Astrological Compatibility

Astrologically, each individual is represented by a chart of the planets and houses at the moment of his birth. By comparing and contrasting the interrelationships of two separate charts, the astrologer can reveal the many ways and many levels that two people relate with each other. This is the astrological art of synastry as it has been practiced for several thousand years. This report analyzes each of the two selected charts and interprets the astrological connections between them. The charts' data, along with planetary positions and house cusps, are printed on the previous page. There are four possible sections to this report, two for each of the charts. Any one of them, or all four of them, will be included here depending on which were requested. For each individual the two possible sections are: 1) How this person approaches relationships. This section considers only the one chart, and is appropriate for all relationships this individual makes. 2) How this person relates specifically with the second person. Here each paragraph interprets a contact between the two charts from one chart's point of view. The text here pertains to this one relationship only, and should be understood in light of the actual nature of the relationship. Remember that every relationship contains points of similarity and harmony as well as points of conflict and discord. Through understanding, it is possible to cultivate and encourage the positive and harmonious, and keep relationships growing and fruitful through the highs and lows of the passing years.

Report for Jennifer Garner How You Approach Relationships

You are warmly generous and always gracious with others. You have an innate sense of playfulness and self-discovery that endears you to all who come to know you. You will always have a bit of the child about you, and you tend to require considerable attention from a mate. Anyone who gets to know you knows that you take yourself ever so seriously. You prefer a mate with great ambitions and plans, who dares to dream the impossible dream! You benefit from being drawn out of yourself by someone with less self-consciousness. Above all, you really value a close friend -- especially in a lover. You are attracted to visionaries with broad humanitarian goals.

Aquarius on 7th Cusp

You love the oddball and the unfettered. You may be drawn to social visionaries and to unconventional types in general -- a taste for the bohemian. You may have many unusual relationships of short duration. There is an on-again, off-again, quality to your affairs. You depend on relationships for insights into yourself and your life.

Uranus Ruler of 7th

Report for Jennifer Garner Strengths in your relationships

You can't help but think in an organized way, and you are a stickler for routine. You love it. You probably have a scientific bent, for your analytical abilities are first rate. You love first principles and getting down to the bare bones of a subject. Mathematics and all things technological are a snap for you. You have great mental endurance and probably have done more than your share of studying. So serious.

Mercury Sextile Saturn (orb: 00 18')

You have a fantastic imagination and are somehow tuned into what we all dream of at the deepest levels. The dream worlds, the more eternal thoughts of mankind, come easy for you, and you would be a convincing speaker on occult, metaphysical, and religious subjects. The way you talk about the intuitive and imaginative realms is very moving to others. You are able to put into words the sense of unity that we all know exists in the world but can't always keep in mind. You could be a fine poet or musician, especially a composer.

Mercury Trine Neptune (orb: 00 35')

A born lover. You feel right at home with your emotions, and others can't help but remark at your bright, cheery attitude. People like to be around you because you are very expressive and always quick to reveal when you like someone or something. You seldom hide what you are feeling. A love relationship is a real necessity for you and you seldom are without one. You are at home with your sexuality.

Venus Conjunction Mars (orb: 00 50')

You have a real drive to discover or invent things. You are always pushing the envelope, going the limit. You know it is at the leading edge where all the real breaks occur. You are fascinated by what is happening in technology and communications. Others find you original and nonconventional, especially in your love life. You have your own very original idea of love, emotions, and marriage. You march to a different drummer when it comes to relationships.

Mars Trine Uranus (orb: 01 46')

You value independence in others, especially a lover. They must have some unique quality for you to take an interest. Your taste in friends runs to the unconventional. You appreciate variety in all things and are delighted when a partner comes up with a new and different way to get your attention. You don't like to be tied down. You probably have a penchant for inventions, electronics, and new-age technology.

Venus Trine Uranus (orb: 02 36')

You are comfortable with your sexual identity, and tend to be emotionally well balanced. There is a natural rhythm in the way you handle the day-to-day problems of work and play, with the result that you are capable of sustained effort. These same qualities affect your relationships too. They tend to be harmonious and long lasting.

Moon Sextile Sun (orb: 05 23')

You have a knack for coming up with just what the crowd wants. You are nothing else if not an original. You can take an ordinary event and turn it into something brand new, really special. You may have had a somewhat unusual upbringing, and you like a partner who is independent and also a bit unusual. Things are seldom boring with you, for you always have just the right idea of what to do.

Moon Trine Uranus (orb: 06 39')

You are attractive and tend to be physically active. You just might participate in or manage some athletic endeavor. You are in tune with your feelings and really know how to play a crowd for the maximum response. You can always count on support from those around you. You seldom hide how you feel and therefore are no stranger to an occasional argument. You probably got a lot of emotional support as a child, especially from your mother.

Moon Conjunction Mars (orb: 08 25')

People just naturally love you, perhaps because they sense that you really care for them too. This amounts to more than just a minor talent. You have lots of friends, and many relationships. You're just fun to be around. You may hang out with artistic types, or be one yourself. The feminine, in all of its aspects: fashion, beauty, style, etc., is your cup of tea. You love people and working with the public.

Moon Conjunction Venus (orb: 09 15')

Report for Jennifer Garner

Challenges in your relationships

You think you can get around doing things as you know they are supposed to be done. These shortcuts end up costing you a lot. You also tend to bite off more than you can chew and can have a million projects going at once. You get carried away with yourself easily in arguments, and those close to you sometimes accuse you of not being entirely fair with them.

Mercury Square Jupiter (orb: 04 00')

You may have a tendency to poke your nose into others' business. You can't resist, and yet you're often afraid of what you'll find. Skeletons in the closet and sensitive areas of people's lives both fascinate and terrify you. You have trouble just coming right out and dealing with a touchy subject. It puts you through too many changes. You would rather snoop around.

Mercury Opposition Pluto (orb: 04 15')

You have always felt vulnerable when deep emotional issues are brought up, and may have a history of avoiding confrontation and self-examination. You are ever so sensitive to ideas of death, helplessness, and vulnerability in general. You see them only too well, and they haunt you. There may well be some childhood experiences that were rough or harsh for you to accept. Any partner will have to tread very gently when it comes to matters of feelings and security. You may tend to dominate a relationship, but without success.

Moon Square Pluto (orb: 07 33')

Report for Jennifer Garner Your Relationship with Ben Affleck

You probably felt at home with Ben right from the start. You enjoy doing things together. It feels natural and good. It occurs to you that this relationship could last a while. He feels almost like family and does a lot to bring out your more domestic side. The two of you might cater to the public or run a business from your home.

His Moon in Your Fourth House

Your meeting Ben was exciting and action oriented. In many ways, you are two of a kind. Chances are that you identified with him at once. After all, he is very much like yourself -- like looking in a mirror. Just the person to draw you out of yourself and get you doing things. He may have brought a sense of adventure and risk into your life. You found yourself doing things with him, daring to live, and making a statement. You found yourself really coming across with him, being all that you can be. As corny as this sounds, the world has really been more responsive to you since you met Ben.

His Sun in Your First House

You like the way he thinks. Meeting him was probably easy, and you were able to talk right from the start. You find that he likes to talk about you and how you are, without your having to feel vain or egocentric. You enjoy this. Others may tend to see you as two of a kind, as much friends as lovers. There is a real potential for partnership here. Since the communication lines are always open, you could team up on a project involving speaking or writing -- something intellectual.

His Mercury in Your First House

It's not everyone that can have the side-effect of making us feel a little saint like. This does happen when the two of you get together. He manages to find qualities in you like self-sacrifice and forgiveness that you may have overlooked in yourself. In Ben's "light" your better qualities get exposed. He appreciates your more dreamy and psychological side too. There is a lot of silent rapport there.

His Venus in Your Twelfth House

Ben could be a positive asset when it comes to business and financial concerns. He can provide drive and may push you to improve yourself, make more money, etc. There is incentive here for you to respond to whatever opportunities may be latent in your situation. You may become more active in this regard as a result of this relationship. Money and possessions get a boost. The relationship may involve some jealousy and possessiveness.

His Mars in Your Second House

Ben tends to lead you out of yourself, and urges you to make greater efforts, to reach out and express yourself. You may overdo. Certainly he is a key person as regarding how you view and feel about yourself. Through him you have come to experience more confidence and happiness. You are proud to be with him and, most of all, he is just fun to

be with. Children and animals are two things you share. There may be a tendency to spend all at once. You feel creative and artistic around him.

His Jupiter in Your Fifth House

Whatever this relationship may or may not be, it probably is not a social triumph. Ben may tend to be a damper when it comes to group or community get-togethers. Your friends may not like him, or he may be critical of the goals of a particular group. Any groups he might approve of would have very strict morals and ethics. He may simply not like to get together in groups.

His Saturn in Your Eleventh House

Communication with Ben is stimulating and full of brainstorming and flashes of insight. He is an original thinker and always has a way to get a new slant on old problems. His influence could affect anything you do in the way of thinking, speaking, writing, electronics, technology -- communications in general.

His Uranus in Your Third House

There is a sense of romance and mystery with Ben. Your love assumes almost ideal proportions, and you both tend to get transported to some very fine states of mind. Music, poetry, art... creative expressions of all kinds seem to get a lift. Everything seems to be in synch. This is almost a storybook romance. You may tend to be carried away from time to time. You love the movies.

His Neptune in Your Fifth House

Knowing Ben can have a revolutionary effect on your thinking processes. The two of you probably have intense and passionate conversations that cut through the mundane and get right to the nitty-gritty. He is challenging, and it is more likely that there are arguments than not. He can see through any pretense and knows just how it is with you. Your speaking, thinking, and writing habits may undergo a major transformation from his influence.

Challenges in your relationship with Ben Affleck

He doesn't appreciate the way your mind works. Your words are wasted on him. You may find yourself being mentally critical of his ideals and sense of values. He doesn't like the way you think.

Your Mercury Square His Venus (orb: 03 14')

There may be some problems due to a lack of communication. There is an unwillingness on your part to discuss Ben's changes (what he is going through). You may prefer not to comment on sensitive issues, instead of the constant rehash. The resulting confrontations may be hectic and intense.

Your Mercury Opposition His Pluto (orb: 03 47')

A basic lack of communication, particularly regarding Ben's career decisions. He tends to go against your way of thinking, or you refuse to talk about this subject with him. It may be difficult to communicate.

Your Mercury Square His Jupiter (orb: 05 35')

Ben may feel that he doesn't have your support when it comes to matters of career and life direction. There may be hard feelings. You may find the decisions he makes upsetting to you emotionally. His basic philosophy of life can sometimes be at odds with the way you are feeling.

Your Moon Opposition His Jupiter (orb: 06 12')

You find that it is easy for you to hurt his feelings, or he takes offense easily, with the result that he is not always as supportive of you as you might wish. You both waste a lot of time holding out against the other. You may feel that he ignores you.

Your Sun Opposition His Moon (orb: 06 57')

The fact that you find it difficult to put up with his need for confrontation and self-analysis may cause resentment. Your lack of support in this area may lead to explosive times and hurt feelings. How You Approach Relationships

You are always sensitive to others' feelings, and you pick up on even the slightest change in mood. Life for you is, above all, an experience to be lived and felt, and you find yourself sometimes up and sometimes down. You look to your partner for continual advice and guidance. You prefer a mate who is able to give you an overview or picture of what is happening. It's even OK if your partner runs a tad cool, because you tend to run a little hot... sometimes gushy. You depend on the calm, disciplined advice of a good manager -- which is what your partners often turn out to be.

Capricorn on 7th Cusp

You like a partner that is a hard worker, perhaps a little on the serious side -- a mainstay of the community. They may tend to run a little cooler than hot, and this is OK with you. You may benefit from the discipline that an older, more accomplished, life brings to you. You may have a tendency to find your partners restrictive and too serious at times.

Saturn Ruler of 7th

Report for Ben Affleck **Strengths in your relationships**

You really know how to pace yourself and seldom waste a moment or a move. It would be difficult for you not to be a success at anything you choose to do. Career problems seldom last long or prove very difficult. Others remark on your creative energy, great drive, and the fact that you never seem to let up. It all runs so smoothly. You may be moved to work with the law, publishing, education -- any field where you have an opportunity to guide and educate others.

Mars Trine Jupiter (orb: 01 36')

People just naturally love you, perhaps because they sense that you really care for them too. This amounts to more than just a minor talent. You have lots of friends, and many relationships. You're just fun to be around. You may hang out with artistic types, or be one yourself. The feminine, in all of its aspects: fashion, beauty, style, etc., is your cup of tea. You love people and working with the public.

Moon Trine Venus (orb: 02 42')

A real love of science and natural laws. You are a hard and tireless worker with absolute determination and the ability to carry great projects through to completion. Always the protector to all those you come to know, you tend to have long and secure relationships. Since you are a natural conservative, those older than yourself (authority figures) tend to benefit you.

Sun Sextile Saturn (orb: 04 05')

You are attractive and tend to be physically active. You just might participate in or manage some athletic endeavor. You are in tune with your feelings and really know how to play a crowd for the maximum response. You can always count on support from those around you. You seldom hide how you feel and therefore are no stranger to an occasional argument. You probably got a lot of emotional support as a child, especially from your mother.

Moon Sextile Mars (orb: 04 32')

An original thinker, perhaps an inventor. You have a very sharp mind, capable of real insight. You are always thinking of new ways to do things or a new use for something. You are great at finding solutions for existing problems where others have run out of ideas. Almost anything can be turned to an advantage, once you put your mind to it. Communication of all kinds, especially computers, electronics, and the new technology, is right up your alley.

Mercury Sextile Uranus (orb: 04 37')

You have an uncanny sense of justice coupled with an innate ability to interpret the law, whether manmade or natural. This may manifest thru your showing others the way thru, or beyond, the problems in their lives. A practical sense of how to manipulate the opportunities that appear in life. Just plain luck! A natural love for those with more experience or authority. A teacher, or benefactor, is likely.

Sun Trine Jupiter (orb: 05 59')

You have great emotional control, and this allows you to pace yourself in ways average people cannot. You can keep control when others lose it. This suggests the capacity for sustained effort on your part which may manifest in a natural athletic ability. Your relationships, which tend to be long lasting, are easy going. There is an accent on leadership and masculinity.

Sun Conjunction Mars (orb: 07 35')

Report for Ben Affleck **Challenges in your relationships**

You sometimes have trouble distinguishing between your dreams of life and the actual reality. Or you lack the discipline to make those dreams real, to work to make reality be as you always dreamed it could be. This could lead to unreasonable expectations of other people, especially your lover. A tendency to daydream finds you with a number of false starts. You are easily distracted and have difficulty carrying things through to the finish. You may worry about being deceived by others.

Mars Square Neptune (orb: 02 15')

You don't always say just what you mean. For that matter, you may sometimes not even know how you feel about something. You tend to envy people who can always put their finger on how they feel. It can be hard for you to talk about your feelings. Any partner will have to understand this about you. Are you often moody? Yes, probably.

Moon Square Mercury (orb: 06 04')

Power struggles are no stranger to you. You tend to put off confrontations until they build up and then explode, kind of like having your own built-in volcano. You probably have considerable emotional tension and a strong sexual drive. Your flair for secrecy could find you with more than one lover, several affairs.

Venus Square Pluto (orb: 07 00')

You could have a fear of the new and different -- of sudden changes. However, once they occur you really get a charge out of them. You would like to break away and live an unusual, exciting existence, but your conventionality holds you back from making the move. The result is that you often feel frustrated and mired in the humdrum. Jealousy in love affairs could present a problem.

Venus Square Uranus (orb: 07 60')

You may have a fear of taking the plunge, letting go. Perhaps you are hesitant to trust your vision or your dreams, lest they overpower your day-to-day routine. As for relationships, you tend to worry about being deceived. There is tension present as to just how much you dare trust your more mystical side. Perhaps you have been disappointed by authority figures, more due to your over-idealizing them than to their own faults.

Sun Square Neptune (orb: 09 50')

Report for Ben Affleck Your Relationship with Jennifer Garner

She has a healthy psychological effect on you. You probably have long and involved discussions, perhaps secluding yourself from the rest of the world for a time. Through knowing her you feel more accepting of the way life and the world are. She is supportive of the tendency in yourself to forgive and forget, to suffer the pangs and arrows of life in favor of its better qualities. When you are with her, you can become very accepting, tranquil, almost sweet.

Her Moon in Your Twelfth House

The two of you probably met as part of a group that shared some common interest. Jennifer struck you as a peer, an equal who shared perhaps the same new-age way of seeing things that you do. You have both had the same vision, a common dream, and probably share a mutual resolve to see that those dreams happen. There is a sense of a brave new world about this friendship. The two of you standing on the edge of the future. She represents the way you feel relationships should be. There is a feeling of doing the right thing, what ought to be done, even at the expense of a little warmth.

Jennifer is someone you will value for her practical and pragmatic outlook on life. You may come to depend on her advice regarding your career, or work. She can put into words ways and ideas of doing things that may better help you manage your own business. Her Mercury in Your Tenth House

It's not everyone that can have the side-effect of making us feel a little saintlike. This does happen when the two of you get together. She manages to find qualities in you like self-sacrifice and forgiveness that you may have overlooked in yourself. In Jennifer's "light" your better qualities get exposed. She appreciates your more dreamy and psychological side too. There is a lot of silent rapport there.

Her Venus in Your Twelfth House

Jennifer has the effect of moving you to give up old habits and unwanted traits. She motivates you to greater will power and self-control than you might achieve on your own. If you're not up to it, she may tend to badger and shame you a bit. All in all, her influence results in your throwing aside many a burden and assuming a more willing and receptive attitude.

Her Mars in Your Twelfth House

You love to work together. Jennifer has a knack for getting you involved and feeling more responsible. She may introduce you to many new ideas concerning food, health, exercise -- new-age ideas. You may have found yourself caring more about other people and about all of life when you are with her. You have become more self-sufficient

through knowing her. She may influence your work situation too, especially in how you get along with subordinates.

Her Jupiter in Your Sixth House

She seems to be very hard on your sense of altruism. Your attempts to be charitable or to sacrifice may be played down or belittled by her. She won't tolerate your feeling sorry for yourself or for the state of the world. It could be difficult for you to feel philanthropic or kind when the two of you are together.

Her Saturn in Your Twelfth House

Jennifer could be your key to off-beat life styles, alternate ways of living, and new-age homes. Perhaps your home life and day-to-day routine has changed since you first met her. She may encourage you to try different methods of child-rearing, homesteading, or family methods. The traditional life style is just not Jennifer's way.

Her Uranus in Your Fourth House

If this is anything else but a brief philosophic or artistic tryst, you may have to take some preventative measure. Jennifer tends to get you carried away to the point of neglecting responsibilities -- the details of life. Somebody has to empty the garbage, and she may not be the first one to suggest it. She may bring a soothing relief to some of the harsher aspects of life. There is a real temptation to escape from all the little details.

Her Neptune in Your Sixth House

You have an immediate gut reaction from Jennifer, especially when she challenges your more traditional ideas of security -- home and family. She can be a disruptive force in your day-to-day routine and home life. She knows just how to get at you, and you may become very emotional when the two of you are together. You may find yourself hiding this relationship, reserving it for times when you can be alone with her.

This is an easygoing relationship with plenty of give and take on both sides and very little friction. There is a tendency to identify with one another, and you both have a great deal in common.

Your Sun Trine Her Sun (orb: 05 10')

You somehow are able to put Jennifer's dreams and ideals into words. She finds you very imaginative, even eloquent, and may love poetry and music that you write. There is a basic sense of shared ideals, and you have long dreamy conversations.

Your Mercury Trine Her Neptune (orb: 06 02')

Talk, talk, talk. You both love to do it. You both understand each other so well that words are hardly necessary. There is a real sense of shared ideas -- a common mind.

Challenges in your relationship with Jennifer Garner

Romance aside, this is not a good combination for any business relationship. You are not very appreciative of her decision-making, and you probably seldom take her advice when it comes to career decisions. She may persevere against your best wishes, with the result that she may tend to overdue, overspend, and get carried away.

Your Venus Opposition Her Jupiter (orb: 00 47')

You don't like the way she thinks and expresses herself. You just don't appreciate many of the things she says to you. This bugs her, and she may insist on going against your own set of values.

Your Venus Square Her Mercury (orb: 03 14')

You may feel that her attempts to discipline you are ineffective at best. Throwing cold water on your enthusiasms has never done much for you. You may delight in shattering her neat little universe from time to time. You feel repressed by her.

Your Mars Square Her Saturn (orb: 04 18')

You may feel that Jennifer is a hopeless dreamer, and you may refuse to get behind what you term escapism on her part. Your own ambitions run counter to her own sense of mystery and idealism. She may disappoint or deceive you.

Your Mars Square Her Neptune (orb: 04 34')

You may not feel very supportive of Jennifer, and she may not be able to depend on you as much as she would like. She seems to go against your feelings more than a little, and this could lead to many a confrontation.

Your Moon Opposition Her Sun (orb: 06 57')

You can't appreciate her continual need for self-analysis and confrontation. She never seems happy unless she has reduced every meeting to its lowest common denominator. She may go against all that you hold dear, and drag you through scene after scene. A problem.
