in light of the basic solar-lunar readings, for these are your character, your basic nature, which the planets will help or hinder but cannot materially change.

According to the sign position of your Sun, one planet will be more important than the others and should probably be read first. Your Sun is in Leo and your dominant planet is the Sun (also Mars and Jupiter). Not only the action of this ruling planet will be very important in your life, but also the attribute over which it rules. Thus Gemini, ruled by Mercury, lives a great deal in the senses; Libra, ruled by Venus, responds most readily to emotional stimuli; and so on. Study your ruler carefully.

Remember in all planetary readings that they work within the pattern of your solar-lunar nature; never against it. The synthesis of your horoscope from the following series of paragraphs to a working unit depends on your keeping this in mind, which will enable you to weld all the readings into a unified and significant whole.

Sun in Leo and Moon in Aries

(You belong to the positive or executive group.)

This is a position of exceptional courage. Your life develops rapidly, for there is nothing in the world you are afraid of, and your intense emotional and physical drive carries you into new adventure, new love, new experience very early in life. In a man's horoscope this is the sign of a strong leader, both in thought and action, capable of holding down high executive positions and by courage and integrity usually "getting there." In a woman's horoscope the intensity, drive, and lack of fear is more likely to be translated into an active love-life, scornful of the conventions, or in some way willing to give all for love. In both sexes, as a matter of fact, the personal note is too strong at the beginning; personal loyalties, personal loves, strictly personal and self centered aims injure, at the outset, the scope of this configuration. You have to learn detachment, objectivity and intellectual approach, for when you have done this your worth stands a much better chance of being recognized in the world of affairs.

You are capable of becoming a leader, but on the way, you'll indulge in a good deal of hero-worship, translating your ardent love-nature into an idealistic concept of right-living as you see it in one person whom you strive to emulate. You can love a person and disagree with him violently, without letting the two sides of your nature interfere with each other. You are strong for duty, justice, truth and can give your life to these ideals; you are a fighter, and will never be found on the mean, petty, or sophistic side of a debate. Your magnetism is the product of your energies, and makes you felt in whatever circle you move. You are a devoted sweetheart, a loyal friend, a sympathetic and intelligent boss, a stern but just executive.

With Sun conjunct Mars authority and scope are increased; you are lucky through your own efforts, and no one grudges you your success.

Sun

The Sun indicates the appearance you will present before the world and the psychological bias which will dominate your actions. What you seem, and why, are told in the reading for your Sun. In many ways the Sun is the dominant force in your horoscope and in your life. Other influences, especially that of the Moon, may modify the Sun's influence, but nothing will cause you to depart very far from the basic solar pattern. For this reason a whole literature and a whole business have grown up around Sun-sign astrology; and many people exist who think there is nothing more to the horoscope than knowing what "sign you were born in" and what the Sun in that sign means. This is a mistake, as you will discover when you have read the influence of the other bodies. But throughout your reading, keep in mind always the basic influence of the Sun, and remember that all other influences must be interpreted in terms of it, especially in so far as other influences play a visible role in your life. You may think, dream, imagine, hope to be a thousand things, according to your Moon and your other planets, but the Sun is what you are, and to be your best self in terms of your Sun is to cause your energies to work along the path in which they will have maximum help from planetary vibrations.

Sun in Leo

"We are Earth's best, that learnt her lesson here.

Life is our cry. We have kept the faith!' we said;

'We shall go down with unreluctant tread,

Rose-crowned into the darkness!' . . . Proud we were,

And laughed, that had such brave true things to say.

- And then you suddenly cried, and turned away."

Rupert Brooke, born in Leo, August 3, 1887.

The mainspring of Leo's great energy, vitality and charm is his instinctive desire for both public acclaim and self-approval. Of all the signs, Leo is perhaps the most aware of himself; in a sense he is always before the looking glass, seeing what effect he is making. In shallow types this makes for mere vanity, pompousness, pride. Add profundity, and all this is changed. Your best Leo type is earnest, sincere, eager to please himself and the world around him and willing, in order to do so, to take on infinite work and go to infinite trouble. He is not genuinely introspective; he has little capacity to discover his inner faults; but he is very sensitive to the effect he makes on others, and studies therefore what to do to make a better effect. There is a difference here from self-analysis to improve character from the inside, but the difference is in method rather than in result.

For Leo, in the process of appearing something desirable, actually becomes something desirable. He knows instinctively the wisdom of the advice Hamlet gave his mother: "Assume a virtue if you have it not". By assuming the appearance of a virtue for the sake of winning approval, he actually acquires the virtue itself, for he is the soul of truth and cannot behave as he doesn't feel. He thus removes the curse from his play acting, for his sense of the dramatic is strong, and the roles he assumes are noble. This would be unbearable if in the process Leo did not actually become noble - but he does; some of the greatest spirits who have ever walked the earth are these very Leos who chose for themselves a high role in which to merit the world's approval, lived up to the role, and actually became what they wanted to be admired for. "Such a price do the gods exact for a song, to become what we sing." Whether he is found in business, on the stage (and he often is), or in a love affair (where also he often is), Leo is acutely aware of himself, always standing off and appraising the effect he is making. He will usually be found, if not conventional, at least discreet. Self-approval replaces conscience; he'll do anything if he thinks it is right, and will brave public opinion if his self-approval is sufficiently important to outweigh the loss of public approval. However he behaves, you can rest assured that he is always acutely aware of what people are thinking of him and that he is striving to make them think as well as possible.

Following are the aspects to your Sun. In a general way, the trines and sextiles to your Sun make ease, contentment, happiness, luck; while squares and oppositions give you energy, drive, success, ambition. Conjunctions bring both energy and luck, and are translatable in terms of whether the Sun receives squares or trines, along with the conjunction. Similarly, squares and trines to the Sun together bring success through work and perseverance, and luck develops in proportion to the work done and the effort extended.

Sun Conjunct Mars Orb: 02°47'

Little boys and girls with this aspect are generally known as "fresh kids" and more likely than not they never get over it. You are marked by a certain audacity - you speak out your mind at the drop of a hat - and not very tactfully either. You don't know the meaning of the word fear, either in a physical or a mental sense. You will attack a roaring lion bare-handed, or endeavor to debate a legal point with a Supreme Court justice - all with the same aggressive assurance in your own ability. This is admirable, but it isn't always good sense. You come in for a good many

trimmings both verbal and otherwise, through an unwise selection of opponents, and throughout life you have to be careful of trying to push over stone walls with your head. You're the kid who wouldn't holler Uncle no matter how your arm was being twisted. With Moon in Aries and Sun square Jupiter these traits are emphasized dangerously so that quarrels and enmities beset you. With Mercury square Saturn the dangers of your aggressiveness are much moderated, and self-confidence and courage bring success through your own efforts. Quarrels are destructive; boldness elates you and then casts you down materially as well as spiritually and mentally. In any case, you will have to curb aggressiveness which can range from mere cockiness to downright ego mania. You have abundant energies both mental and physical. It is too bad if your abilities are lost through antagonism, or your powers dissipated in temper. Self-control should be your constant aim in both personal and business matters and you should remember when you are tempted to do or say something bold that "fools rush in where angels fear to tread." Your vigorous personality and quick mind will carry you far when you have learned to overcome the quirks of your own nature. In a woman's horoscope this generally brings trouble through men. If you marry a girl with this aspect prepare to let her rule the roost.

Sun Square Jupiter Orb: 03°50'

You are full of vitality, good spirits, and fun. You are likely to waste - your energies and your money in having a good time, for this is a happy-go-lucky position and adds a lift and verve even to a pretty sober nature. It generally accompanies comfortable worldly status and keeps bringing in the shekels, even if you manage to get rid of them pretty quickly. You have a great deal of pride. Social prestige is important to you and you feed your vanity on it. You are still genial and humane and will gladly help people in distress, for a goodly amount of charity accompanies this aspect. You love food and drink and tend to overindulge. You are lavish with your expenditures not only of money, but of affection, passion, friendship; an all-pervasive expansiveness runs through your life. This is a sort of Falstaffian position. You're markedly convivial, the best of companions, but through flaunting the precepts of moderation, you can cause yourself a good deal of unhappiness, ruin your digestion, and get fat. Excesses are very dangerous and in addition to crippling your fortunes, will have an effect on your health through blood disorders, gout, diabetes, or one of the ailments that goes with excess.

Sun Sextile Uranus Orb: 04°06'

One of the indexes of long life, a strong physical heredity, and vitality. In addition to these physical qualities, you have a progressive mental outlook, strongly tinged with originality, and any plans that you organize will be pushed through with a certain dash and comprehension of total results that knits the parts together strongly. Organization, either of undertakings or of knowledge, is your strong point. You see things in the large rather than the particular. Your originality is not tinged with the bizarre, but has a wholesome practical quality about it. You are a very expansive person, looking at things in the large. You'll indulge in large independent ventures which will succeed or fail according to the other indications of the horoscope. You always build on the grand scale, and in the grand manner, for a certain magnanimity of approach and magnificence of outlook characterizes you.

Sun Trine Neptune Orb: 03°08'

Your emotional and intellectual sides are nicely blended and give you a good deal of quiet charm and magnetism. Your intuitions are strong, and your critical faculties are aided by innate good taste. You are likely to have the wish to create artistically, but this aspect alone will not bring the power, though if other aspects to the Sun, Moon, Venus, and Mercury show creative powers, this will materially aid their expression and help to bring recognition. You have in any case a genuine appreciation for beauty, poetry, and music and will be found among the patrons of art galleries, operas, concerts, and the theater. This aspect also supports the health and aids the general material welfare.

Sun Sextile Pluto Orb: 06°01'

Your desire to live life to the fullest helps you to learn easily and to make any changes necessary to achieve your ends, which are likely to bring advancement both to you and those around you. Your magnetism helps to attract the people and circumstances that you need to succeed, building your self-confidence and ensuring that you will make a personal mark on everything you touch or do. Your desire is to make an impression through your profession, which should benefit from your strong leadership abilities. You can become a bridge-builder, unifying others in an effort to make substantial changes in their environment.

Moon

While the Sun's position by sign determines what motives and urges dominate your life as it meets the naked eye, the sign position of the Moon tells the desire of your heart which may or may not be expressed or realized in your life. When you "know what you mean but you can't say it," it is your Moon that knows it and your Sun that can't say it. "Thoughts that do often lie too deep for tears" are the thoughts of your Moon's nature. The wordless ecstasy, the mute sorrow, the secret dream, the esoteric picture of yourself that you can't get across to the world, or which the world doesn't comprehend or value - these are the products of the Moon in your horoscope. When you are misunderstood, it is your Moon nature, expressed imperfectly through the Sun sign, that you feel is betrayed. When you know what you ought to do, but can't find the right way to do it, it is your Moon that knows and your Sun that refuses to react in harmony. Also, when you "don't know why I said that," it was your Moon expressing despite your Sun (if you are innerly satisfied with the involuntary speech), or the Sun expressing against the will of the Moon (if you are displeased with what has slipped out). Things you know without thought - intuitions, hunches, instincts - are the products of the Moon. Modes of expression that you feel are truly your deepest self belong to the Moon: art, letters, creative work of any kind; sometimes love; sometimes business. Whatever you feel is most deeply yourself, whether or not you are able to do anything about it in the outer world, is the product of your Moon and of the sign your Moon occupies at birth.

Moon in Aries

You are best satisfied by a picture of yourself as an independent thinker, a mental force, a person of intellectual or physical daring and courage. The truth is important to you - the truth,

that is, as you see it individualistically, which may or may not bear a relation to proven facts. Your message to yourself is: Be strong, be forceful, be independent, be brave; and so powerful is this lunar position that you are likely to become these things in some degree even if your Sun sign tries to make you a Caspar Milquetoast. The meek and mild gentleman with the bar of steel inside him very likely has Moon in Aries; likewise the sweet lady who looks as if butter wouldn't melt in her mouth and nevertheless rules her husband ruthlessly. This is one of the positions in which the Moon can be strong enough to take the dominance of the nature away from the Sun and cause you actually to become in the outer world what you imagine yourself to be. You may do this slowly, with quiet firmness, or swiftly, with bluster and braggadocio. You think well of yourself, and any trend to inferiority feeling indicated elsewhere in the horoscope is more than likely to meet its match here. This is a weak position only if the Sun is in Libra, in which case the dictates of the Sun must be followed and the lunar instincts ignored. In any case, the studious development of mental powers, through formal education and a willingness to use your mind power to rule yourself rather than to rule others, is essential to your success and happiness.

Following are the aspects to your Moon. Look to the trines and sextiles to give you charm and clear-thinking; and to the squares and oppositions to provide you with concentration and driving force.

Moon Trine Mercury Orb: 01°55'

This is a good aspect for sound common sense, strengthening the sanity of the mind and giving you the power to absorb knowledge readily and quickly. You are inquisitive, eager, intelligent, an apt student, and a good conversationalist, witty and apt in expression, logical and reasonable. You have some adaptability for business, especially salesmanship. You can succeed in one of the "vocal" occupations, such as speaking or radio announcing. You have manual aptitude and can do things with your hands, although you'd rather use your mind. Through cleverness you can generally succeed in life without too much hard work for you're a good talker and can sell yourself as well as your product, which eases the road for you.

Moon Opposite Jupiter Orb: 06°13'

You are optimistic with respect to financial matters. You have a feeling that the purse will always be full, and the extravagance resulting therefrom may become dangerous to your security. This is especially so. If other aspects show material success and well-being, you have a cavalier attitude toward expenses and love to spend. This is a Falstaffian position - there's a hankering for rich and fancy food, a tendency to eat too much of it, and an accompanying danger of fleshiness, diabetes, gout, blood disorders. This is one of the aspects of indulgence. You are sunny and open-hearted, tolerant of other people and of yourself as well; a kind of happy-go-lucky individual, taking people as you find them, and consequently popular. This expansiveness may be curbed somewhat, but you are genial at heart. You usually have some share of the world's goods, though this doesn't in itself make for security - money comes in and goes out without causing you much worry or trouble, but, it does not get saved very consistently. You are able to manage your finances more successfully.

Mercury

Mercury is the sense-impression antennae of your horoscope. His position by sign indicates your reactions to sights, sounds, odors, tastes and touch impressions, affording a key to the attitude you have toward the physical world around you. Mercury is the messenger through which your physical body and brain (the Sun) and your inner nature (the Moon) are kept in contact with the outer world, which will appear to you according to the index of Mercury's position by sign in the horoscope.

Mercury in Leo

Your reaction to sense impressions from the outer world is less important than the way you react to the sound of your own voice, the figure you are cutting in the world. You see yourself in everything you see. You're hard to impress, for though you are detached enough in some ways, you haven't got your antennae tuned outward and just don't take in a lot that goes on. Your viewpoint is pretty fixed, and what comes to the senses is related to it. For this reason you aren't a very good observer. The outer world of sight, hearing, taste, smell and touch has to fight its way through a sort of steel plate before it reaches the brain centers and causes a reaction. Your reactions are slow, not because you are stupid, but because you aren't interested. You must cultivate attention, become consciously aware of the world around you, and develop your faculties, which are sound enough but need more exercise than you give them.

Mercury Sextile Jupiter Orb: 08°08'

You have had a fine education, and a trained mind makes life easy. You are just, honorable, and somewhat proud of your mental achievements. You are anxious to impress people with your knowledge and very sure of yourself. This doesn't necessarily make you accurate and a tendency to elaborate tinges your giving out of information, though not in a way to make you untruthful. You philosophize a good deal, thinking in general rather than specific terms, and may be hard to pin down to details. You are judicial - this may accompany downright Puritanism and in any case contributes to the puritanical side of your nature. You incline to the professions, your mental bent being somewhat more philosophic and academic than the bent that normally leads to business. If by any chance you get into business, your ability to see things in the large will contribute to your advancement, and your integrity will be appreciated and rewarded. Keep your feet on the ground, for an inclination to go into generalities can destroy your business sense.

Mercury Square Saturn Orb: 01°45'

You are liable to fits of depression, for your deep and subtle mind feels the woes of the world, and your own woes, very keenly. You are sensitive in a peculiarly brooding sort of way, not striking back when hurt, but nursing your grief and feeling sorry for yourself. You have a profound mind. Shallowness, stupidity, and deceit throw you off balance - though you yourself are capable of subtleties that others may think deceit. But knowing your purposes you can justify yourself with a sort of pragmatic philosophy - the ends justify the means. You are selfish, and capable of what is known in the divorce courts as "mental cruelty". You are a prober and a pryer and can get inside people even when they try to keep you out - this is a detective-like position. You are a subtle opponent in argument, having facts and figures at your command, and there's

nothing flimsy about the logical structure you build. You thus make a good lawyer and a just, if stern, judge. You have a tricky mind.

Mercury Square Neptune Orb: 08°50'

You are a daydreamer. you think abstract and impractical thoughts which you weave into a web of reality but can't put into practice. You love beauty, music, and art and should try to master the creative technique of one of these to put your inspirational faculties to work. You have difficulty concentrating. You are easily distracted, not so much by things or people around you as by the wandering tendencies of your own mind. Even when you are shut up alone in a quiet room, little is likely to be accomplished.

Venus

Venus is the emotional antenna of your horoscope. Through Venus, impressions come to you from the outer world because of which you feel and react emotionally. The position of Venus by sign at the time of your birth gives the key to your attitude toward these emotional experiences. As Mercury is the messenger linking sense impressions (sight, smell, etc.) to the basic nature of your Sun and Moon, so Venus is the messenger linking emotional impressions.

Venus in Virgo

You relate emotional experience to a well organized code of conduct. You have strong family feeling and generally have genuine affection for your relatives Your belief in the proprieties is so strong that you just don't have emotions that would involve their violation. Your impulses are usually strictly proper; if you stray from the beaten track, it is because you have convinced yourself that it is all right: you satisfy your conscience before the transgression, and rarely after. You substitute self-justification for remorse. Small niceties are emotionally important to you, and if you're not careful, you will substitute the sentimentalities of love for love itself. The proprieties as you conceive them stand guard over your emotional reactions; your sense of good taste is your emotional censor, and will keep you from many unconventionalities of those less sure of the right thing. This need not detract from the warmth of your nature, provided you don't let the tail wag the dog. Remember that the proprieties were made to serve a purpose, and that before there can be an emotional code there must be emotions. To have proprieties for their own sake is like having a general and no army.

Venus Trine Saturn Orb: 07°21'

This steadies the emotional nature and if there is no aspect between Venus and Mars, Venus and Neptune, Venus and Uranus, or Venus and the Sun, makes you cold, aloof, and rather self-sufficient. You have extraordinary business judgment and through conservative and sound tactics usually build yourself a fortune, if you don't have one left to you - for this is one of the positions of hereditary security and, with other indications, wealth. If Venus is not with Mars. Uranus, or Neptune, you are ultra-conventional. You are so self-controlled yourself that you don't understand why other people have to be otherwise. You are peace-loving and wish nothing better than to live in harmony with your fellow men, although you aren't especially tolerant of them.

You haven't had the emotional variety to your life to make you understanding of human weakness. If Venus is with Mars, Neptune, or Uranus, this condition may be changed. There will be emotional variety, and this aspect will enable you to steady down your life and recuperate from the ups and downs. A philosophic calm will underlie your greatest turmoil and give you the foundation on which to rebuild either your emotional stability or your material fortunes. This is one of the best of the passive aids to good fortune, standing by to give you self-confidence and sound good sense.

Mars

Mars is the energy principle in the horoscope. His position by sign indicates the channels into which energy will naturally flow, and the uses to which energy will most easily be directed. It is the planet through which the activities of the Sun and the desires of the Moon express in action - through which your body and your mind react to the sense impressions of Mercury and the emotional impressions of Venus. Mars is in the same sign as your Sun, this gives abundant energy, sometimes misdirected in temper, temperament and quarrels.

Mars in Leo

Energy flows normally in self-centered channels, serving the main bent of your nature by insuring that you will always, as if by instinct, put your best foot forward. You have abundant animal magnetism and charm, and can "get away with murder": people take things from you that they'd be angry at another about, and you like to "make 'em take it and like it." You are probably easy to look at, and make the most of your natural graces. Your energies are the willing servant of your ego, enabling you to dramatize whatever life task you set yourself. Energy may or may not be abundant, but in any case you make the most of what you have: this is the position of someone who "dies with his boots on" and can always be counted on to do his duty, provided the duty is one that he can relate to his deep ego centers. This is not a genuinely unselfish position for Mars, though if the total personality requires unselfishness, the energies will work toward this end as readily as toward another. This position of Mars in itself tells little about the character or personality, except that whatever the ego demands, Mars will serve with stability and a good deal of self-dramatization.

Mars Square Jupiter Orb: 06°37'

You are a gambler and you gamble in large sums - no penny ante for you. But gambles are dangerous, and in the end you'll win less than you lose. In both financial and other matters you don't know when you've had enough. Enthusiasm and high vitality carry you optimistically onward till your luck vanishes and you're back behind the starting line again. This makes you a partner to be looked out for in business matters for you'll ride a willing horse to death.... You have to learn moderation in all things. Control and direction of your energies and enthusiasms is what you chiefly need, for your capabilities and vision are great .

In a woman's horoscope this shows difficulties through men. Employers don't benefit you despite your capabilities, and men are likely as not to cause you losses or difficulties. If you are not extravagant yourself, then your men-folks are. Emotionally, this is a somewhat hectic

position inclining to an extravagance and daring of emotions similar to the financial and business extravagance and daring.

Mars Sextile Uranus Orb: 01°19'

You are inventive and mechanically inclined. Electricity, railroads, steel, iron, metals, and mechanics of all sorts are the natural media in which you work, and your highly original turn of mind will find new uses and combinations in connection with all these things. On the purely intellectual side, you are critical and analytical - cold, detached, and impersonal rather than emotional. You love speed and will drive a car, run an airplane or a speed boat at breakneck pace. You are a gambler with safety as well as with finances and ideas and will stake your all on a scheme or a plan the success of which you are convinced.

Mars Trine Neptune Orb: 05°55'

You have marked personal magnetism. opportunities open up to you readily. You have a somewhat mystical, spiritual, or religious nature - a degree of superstition, and a belief in your internal powers. This frequently accompanies belief in Christian Science, Unity, or cults that deal in mind power. It isn't a very important aspect in itself but it lends color to your personality and sharpens your aesthetic and artistic senses. You control people by charming them. A mildly hypnotic power of which you may not be conscious assists all human relationships. You rely a good deal on hunches, especially about people. If this aspect is accompanied by strong and reasonable mental tendencies you may not even be conscious of its action, but rest assured it is responsible for the quickness of your insight, reasoning powers, and general mental astuteness. It eases the course of emotional matters somewhat; it is a passive rather than an active ally to accomplishment in all fields.

Mars Sextile Pluto Orb: 08°48'

You work like a detective or researcher, taking an idea or project and pursuing it until your understanding has penetrated to its core. You may not react quickly and there are times when you don't act at all; what is important to you is effectiveness and efficiency. If anyone can find the shortest distance between two points, it is you. This isn't an index of laziness; it is a measure of your desire not to waste time, energy or resources.

Jupiter

Jupiter is the feeler you have out in the world for opportunity. Through it the chances of a lifetime are passed along for consideration according to the basic nature of Sun and Moon. Jupiter's sign position indicates the places in which you will look for opportunity, the uses to which you wish to put it, and the capacity you have to react to and profit by it. Jupiter is ordinarily, and erroneously, called the Planet of Luck. It is "luck" in so far as it is the index of opportunity; but your luck depends less on what comes to you (Jupiter) than on what you do with it (the total personality). Opportunity appeals to you along lines laid down by your Jupiter.

Jupiter in Libra

This is a curious position, capable of seeing opportunity almost everywhere. There is a certain perversity about it, because you seem willing to do anything except what your nature is best fitted for. The opportunity that will appeal most to you is very likely to be the last thing in the world you ought to do. You are all too likely to follow what someone else says you ought to do, or what chance throws in your way. You need to cultivate firmness of purpose, and to concentrate on one line in which you want to excel. Your need for appearing successful in the eyes of others, rather than in your eyes, causes you to see too much with the eyes of others, so that you lack the drive of those who work outward from their wells of ego into the world. You are all too likely to try to fit your ego into the demands of other people, and thus to founder because your anchor is not within your own heart.

Saturn

Saturn indicates the direction that will be taken in life by the self-preservative principle which, in its highest manifestation, ceases to be purely defensive and becomes ambitious and aspirational. Your defense, or attack, against the world is shown by the sign position of Saturn in the horoscope of birth.

Saturn in Taurus

This position presents the simplest and most direct manifestation of the instinct of self-preservation, which you satisfy by material comfort and security. If you have these, life cannot attack you in any way that matters deeply. The need to defend yourself in emotional, intellectual matters is not deep, and you are therefore an easy person to live with because your deep ego centers don't bristle and writhe at imagined affronts or offenses. You are secure if your body is secure; and are able to bring a great deal of idealism to bear on all of life's other problems in which you, unlike many others, can be detached and gracious. When you're materially secure, you have to look out for smugness and self-satisfaction and for a tendency to identify yourself and your work too closely with your possessions and your material status. You are deeply a conservative in finance and can be a penny pincher. You will rarely gamble, and/or lose property because of your own actions, unless through taking security too much for granted, you feel it can't possibly be lost. Self-satisfaction then becomes overconfidence and is, of course, dangerous. The tendency to take things too much for granted can also lead you to trust some less careful person with your security and to lose it through the bad judgment of others on whom you have, because of over-sureness, not exercised the proper control. Losing security throws you entirely off balance, and you cannot be yourself till you get it back again. You can be secure on little, for stretching money is your long suit, but what little there is must be established as firmly as the Rock of Gibraltar. Needless to say, you are a pillar of society, a believer in life insurance, and a sure-fire customer for gilt edged government bonds.

Saturn Opposite Neptune Orb: 07°05'

Ambition has a way of going to sleep on you. A sense of your own power works subtly inward giving you a peculiar brand of good opinion of yourself, which likely as not you don't get around to doing anything about. A sort of mystic faith in your own worth pervades your thinking

- you know you could do it if you wanted to, but you have to fight to want to. This will prop self-confidence if other things show aggression, but it will forestall accomplishment if you do not integrate your purposes and translate them by will power and a set goal, into action.

Saturn Trine Pluto Orb: 04°12'

You are an efficient, diligent worker whose stamina and stick-to-it-iveness keeps you plugging away until you achieve your ambitions. You try to maintain the status quo, using your excellent organizing abilities to find more efficient work methods. Discipline and hard work come naturally, but a more creative approach may have to be cultivated.

Uranus

Uranus in a general way relates to the neuro-mentality, creative originality or individuality, and his position by sign in the horoscope tells the direction along which you will seek to express your most characteristic self in creative and original effort. With Uranus in the same sign with Jupiter, Uranus indicates opportunity, creates wealth and the means of getting it, along with inventiveness, daring, and executive ability.

Uranus in Libra

Yours is a peculiar hidden genius, for you tend to identify yourself with large groups and interests and to "lose yourself in order to find yourself." You can be a great leader (if your expression of originality works outward to the rest of the world) or a dreadful eccentric (if it works inward). If you identify yourself with others on the positive and aggressive side, you make definite contributions to your group or to society as a whole, having an uncanny knack for unifying divergent groups and factions into a cooperative whole. If you identify yourself against others (the negative expression of the characteristic urge to cooperation), you may think the hand of the world is against you and become a lone wolf, antisocial and quarrelsome. Your best and truest expression of originality will come in connection with cooperative ventures, for when you learn to work with others, there is no end to the organizational genius which you can bring to bear on your progress and the general welfare of others.

Uranus Sextile Neptune Orb: 07°14'

This aspect occurs very seldom and when it does, amounts to a world condition and requires rather special factors in the individual horoscopes to make it show forth. In general, it is a supporting aspect of material benefit, helping to improve a good horoscope and lending some support even to a bad one. It inclines to a practical interest in the occult. It sharpens the perceptions. You have an inventive and unconventional nature. President Franklin D. Roosevelt is representative of the race of giants which this aspect is capable of producing.

Neptune

Neptune relates to the deepest wells of the subconscious, inherited mentality and spirituality, indicating what you take deeply for granted in life.

Neptune in Scorpio

The people and nations of the world are aware of the awesome, death-dealing possibilities of nuclear war. Atomic-powered submarines in the depths of the seas play their role in the struggle for power. Those born under this influence want to plumb the secrets of the Universe. The mystery of life and death is theirs to fathom. They are enthralled by occult studies, chemistry, invention. Neptune in this position intensifies the emotional nature. There is a tendency to be secretive and mystical. Gain through inheritance is possible, as well as financial ties with others; partnership, and marriage. There is a great possibility of possessing marked extra-sensory perception. Caution must be exercised regarding drugs and strong beverages, and dabbling in spiritualism. The sex instincts must be channeled in the right direction since the craving for sensation is very strong. You have recuperative powers and a desire for reforms.

Neptune Sextile Pluto Orb: 02°53'

The ideas that were instilled in you by your parents, church and society will undergo changes throughout your life until your religious and philosophical views are distinctly your own. This type of creative adaptability makes you able to forgo selfish concerns and direct your efforts toward the betterment of all. Artistic and/or psychic talents are possible.

Pluto

Pluto relates to the ability to let go of things, to get rid of irrelevant prejudices and outdated habit patterns. It relates to subconscious feelings, inner urges and repressed emotions. A strong Pluto gives the ability to see the hidden side of life, and thus bestows power on the native - power which can be used for good or ill. In the same sign as Venus, Pluto gives a strong love nature, with a tendency to be possessive and self-indulgent.

Pluto in Virgo

Your ability to bring order out of chaos is your strongest talent, and it allows you to find ultimate meaning in conditions and ideas which others consider hopeless. Your approach is initially intellectual - your curiosity spurs you on to gain as much knowledge as possible - but your main concern is the application of this knowledge. Ideas have value only insofar as they can be used to improve the quality of life. Your forte is the development of a concept, its practical application and its assimilation into everyday affairs.

Current Transits

The current transits are calculated exactly for the date shown. Lewi wrote text only for the aspects that he considered to be the most significant and only those are shown in this report. The dates shown only represent the times when the aspect is exact; its influence is felt for weeks, months, and sometimes even years around this time. A planet will often make the same aspect several times in one year before it leaves that area of the zodiac and moves on. This is due to the planet appearing to go backward or retrograde for a period of time and crossing and recrossing the aspect point. When this happens the effect of the aspect can be spread out over a considerable time and in this report the aspect and text will be printed for each time it becomes exact, although this series of aspects represents only one pass through this phase of its cycle. Remember that each transiting aspect is part of its over-all cycle and indicates a change of direction as well as an event. The cycle for a planet is the time it takes that planet to travel the entire 360° of the zodiac, beginning at the point where the planet is found at birth (the conjunction point), moving to the 90° point which Lewi calls the "lower square", then moving to the opposition or 180° point. Then it begins to move back towards the starting point, at the 270° point, or 90° away from the starting point, the planet is at its "upper square", and then it returns to the conjunction point where a new cycle is begun. Lewi will occasionally refer to these points in his text by name. In general all transits, whether of a planet to its own place or of one planet to another, mark cycles of growth beginning at the conjunction point, growing through the first square, fully grown at the opposition point, beginning to recede at the second or upper square, and finally starting a new cycle as it reaches the conjunction point again.

How long any aspect will be in effect is determined by the speed of the planet making the aspect (the first planet, i.e. Mars in Mars Opposite Sun). One Mars cycle is about two or two and one-half years and so a Mars aspect will last about 20 to 30 days. Jupiter takes about 12 years for its cycle and so its aspects could last around 4 months, while Saturn with a 29 year cycle will last 9 months or even more if it turns retrograde. Uranus, Neptune, and Pluto are all long range aspects and usually represent a time of 2 or more years. While Saturn and the outer planets indicate long range influences in your life, Mars aspects will identify important months and Jupiter will identify important years. Not every occurrence of these will be of striking importance. But within a larger Saturn cycle or Uranus period of great importance, these briefer influences will be found to act as the second or minute hand of the clock of destiny, as Saturn, or Uranus, or both, act as the hour hand.

Mar 3, 2002 - Mars Square Sun

Domestic matters are important. This transit frequently times a move from one house (or town or locality) to another, or some important decision in the private life. New starts work out if

well considered and unmotivated by temperament. Social activity is increased; you have lots of friends around you. This is a good time to begin new ventures for quick completion, ventures which have a bearing on your longer-range plans. This is a good time to clean house, redecorate, etc. The home is likely to be upset, and it's wise to make the upsetting literal and to some good purpose, instead of figurative and quarrelsome.

Mar 7, 2002 - Mars Square Mars

This transit indicates a period of hard work and abundant energies, which causes no trouble unless major disruptive influences are in force. There is a slight tendency to talk too much, boast and be arrogant, but the swiftness of the pace generally carries you through without major trouble. Look ahead, work toward and plan for some major development to take place coincident with the conjunction of the transiting Mars with your birth Mars which will occur around Jul 20, 2002. Frequently this transit marks the busy start of something that matures at the next Mars conjunction to Mars and should be viewed with that in mind. Protect health and nerves from excess; be objective and detached; and let reason rule the emotions.

Mar 28, 2002 - Mars Square Mercury

Quick speech, thought and actions make strife and trouble. Be silent, cagey, noncommittal. The quick retort makes trouble. Wrong decisions often come in one of these periods, which recur about every six months and need careful watching. Sometimes the most casual remark results in a lasting grudge. Mountains (of trouble) grow out of molehills (of speech). It is best to be silent.

Mar 31, 2002 - Mars Conjunct Saturn

This is a good time to slow down and if you don't do so voluntarily, you may be forced to do so by a cold or some other type of illness. Do your duties quietly and solidify the existing position in which you find yourself. Superiors need kid-glove handling; you may feel hampered and restrained in your work; your energies may be forced into a yoke that chafes. Be philosophical about taking what comes; passivity and acceptance rather than activity and aggression serve you best. You build good, substantial foundations, despite limitations; or else you kick over the traces and probably regret it later. You may experience colds, low vitality, fatigue, nerves, or your system may become run down. Take a rest cure if you can. If you stay well, those around you may be ill, increasing your responsibilities.

May 2, 2002 - Saturn Square Venus

Experience finds its mark in your heart, and some home truths about emotional matters are impressed on you. This period is usually accompanied by separation or break, caused by circumstances or quarrels and followed by a maturing process that enables you to revise your emotions along more practicable lines. Disappointment in others or in yourself, or both, leads you toward a saner approach to human relations. In material matters, you are generally required to skimp to make both ends meet, or you may experience the loss of money or security.

May 3, 2002 - Mars Square Venus

Social and romantic glamour leads to excesses, sometimes to strife, quarrels, separations.

Minor loves and friendships break up, but important relations are merely strained; and indeed this frequently adds glamour to a deep love, intensifying its beauty. A break here, unless contributed to by some more important transit, is a sure index that the feeling wasn't very deep or important anyway. Avoid excess spending and stay away from temptation if you're interested in sticking to the conventions.

May 21, 2002 - Mars Square Pluto

This transit represents a strong alliance of similar energies. A sense of mystery pervades otherwise mundane events. Agressiveness peaks. Care should be taken to secure your holding, protect your possessions and yourself, for this transit includes some vulnerability to the principle of redistribution. You might be knocked off your throne for no apparent reason. You could emerge from this period thinking the universe is a quixotic, capricious place, or you could take events as keynotes of respect for structure and self-care.

Sexual energy will be high. You could find yourself surrounded by irresistible people, and the tendency is to think that the veil between you and them is much thinner than it really is. Take time to treat people respectfully. Take this opportunity to de-objectify your world view and adopt a more service-oriented demeanor. Depending on how successfully you have mastered life's trials, this could be a time of "icing on the cake". Just make sure the recipients of your "death blows" are the nasty loitering ghosts in your own psyche, not the people on the street whom these ghosts resemble.

Jun 5, 2002 - Mars Square Uranus

This transit is not usually important except as a marker of temperament and minor strife. But at one of these periods some major break due to temperament - some sudden shift in the pace and direction of the life - is likely to occur. The individuality is suddenly awakened to broader horizons, greater worlds to conquer, and determined to shake off the shackles of restraint. In undisciplined persons this will mark periodic temperament, rages, rebellion and strife; also accidents and setbacks due to lack of nervous coordination. In normally disciplined individuals all but one or two of these periods should be comparatively inconspicuous. But the one or two may be memorable and probably nothing to be proud of.

Jun 23, 2002 - Jupiter Square Moon

These are periods of physical and mental excess, generally resulting in fatigue and a necessity to take time off and rest. Self-indulgence wears you out and requires a holiday. This is a good time for a vacation. If you can afford to relax (and you really can't afford not to), you can enjoy life here. Be careful of excesses with money and emotions, protect your diet. The pleasures of food and drink are very alluring and make plenty of trouble if indulged in.

Jun 29, 2002 - Mars Square Moon

Fatigue leads to strife, so relax. There may be illness and you may lose your grip on things. Refuse to take yourself too seriously. Go to bed and rest instead of brooding; you'll avoid strife and trouble thereby. Force no issues. Energy may find its expression in some glamorous romance which may or may not be important, depending on other long-range transits in force at the same time with this.

Jul 9, 2002 - Mars Square Jupiter

This will generally not amount to much, but periods of loss through risks or gambles or through over-enthusiasm or bad business judgment are frequently marked by it. The outlook is too enthusiastic to let sober reason dominate; but this generally brings nothing but minor extravagance. This transit might mark some major material setback due to a combination of bad judgment and bad luck.

Jul 15, 2002 - Mars Conjunct Sun

The new starts of your Mars conjunct Mars are helped greatly with this aspect; your energies work smoothly, starting with this aspect and gaining momentum as Mars conjunct Mars on Jul 20, 2002 is reached.

Your danger at this time is temperament, temper, a tendency to feel your own importance too strongly and to get into trouble because of it. Also, unless you have the endurance of an ox, you will tire yourself as Mars transits your Sun, and fatigue is likely to lead to strife, breaks and separations. Translate your energies to work, activity, detached application to a job or task; and don't get touchy or allow personal reactions to interfere with efficiency. This can be a romantic period; your magnetism is high, and you are likely to get what you want if you moderate your demands and use more persuasion and less insistence than you want to. Intuitions can go wrong, and you need the balance of strict mental discipline to bring out the best of your energies. However, it is an excellent time to go after what you want, and marks periods of important decisions and moves.

Jul 19, 2002 - Mars Conjunct Mars

This is a period when new starts should be made, new plans put into execution, new ideas promoted. Energies work along their most characteristic line and can be utilized to excellent advantage. Control natural impulses if you have any that get you into trouble, because now is the time when you are "being yourself" and it is your business to be your best self, not your worst. You are starting a two year cycle and should establish the line you want to continue on for the next twenty four months. Seek new contacts, new avenues of self-expression, new channels into which to direct talents and energies. Beware lest anger and temper - letting go because you're feeling your oats - interfere with your best development. In your life check-up you will find that these recurrent two year periods marked with great consistency periods of important decisions, developments, activity and changes.

Jul 21, 2002 - Jupiter Square Jupiter

These periods fall halfway between Jupiter's conjunction with his own place and his opposition to it and indicate minor shifts in emphasis in your work and life plan. Opportunities may become more numerous; or, as is the case most of the time, you will simply be busy with what you are doing, and perhaps careless of money as a result. Financial status at these periods tends to remain fixed for about three years, and you should budget ahead according to the situation you find yourself in.

Aug 7, 2002 - Jupiter Conjunct Sun

Wider fields expand before you. Popularity, luck, a sense of well-being and good fellowship raise self-confidence. Chances for material progress surround you, provided that you do not use the wide fields for aimless enjoyment of life, which is very tempting. Motives are important, and basic aims. If you aren't afraid of work, and if you know that work is the only way to progress, the expanded viewpoint of this period will be a real blessing, increasing your capacity for material gain. But if you are impractical, think the world owes you a living, love ease and luxury, incline to extravagance in spending and a cavalier attitude toward earning, this will just be a pleasant and relaxed period in which you will dream great dreams and accomplish nothing. Opportunity is all around you; you have only to grasp it - but that "only" is very important. Good may drop in your lap, but you must hold it. Keep your eyes open; the danger is that you will relax, feel good, and wake up to find that you have slept through the biggest chances of your life.

Aug 12, 2002 - Mars Conjunct Mercury

Sharp wits help if you use them right, hinder if you get smart-alecky with them. Snap judgments, quick speech, sharp retorts and anger make trouble. On the other hand, keen perceptions give you the edge on others; you express yourself readily and to good effect if you keep emotions and personalities out. Sensory perceptions and powers of observation are increased. Creative powers mount; rapidity of mental processes enables you to do more than usual. Mental fatigue can result; budget time for relaxation and sleep. Any tendency to insomnia is emphasized; also to temperament, temper and self-will. This is a good time to sell, bad time to buy. Business is active, judgment shrewd. Sign no papers, don't commit yourself permanently; the picture changes too rapidly. Avoid strife, especially over trifles. Distrust intuitions; put deep trust in hard work and pure reason.

Aug 20, 2002 - Jupiter Conjunct Mars

This combination increases opportunity and self-confidence and contributes to business success, popularity, earning power; but holds the danger of arrogance and personal excesses. There is a strong tendency to waste energy and to ride roughshod over obstacles and opportunity alike. You show little inclination to compromise with reality, and waste time looking for the ideal job, mate, friend, etc., while excellent contacts are passed up because not exactly in line with what you think you require. Self-will makes trouble and incurs losses. The great-I-am in you is dominant. This is a period of swift movement and considerable ego. You have a chance for success through ability to do things on the fly - or through sufficient self-discipline to slow down when a real opportunity comes your way. Self-indulgence dissipates benefits and is the chief thing to watch out for.

Sep 19, 2002 - Mars Conjunct Venus

Heightened emotions make romance, which is favored if you keep it within the bounds of reason and convention. Impulsive acts, with or without a future, are frequently found in these recurrent periods. Glamour surrounds your approach to life; you are susceptible to the opposite sex and they to you. This transit frequently indicates the time of marriage within the period of a longer transit that favors it. If the era of romance is past, this indicates an active and on the whole

satisfactory social period; business progress; extravagance with money; a sudden urge to go places and do things - and perhaps a chafing at the marital bit which should not be taken too seriously. Energies work through emotions and passions, which in turn work overtime and should be gently disciplined though not entirely submerged. Often, for obvious reasons, this transit indicates the conception of children, especially if it occurs while Mars is conjunct your sun or conjunct your Mars.

Oct 8, 2002 - Mars Conjunct Pluto

This transit represents a strong alliance of similar energies. A sense of mystery pervades otherwise mundane events. Agressiveness peaks. Care should be taken to secure your holding, protect your possessions and yourself, for this transit includes some vulnerability to the principle of redistribution. You might be knocked off your throne for no apparent reason. You could emerge from this period thinking the universe is a quixotic, capricious place, or you could take events as keynotes of respect for structure and self-care.

Sexual energy will be high. You could find yourself surrounded by irresistible people, and the tendency is to think that the veil between you and them is much thinner than it really is. Take time to treat people respectfully. Take this opportunity to de-objectify your world view and adopt a more service-oriented demeanor. Depending on how successfully you have mastered life's trials, this could be a time of "icing on the cake". Just make sure the recipients of your "death blows" are the nasty loitering ghosts in your own psyche, not the people on the street whom these ghosts resemble.

Oct 23, 2002 - Mars Conjunct Uranus

Expect temperament, haste and anxiety. Your nerves require watching. These problems can lead to illness from fatigue and nervous exhaustion. You risk accidents (literal and figurative!) from excess speed and lack of care over details. Watch temperament. Accidents in the realm of human relations result from overemphasizing the ego and minimizing the other fellow's viewpoint. Inventiveness abounds; originality is in the saddle; but you can't get your best and truest ideas over to any good advantage, and simply make trouble if you "try too hard." Store them up for a later time when you express them better and when other people listen to you more readily. Look out for machinery, travel, electricity; avoid danger, be careful getting on and off trains and crossing streets.

Nov 17, 2002 - Mars Opposite Moon

Fatigue leads to strife, so relax. There may be illness and you may lose your grip on things. Refuse to take yourself too seriously. Go to bed and rest instead of brooding; you'll avoid strife and trouble thereby. Force no issues. Energy may find its expression in some glamorous romance which may or may not be important, depending on other long-range transits in force at the same time with this.

Nov 27, 2002 - Mars Conjunct Jupiter

Opportunities abound, and your energies are up to them. Optimism runs high, and you can be made to color, and perhaps prophesy, the life for a long time. Work is abundant and gratifying;

you are popular and lucky. Be careful not to waste opportunities through trying to do too much at once; don't spend too much money, either, but make a point of saving. This ought to be a period of good income, which tends to make you openhanded and generous, perhaps to a fault. Keep your eyes and ears open; some of the best forward pushes of your life will come in these periods when circumstances combine to give you the rewards of work done in the past and to open up new doors for the future.

Dec 3, 2002 - Mars Square Sun

Domestic matters are important. This transit frequently times a move from one house (or town or locality) to another, or some important decision in the private life. New starts work out if well considered and unmotivated by temperament. Social activity is increased; you have lots of friends around you. This is a good time to begin new ventures for quick completion, ventures which have a bearing on your longer-range plans. This is a good time to clean house, redecorate, etc. The home is likely to be upset, and it's wise to make the upsetting literal and to some good purpose, instead of figurative and quarrelsome.

Dec 7, 2002 - Mars Square Mars

This transit indicates a period of hard work and abundant energies, which causes no trouble unless major disruptive influences are in force. There is a slight tendency to talk too much, boast and be arrogant, but the swiftness of the pace generally carries you through without major trouble. You should not let distractions interfere with plans you started when Mars was conjunct Mars on Jul 20, 2002. Protect health and nerves from excess; be objective and detached; and let reason rule the emotions.

Dec 31, 2002 - Mars Square Mercury

Quick speech, thought and actions make strife and trouble. Be silent, cagey, noncommittal. The quick retort makes trouble. Wrong decisions often come in one of these periods, which recur about every six months and need careful watching. Sometimes the most casual remark results in a lasting grudge. Mountains (of trouble) grow out of molehills (of speech). It is best to be silent.

Jan 14, 2003 - Mars Conjunct Neptune

Super intuition gives you uncanny insight into motives and methods of other people, but not always into your own. Practice self-analysis. You swiftly feel your creative power, of which you can make good use. Beware sensationalism, sentimentality, self-indulgence; fight subconscious urges, suppressed desires, and make your inner ego work for you along constructive lines. This is an excellent period for creative work, for impersonal use of magnetism for business ends and aims and for social popularity. You have glamour that attracts others: be sure it attracts the right kind of people and for the right reasons. The Old Adam rears his head and may require discipline.

Feb 7, 2003 - Mars Square Venus

Social and romantic glamour leads to excesses, sometimes to strife, quarrels, separations. Minor loves and friendships break up, but important relations are merely strained; and indeed

this frequently adds glamour to a deep love, intensifying its beauty. A break here, unless contributed to by some more important transit, is a sure index that the feeling wasn't very deep or important anyway. Avoid excess spending and stay away from temptation if you're interested in sticking to the conventions.
