Astrological Compatibility

Astrologically, each individual is represented by a chart of the planets and houses at the moment of his birth. By comparing and contrasting the interrelationships of two separate charts, the astrologer can reveal the many ways and many levels that two people relate with each other. This is the astrological art of synastry as it has been practiced for several thousand years.

This report analyzes each of the two selected charts and interprets the astrological connections between them. The charts' data, along with planetary positions and house cusps, are printed on the previous page. There are four possible sections to this report, two for each of the charts. Any one of them, or all four of them, will be included here depending on which were requested. For each individual the two possible sections are: 1) How this person approaches relationships. This section considers only the one chart, and is appropriate for all relationships this individual makes. 2) How this person relates specifically with the second person. Here each paragraph interprets a contact between the two charts from one chart's point of view. The text here pertains to this one relationship only, and should be understood in light of the actual nature of the relationship.

Remember that every relationship contains points of similarity and harmony as well as points of conflict and discord. Through understanding, it is possible to cultivate and encourage the positive and harmonious, and keep relationships growing and fruitful through the highs and lows of the passing years.

Report for Jennifer Aniston How You Approach Relationships

You're a real smoothie, refined and ever so facile when it comes to handling other people -- a diplomat. And yet -- despite all of this apparent calm -- you like your partners anything but cool. You can't resist impulsive and action-oriented people -- the more daring, the better. You bring out the recklessness in those you love, and you love it. Although at first meeting one might never suspect this, you love to walk on the wild side.

Aries on 7th Cusp

Relationships tend to be hot and heavy. You are drawn to partners who are aggressive, assertive, and very emotional. Independence and adventure are things you value in others. You tend to depend on your partners to get you motivated and keep you moving. You need someone who is stimulating emotionally.

Mars Ruler of 7th

Report for Jennifer Aniston Strengths in your relationships

You are comfortable with your sexual identity, and tend to be emotionally well balanced. There is a natural rhythm in the way you handle the day-to-day problems of work and play, with the result that you are capable of sustained effort. These same qualities affect your relationships too. They tend to be harmonious and long lasting.

Moon Sextile Sun (orb: 00 06')

You have always had a drive to delve into the unknown. The cosmos has real trouble keeping secrets from you once you have made your mind up to investigate. You have great perseverance and staying power. You work well in a crisis; emergencies of all kinds find you on the spot, ready to test your mettle. You are brave -- and unafraid of death or people. You do well with investments, property, and other people's money. You have very little sense of propriety and tend to call a spade a spade. You like to get your hands in the real stuff of life, blood and all.

Mars Sextile Pluto (orb: 00 43')

You have a fantastic imagination and are somehow tuned into what we all dream of at the deepest levels. The dream worlds, the more eternal thoughts of mankind, come easy for you, and you would be a convincing speaker on occult, metaphysical, and religious subjects. The way you talk about the intuitive and imaginative realms is very moving to others. You are able to put into words the sense of unity that we all know exists in the world but can't always keep in mind. You could be a fine poet or musician, especially a composer.

Mercury Sextile Neptune (orb: 01 49')

Others soon learn how responsible you are, and that they can depend on you for real support. Sure, you are perhaps a little too organized and run more cool than hot, but you really do care and never let your friends down. Whatever you do is built upon a solid foundation, and that includes relationships. Too serious? Aloof? Perhaps, but you are loyal, dependable, and don't enter into relationships lightly.

Moon Trine Saturn (orb: 02 08')

A real love of science and natural laws. You are a hard and tireless worker with absolute determination and the ability to carry great projects through to completion. Always the protector to all those you come to know, you tend to have long and secure relationships. Since you are a natural conservative, those older than yourself (authority figures) tend to benefit you.

Sun Sextile Saturn (orb: 02 15')

An original thinker, perhaps an inventor. You have a very sharp mind, capable of real insight. You are always thinking of new ways to do things or a new use for something. You are great at finding solutions for existing problems where others have run out of ideas. Almost anything can be turned to an advantage, once you put your mind to it. Communication of all kinds, especially computers, electronics, and the new technology, is right up your alley.

Mercury Trine Uranus (orb: 03 01')

You are, from time to time, really inspired to the point of moving others with your enthusiasms. You exercise an almost hypnotic quality over those who listen in when your

imagination takes over. Dreams, psychology, and all things occult and metaphysical are your especial province. You're never afraid to take the plunge when matters of idealism or imagination come to the fore. You feel and experience the unity of life -- that we are all in some way, one. Others sense this about you.

Mars Conjunction Neptune (orb: 04 48')

You are a great problem-solver, and can always think of a way to do almost anything. Your friends know you to be fair, and your integrity is unquestionable. You may find yourself interested in legal matters, publishing, philosophical and religious subjects, and would make a good teacher or instructor. Scientific investigation would interest you.

Mercury Trine Jupiter (orb: 04 48')

Very sensitive areas of conversation that might intimidate most (taboo subjects, etc.) don't bother you at all. You always persevere and keep right on investigating. You are expert at getting straight to the heart of things, and would make a super sleuth, or researcher. The deeper a secret is buried, the more likely it is that you will turn it up. And when it comes to money, sex, and other highly charged issues, pity anyone who tries to manipulate you. That's your bailiwick, and there are very few who can stand to argue with you.

Mercury Trine Pluto (orb: 05 54')

Report for Jennifer Aniston Challenges in your relationships

Others sense in you the presence of much energy, almost a tension. You may tend to have trouble just relaxing and find yourself always on the go, doing things. This aggressiveness could lead to undue competition and striving. You may have a sense that you can't always trust your drive and feelings. There also could be a tendency to buck authority, in particular, powerful men.

Sun Square Mars (orb: 00 28')

You have always felt vulnerable when deep emotional issues are brought up, and may have a history of avoiding confrontation and self-examination. You are ever so sensitive to ideas of death, helplessness, and vulnerability in general. You see them only too well, and they haunt you. There may well be some childhood experiences that were rough or harsh for you to accept. Any partner will have to tread very gently when it comes to matters of feelings and security. You may tend to dominate a relationship, but without success.

Moon Square Pluto (orb: 01 17')

The last of the big spenders! You are by no means conservative, and overindulgence of all kinds is sort of second nature. You tend to ignore the realities of life in favor of the perks. This may bring you hard up against natural or human law, again and again. No one can accuse you of lacking ambition. The straight and narrow is unappealing to you. You would rather range along the fringe. A nonconformist.

Venus Opposition Jupiter (orb: 03 59')

You may have a fear of taking the plunge, letting go. Perhaps you are hesitant to trust your vision or your dreams, lest they overpower your day-to-day routine. As for relationships, you tend to worry about being deceived. There is tension present as to just how much you dare trust your more mystical side. Perhaps you have been disappointed by authority figures, more due to your over-idealizing them than to their own faults.

Sun Square Neptune (orb: 05 16')

You could have a fear of the new and different -- of sudden changes. However, once they occur you really get a charge out of them. You would like to break away and live an unusual, exciting existence, but your conventionality holds you back from making the move. The result is that you often feel frustrated and mired in the humdrum. Jealousy in love affairs could present a problem.

Venus Opposition Uranus (orb: 05 46')

Report for Jennifer Aniston Your Relationship with Brad Pitt

Ideas just bubble up when the two of you get talking. You may never find better support for all your mental gymnastics than you do in Brad. Here's communication where there is feeling behind all of the words. You will find that you can search deep within yourself when you are together. You have in Brad an appreciative audience for almost anything that you may think or write about. You might travel together.

His Moon in Your Third House

At last, someone you can really talk with. You should have become instant friends from the very start. Brad is the kind of person that is intellectually stimulating. Together you could spend great amounts of time exploring ideas and concepts, taking walks, and even short trips. Talking until dawn is not impossible with him. The platonic thing was there from the start, and there is a sense of the brotherly and sisterly between you. Even if lovers, you will always be first and foremost, good friends.

His Sun in Your Third House

He is a talker, and you're no slouch yourself. When the two of you get together there is little room for anyone else in the conversation. You both connected intellectually and mentally from the very beginning and seem to have a world of things to discuss. When you can't get together, you may talk on the phone or write voluminous letters to one another. Communication is so strong between you that it is possible for you to team up and collaborate on writing or speaking projects. Take the show on the road.

His Mercury in Your Third House

Here is a real admirer of your mind and mental qualities. Above all he loves to share ideas with you, whether by phone, letter, or in person. There is endless chatter when you two get together. This relationship could find you waxing very eloquent and becoming downright creative. You might feel that your ideas and thoughts are worth writing down after being with him. He probably laughs at all your jokes and even dotes on the poetry you write.

His Venus in Your Third House

Brad is quite direct and may tend to come on strong, even to the point of aggressiveness. Or, he may evoke a strong verbal response on your part. Whatever the effect, you will find that interchange with him has the result of moving you to think and to have new ideas. Communication will be brisk and may involve lots of emotion. You could find all of this refreshing, inspiring, and just what you need to set you going on some project involving writing or communication.

His Mars in Your Third House

You love to work together. Brad has a knack for getting you involved and feeling more responsible. He may introduce you to many new ideas concerning food, health, exercise -- new-age ideas. You may have found yourself caring more about other people and about all of life when you are with him. You have become more self-sufficient through knowing him. He may influence your work situation too, especially in how you get along with subordinates.

His Jupiter in Your Sixth House

Brad loves routine. He takes the domestic scene very seriously and especially loves to work around the home. You may find this helpful at times, but more likely you will experience it as restricting. There is a sense of heaviness, as if limits have been set on the experience of just living out a day. On the up side, there is a great sense of security and provision.

His Saturn in Your Fourth House

Brad has the capacity for introducing you to radically new goals and groups of people. Perhaps through him you will meet a whole new set of friends, or be part of a group working on a new-age project. You may come to have a completely new idea of your fellow man, of brotherhood, and all of that stuff. He has radical ways of seeing things. All this may come as quite a surprise to you and may upset the traditional apple cart. He is anything but boring.

His Uranus in Your Eleventh House

You find Brad enchanting and are easily carried away by his eloquence and non-worldliness. There is a dreamlike quality to your relationship, as if it were being somehow carried out on some higher plane. When you are together you feel a sense of unity and oneness. A lot of the pettiness of life seems to drop away. You may wonder whether this is too good to be true or if the two of you are just deluding yourselves. You may love water and the movies.

His Neptune in Your First House

He is very dynamic, and you probably met him in a group of friends or at a community function. He may instantly set about forming a new group of friends for you to hang around with, or he may advise you on which groups and projects are really worthwhile. Brad will strip away a lot of needless social niceties. Through him you may be exposed to a more radical form of politics or group goal than heretofore. He is very serious about all of this.

His Pluto in Your Eleventh House

Your Mars Sextile His Venus (orb: 00 05')

Your Mercury Conjunction His Moon (orb: 04 49')

You can see and understand where he is coming from. You like his sense of values, and aren't afraid to tell him about it. He values you for your mentality and skill with words. He likes the way you think.

Your Mercury Conjunction His Venus (orb: 06 42')

Report for Jennifer Aniston Challenges in your relationship with Brad Pitt

The two of you feel a lot of attraction for each other, but often as not you end up at opposite ends of the couch. You may not appreciate his more aggressive nature or the way he acts. You may not like the way he makes you feel. He feels unappreciated.

Your Venus Square His Mars (orb: 00 59')

You may feel that his attempts to discipline you are ineffective at best. Throwing cold water on your enthusiasms has never done much for you. You may delight in shattering his neat little universe from time to time. You feel repressed by him.

Your Mars Square His Saturn (orb: 04 40')

He may feel that you don't take his ideals seriously enough, and that you discount his more imaginative and creative side. You may feel that he is unrealistic, only fooling himself, and is always getting carried away with one thing or another. There could be deception.

Your Sun Square His Neptune (orb: 06 34')

How You Approach Relationships

You are so forgiving and accepting that some would think you woolly-minded. You are by nature philosophical and understand how things are in the world to such a degree that it is hard for you to take anyone to task. And very sensitive too. Unquestionably, a bit of a dreamer. There will be few who will be able to really understand and get to know you. You tend to fall for very down-to-earth and practical types. You would prefer to leave all the details of life to your mate, a trait that does not always endear you to them. You love their gentleness, and the care and fastidiousness they expend in your behalf.

Virgo on 7th Cusp

Above all, you have a need for partners that are bright, witty, and that like to talk and communicate. You must have mental compatibility before you get serious about someone. Aside from talking, you like others who are interested in speaking and writing.

Mercury Ruler of 7th

You depend on your relationships to learn about yourself. You tend to be intense and confrontive, and love to strip away the social amenities in a group situation and get down to the nitty-gritty. Others find you passionate and always interested in sensitive issues -- skeletons in the closet, and the like.

Mars Trine Uranus (orb: 00 08')

You have a fantastic imagination and are somehow tuned into what we all dream of at the deepest levels. The dream worlds, the more eternal thoughts of mankind, come easy for you, and you would be a convincing speaker on occult, metaphysical, and religious subjects. People just naturally love you, perhaps because they sense that you really care for them too. This amounts to more than just a minor talent. You have lots of friends, and many relationships. You love people and working with the public.

Moon Conjunction Venus (orb: 01 53')

Very sensitive areas of conversation that might intimidate most (taboo subjects, etc.) don't bother you at all. You always persevere and keep right on investigating. You may squander your money, tend to expand too rapidly, do too much. Your feelings often run counter to the status quo or accepted norm, with the result that you may tend to be a bit of an outlaw. This could extend to your married life too, which might be somewhat unconventional. A stubborn streak may find you refusing to walk the straight and narrow, doing what is expected.

Mars Square Jupiter (orb: 00 21')

You think you can get around doing things as you know they are supposed to be done. These shortcuts end up costing you a lot. You also tend to bite off more than you can chew and can have a million projects going at once. You get carried away with yourself easily in arguments, and those close to you sometimes accuse you of not being entirely fair with them.

You find Jennifer supportive when it comes to matters of your career. She understands where you are headed and how it is best to go about developing your practical and vocational side. With her help, you can make great strides in your managerial ability. She has an instinctual sense of your capabilities (of what you would do best) and she can't help but nurture you in these matters. She might be instrumental in getting you out of the closet and into the public eye.

Her Moon in Your Tenth House

You may not be famous for your willingness to sacrifice, but if anyone can get you into this mode, it is Jennifer. She has a way of encouraging you to let go of a whole lot of small grievances that you have hung onto in the past. Somehow it's very clear when you're with her that they are not worth the hassle. She really helps to separate the wheat from the chaff in your character. You get the feeling that you are about to be a lot better person. It's not a totally unattractive feeling.

Her Sun in Your Twelfth House

You find that Jennifer is a fair and open person, and your conversations with her tend to focus on humanitarian and global concerns. There is always a high tone to your talks, and you both bring the best out in each other. You may tend to agree on goals and social/political issues, or be part of some larger group's work. There is a mental and intellectual bond between you that could result in a partnership involving speaking or writing.

Her Mercury in Your Eleventh House

You find her absolutely charming, partly because you know that she really appreciates you. This was true from the first time you met. You have the sense that here is someone who likes you for the same reasons that you like yourself. You can almost do no wrong. You share many of the same values, like the same kind of things, and enjoy each other's company.

Her Venus in Your First House

Here is the possibility of a very intense and even passionate relationship. Sexual overtones are almost inescapable. Jennifer moves you to feelings that are very direct and personal. You probably tend to spend time alone, if only because you might feel vulnerable being so open about yourself in public. She could be instrumental in leading you into a career involving the public or bringing your current career into greater public attention. There is a real sense of comradery with you two.

Her Jupiter in Your Seventh House

There is a very heady kind of romance here.

Her Neptune in Your Ninth House

Jennifer's influence could revolutionize the way you relate to other people -- your social life. You have found yourself re-examining ideas of marriage, social values, and relationships. She seems to exercise a strange power over you, and this was true from the very first time you met her. You may find yourself wanting to hide this relationship because you feel exposed. She is almost too personal at times. Knowing her amounts to a crash course in facing yourself.
