## Individual Relating Traits

This section looks at each person's individual relationship concerns in their own personal birth chart. Every individual brings certain needs and expectations into a union, which affect his or her ability to feel loved and supported. This in turn affects the nature and course of the relationship.

### Traits of Elvis

#### *Venus is in the 2nd House*

When the planet Venus is placed in the second house of your birth chart you value beautiful possessions, in particular fine jewellery, decorative objects and works of art. You've an eye for beauty, which you apply to acquiring personal possessions. You don't want to own objects merely for their monetary value, although they are likely to be valuable. You like to be surrounded by beautiful items, which uplift your spirit reminding you of the world's pleasures. You're not necessarily selfish in your endeavours to acquire beautiful objects, but are often willing to share your pleasure with other people. It's fortunate that you're likely to attract enough good fortune to be able to afford a few luxuries in life. Depending on other influences in your life, money usually comes readily either through your own efforts, your primary partnership or gifts from friends. You'll value any relationship, which helps contribute to your emotional and financial security.

#### *Venus is in Capricorn*

With Venus in the sign of Capricorn you're shy in relationships, slow to form friendships with other people but, once you've committed to another person, then you're steadfast in your efforts to maintain the relationship. This is particularly true of your primary relationship. Not one to be distracted by romantic illusions, you may appear to be reticent, almost cold, in the first throes of love. This is partly because you're timid, but it's also because you like to weigh up the pros and the cons to any new relationship. You're a great believer in the adage "actions speak louder than words" and you like to observe other people's actions. You form relationships slowly, but they are enduring. Your heart doesn't rule your head, although you like to think that you've a good balance. This is fortunate because you're ambitious in relationships, seeking a partner who is of good character and good standing in the community. For these reasons you may have more difficulty in your relationships earlier in life, seemingly missing out on the flurry of social contacts being experienced by your more flighty friends. It's later in life that your relationships flourish and you're placed in positions of trust and responsibility through your liaisons with other people, particularly people in authority. It's also later in life that you stand to profit through your relationships, either financially or through promotions in your social standing.

#### *Venus is Square Uranus*

The planets Venus and Uranus are combining unfavourably in your chart indicating that you're restless and often lack commitment in your personal relationships. This can lead to disappointments and complications in love and marriage, particularly in your early adult life. It's also possible that your roving eye can lead to scandal. You're willful and often perceive your primary partnership as demanding too much time and effort, an obstacle to your freedom of self-expression. You seek spontaneity and intellectual stimulation from your primary relationship. Unless other influences contradict this aspect of your birth chart, commitment is not a major part

of your vocabulary, and can be something that you tend to avoid, preferring to be "footloose and fancy free". This isn't to say that you don't have many offers. Quite the contrary. Your bright and magnetic personality attracts potential life partners like moths to a flame, but you prefer to keep your options open rather than be pinned down. Depending on other aspects in your chart you may be satisfied with a gypsy-like approach to relationships. You may also like intrigue and secrecy in your relationships, perhaps even taking part in a secret organisation. However, if other influences are calling for commitment and permanency in a primary partnership, then you need to choose a partner who is able to give you plenty of freedom. You're more suited to an unconventional relationship. You also need to learn to compromise, restrain some of your wilder urges, and enjoy your partner's unique contribution to your life. It's possible that the restless side of your nature is more prominent in relationships, which have formed through friendship or through fleeting attraction rather than through true love. With the right person, you're able to develop your talents and strengths in a positive and supportive relationship.

### Traits of Priscilla

#### *Venus is in the 4th House*

When the planet Venus is placed in the fourth house of your birth chart relationships with your family are important. Your home and family are your refuge from the world. Whether you live on your own or with other members of your family, you like nothing better than to return home to a peaceful environment where you can relax and enjoy comfort and, if applicable, pleasant conversation. While some people might enjoy a boisterous household, you prefer a pleasant and harmonious environment. Your home is a showpiece, as you enjoy decorating and entertaining. Your garden, whether small or large, is also scenic. You like to have a sense of home and family, enjoying the company of your family members, particularly the women. Your life partner needs to respect this side of your nature, or better still, enjoy sharing the pleasures of your home and family.

#### *Saturn is in the 7th House*

The planet Saturn placed in the seventh house of your birth chart suggests that partnerships are an important component of your life, and perhaps your profession. Marriage is a serious commitment, not to be entered into lightly as far as you're concerned. You seek a partner who, like yourself, is faithful and steady, and wanting to build a home and start a family. Depending on other influences in your chart you're likely to be cautious at all stages of your relationship and aren't one to be swayed by the first throes of love. It's likely that you'll consider your partner's actions carefully letting time pass before you decide whether or not they have the right qualities to attract your commitment. Your attitude could be off-putting to some potential partners, but you aren't overly concerned because you seek a long-lasting relationship. You may not marry at a young age. It's also possible that you marry someone from a different age group - someone younger who respects your values or someone older and able to appreciate your qualities. Your partner may own property, and be a respected member of the community. In some cases you may choose a partner who is too cold and stern, restricting your life and leading to some misery. However, it's also possible that you choose a partner who holds you in high esteem, but has difficulty demonstrating his or her affections. Either way it's unlikely that your partner is demonstrative.

### *The North Node is in the 7th House*

Your North Node is in the seventh house and your South Node is in the first house of your birth chart indicating that you are destined to learn as much as you possibly can about relationships. You benefit greatly through your relationship experiences, both personal and distant associations. You may also experience a sense that many unions formed in your life are pre-ordained. You fare best when you learn to let go of ego-centred actions and become more focused on service to other people. You also benefit from choosing your marriage partner wisely, taking your time to consider the union.

### *Venus is in Aries*

With Venus in the sign of Aries you'll pursue a partner ardently and hastily, preferring to be the initiator of the relationship rather than the recipient of someone else's plan of action. Initially you've great enthusiasm for your loved one, and it's important to keep the spark alight throughout the relationship. For you enjoy a challenge in your relationships, and need to be wary of losing interest after the initial excitement of the chase. You do well with a partner who allows you plenty of freedom, because you value your independence and freedom. If you become involved with someone who likes to be in control and limits your personal freedom your relationship could suffer. On the whole you find it quite easy to walk away from a relationship if it ends. It's not that you're heartless or lack commitment. In fact you are quite ardent in your commitment. It's simply that when it comes to relationships you've an independent attitude. This attitude is also reflected in money matters.

### *Venus is Conjunct Mars*

The planets Venus and Mars are combining in your chart indicating that you seek a stimulating and romantic relationship. You're charming and assertive, passionate and alive, and admire these qualities in a potential intimate partner. You love to share your adventures with your partner, and it's likely that your relationship will inspire both you and your partner to explore new territory. You need only be wary of holding unrealistically high expectations of your partner, as this can lead to difficulties. This is more likely to be the case when you're young and idealistic. You're liable to disappointment, perhaps even angry feelings, when your partner fails to live up to your expectations. You could also feel angry if rejected in love. Fortunately you've an irrepressible side to your nature, on which you can rely in times of relationship trouble. You're a loyal and fun-loving partner with an ability to balance intimacy with independence.

When together Elvis and Priscilla are able to broaden their horizons in ways they had not thought possible. Each one seems to fill a void deep inside the other. In astrology it is considered important to have a combination of personal planets in order to enjoy a deep relationship, but this can be a difficult combination once the initial excitement has worn off. Neither Elvis nor Priscilla really feels that they are benefiting from this union, and yet they feel drawn to try to resolve the problems. Depending on other connections in this relationship Elvis and Priscilla may finally decide to end their association or they could resolve their differences. They may need to seek counsel on how to resolve their differences.
