Some of the interpretations given in the 'chapter highlights' section may appear in two chapters because these particular interpretations are appropriate for both chapters. It does not denote greater strength of this interpretation. If you find the same theme showing up repeatedly in the interpretations, then this factor is particularly strong. Interpretations given in the 'Chapter Highlights' section of each chapter are ordered with the strongest influences first. If two interpretations sound contradictory, then this simply means that you express opposite qualities at different times and in different situations.

Remember also that astrology is not fatalistic; astrology is a key to understanding the cosmic energies that influence your decisions, and it provides a map of the best path to follow.

## Chapter I. Your General Nature

*Ascendant in Scorpio*

### Key Quality

You are very generous and giving, but tend to tie that onto your own self-image of being correct. The courage to admit you are wrong will do as much to earn you the respect of a close partner as your warmth, loyalty, and leadership ability.

*Sun in Leo*

### Key Activity

You will find that you have a rather high profile in life, no matter what you do, so be prepared to live at least a good part of your personal life within the view of others. Try not to let this obscure a partner's visibility unless you both wish it.
