## Your Planetary Day

While the calendar we use in the West dates from the 1500s, the seven days of the week have repeated without interruption for over two millennia. From ancient times, each day of the week has been associated with the Sun, Moon or one of the five visible planets. The weekday on which you were born shows where you stand in this ancient seven-fold cycle, and gives you a special link with the quality of its planetary ruler.

### *You were born on a Wednesday.*

This is the day of Mercury, well known as the messenger of the gods and ruler of intelligence, communication, transportation and commerce. Mercury also rules mediumship, magic and the mantic arts, and was the guider of souls in the underworld. In English, Wednesday is named after the great Norse god Woden, who much like Mercury was associated with writing, wisdom, poetry, and also with prophecy, magic, shape-shifting and disguise. Dual in nature, Mercury rules trickery as well as truth, and is as hard to pin down as his metal, quicksilver. The German name for Wednesday means simply mid-week, and of the seven directions of space, Mercury signifies the middle. In the Kabbalah, Mercury is associated with Raphael, the civilizing angel. “Wednesday’s child is full of woe.” — *Harper’s Weekly*, 1887.

## About Personal Numerology

The report that follows explores the numerological meaning of your birth date and the full name that was given to you at birth. Its aim is to make you more aware of the tendencies and patterns in your life, so that you can live more consciously, and more fully become the person you were meant to be.

As you read the following pages, remember that they describe pure types for each number. No one, of course, exhibits these character traits in their pure form. Instead, each of us is multi-dimensional, made up of many energy imperatives vying for expression. Some energies harmonize easily, while others are at cross-purposes, causing us to live with contradictions and inner conflicts. Our task is to honor all parts of ourselves and work at bringing our disparate selves into some kind of balance and cooperation. By making us more aware of our inner tendencies, numerology can help us to do this all-important work on ourselves.

In our families and other groups of which we are a part, some behaviors are encouraged and others are discouraged. If who we are wasn’t acceptable, we probably contorted ourselves to be what others wanted us to be. If so, we may have become what is called a “turn-type.”

For example, we may negatively manifest a number by expressing its opposite, as when the independent number 1 type becomes extremely dependent. Alternatively, the energy is out of balance and expressed extremely, as when the daring number 1 type becomes foolhardy. Or the energy is not developed enough, so that the number 1 is cowardly instead of courageous.

Because we feel that a certain trait is unacceptable and unworthy of us according to the biases of our family, superiors or peers, we may not be able to relate to it in ourselves. We may then spend many years discovering who we really are apart from other people's expectations of us.

Studies such as numerology can help us find our way out of this maze, orienting us toward our true being and the highest manifestation of what we are. They can give us an objective picture of our strengths and weaknesses, show us our place in the larger scheme of things, and help us find the hidden gold in our characters, which we may not have even suspected that we had.

**How Numerology Works.** Through the use of ancient principles, numerology can derive a world of meaning from your birthdate and birth name. In the course of your life other numbers may become important for you, and you will probably acquire other names, but, like your astrological birth chart, the numerological vibrations at the very beginning of your life set the tone for all that follows.

To find the meaning inherent in your day, month and year of birth, numerologists add the digits in various ways. Most totals turn out to be more than one digit. They therefore reduce them to a single digit by adding the digits together. Whenever a total turns out to be a master number like 11 or 22, however, it is left as-is. These doubled numbers have a special significance, and are given special interpretations.

To find the numerological meaning of your name, numerology assigns a number to each letter of the alphabet. In the Pythagorean system used in this report, A = 1, B = 2, and so on through the first nine letters, and then we repeat the cycle through the rest of the alphabet. We then total the numbers corresponding to the vowels, the numbers corresponding to the consonants, and the numbers corresponding to all the letters to determine specific things about your character.

Each digit from 1 to 9 represents a specific stage in a cycle and has its own set of associations. In general, the odd numbers are considered introverted, in the sense of being primarily focused on inner life. The even numbers tend toward extroversion: that is, being primarily focused on outer activities. The numbers 1, 6, and 22, however, are considered dual in nature.

This said, let us now look first at your basic character and the major themes in your life.

## **Your Life Path**

The total of the day, month and year of your birth is called by numerologists the Life Path, Life Lesson, Birth Path, Birth Force or, sometimes, the Destiny number. This number is chosen by nature rather than by you or your parents, and it reflects the season and historical era of your birth. As its names suggest, it shows your mission in life, your life work and what the universe intends for you. It shows the opportunities you must seize in order to make the most of your potential. Following the life path that has been given to you will enable you to avoid continual discord and frustration, and to unfold in the way that is best for your nature. When you find your true place in the world, you will feel at home.

### ***Your birthdate total is 9.***

Your Life Path of 9 means that yours is a destiny on a universal level, where the aim is an expanded consciousness and capacity for human understanding. Develop any artistic talent you have as a means of communicating the universal truths you want to express. Keep yourself free to experience the many emotional contacts you will have. With your broad, unprejudiced philosophical outlook, you have the possibility of inspiring others and of rendering service to humanity.

### **What Motivates You in Life**

We now move on to the name that you were given at birth. We first look at the total of the vowels in your full birth name, because this shows the emotional force that drives all that you do. Variously known as the Motivation, Soul Urge, Heart's Desire, or Inner Self number, the vowel total shows what you want out of life. Along with the Impression and Expression numbers that will be discussed below, it is a basic component of your character.

### ***The vowel total in your name is 11/2.***

As a Motivation number, the master number 11 indicates the potential for creative genius. You could be a special person possessing great vision and ideals, one who sees beyond ordinary horizons. You tend to be the dreamer who envisions a better world, but who can have difficulties adjusting to the realities of this one. To see your ideas take form, you need to work at developing the practical side of your nature. It helps to have a strong, down-to-earth partner who understands your most special spirit and who can help you to accomplish your goals.

As a master number, 11 is too high and potent a vibration to be used continuously. You will find that it is, in fact, a 2 vibration that motivates you in daily life. At the 2 level, you desire much love and understanding, and are at your best when following another person's ideas or direction within a marriage or other type of partnership. Highly motivated to cooperate with others, you enjoy sharing. Your life centers around a harmonious and peaceful existence, a life that is comfortable, but where the material aspects take second place to human and social values.

Colors, gems and metals have number vibrations, too. When you're feeling the inspiration of your 11 vibration and wish to relax and be at peace with yourself, wear the color silver or the metal platinum. When you're feeling the more human 2 vibration and want to relax, you should wear orange as a color and the moonstone as a gem.

## **More about Your Emotions and Motivations**

The first vowel in your first name augments or mitigates the force of the vowel total, and gives additional information about your emotional nature and underlying motivations in life. It manifests differently depending on whether the vowel sound is long or short. The long vowel gives a more direct and forthright expression, while the expression of the short vowel is more muted.

### ***The first vowel in your name is A.***

“A” feels courageous and daring, and gives you the soul of a warrior. Often you do not look before you leap, impulsively getting yourself into more hot water than you'd like. But you have the dash and flair to extricate yourself no matter what. You like to be on the front line, and are not afraid to go out on a limb for your beliefs. Preferring to be the one in control, you do not take well to authority. You want to call the shots and go it alone, because you are often too impatient to wait for others.

## **The Impression You Give to Others**

The total of the consonants in your name is known as the Impression, Personality, Outer Self or Adapted Self number. As its names suggest, this number signifies your persona, the face you show to the world. It shows the vibrations that you project, how others see you, and the kind of impression that you make on those around you. This has its origin in your illusions and fantasies, the world you create for yourself in daydreams. Given enough energy, your fantasies become reality, because you tend to become who you think you are.

### ***Your consonant total is 9.***

Having the Impression number 9, you have a very emotional nature, and with it comes a strong desire for love, both personal and universal. You envision yourself as the humanitarian whose life is dedicated to service. You desire to create something that benefits humanity and that makes you feel truly needed. You dream of being a magnetic person who is widely respected for vision and compassion. By exercising tolerance and understanding, you feel that you can right the wrongs of the world.

Your Impression colors are the brightest shade of any color, and your Impression gem is the opal. Wear these when you want to be sociable and enjoy the company of others.

## **The Way You Express Yourself**

The total of all the letters in your full name is variously called the Expression, Mission or Life Purpose number. Composed of both the vowels and the consonants, it represents the blending of your inner and outer selves. It thus shows the natural expression of your goals and desires: what you do best, and, by extension, your talents and career potential. It also indicates how you deal with the outside world: your style of solving problems, getting things done, and negotiating with others to attain what you would consider success.

### ***Your name total is 11/2.***

As an Expression number, the master number 11 can indicate great potential as an enlightened thinker with excellent intuition and vision. You have the ability to create harmony out of conflict, but can have difficulty maintaining your own equilibrium. Your tastes run to the exotic, and you have a mysterious and otherworldly air. Spiritual in nature and high-strung, you are best off when working with others who are more practical than you. The supreme idealist, you need to become more grounded if you are to apply your ideals to the real world.

A master number is too powerful a vibration to be used all the time. Instead, it requires special circumstances and energies. In daily life, you will find that you tend to express yourself on a more human 2 level. Here you can sense the feelings of others, and this enables you to be a natural peacemaker. You bring love to your circle of family and friends, and inspire others to be more patient and tolerant. You dress modestly, as you are not really interested in being the center of attention. You are quite happy to go along with the crowd. Do not allow a tendency toward passivity to cause you to end up with the short end of things.

When you are feeling inspired and operating on your 11 level, you are more likely to be at your serious best when you are wearing the color silver and/or the metal platinum. When you want to be businesslike but are living at your more human 2 level, it's best to wear orange and/or the moonstone.

## Careers Offering the Best Self-Expression

Having the master number 11 as your name total gives you great flexibility in your choice of careers. To work up to the demands of your 11 Expression number, consider these kinds of jobs:

**The Boss:** the leader of a reform movement.

**On Stage:** clergyman, reformer, religious leader, actor, promoter, musician, political campaigner, teacher, lecturer, auctioneer, any work with the mass media.

**Service:** diplomat, revenue collector, beauty specialist; lawyer, psychiatrist, psychologist; charity, welfare or social worker; counselor for the elderly, young, or unemployed,.

**Just You:** inventor, philosopher, poet, biographer, composer, novelist, writer on religious or spiritual matters, critic, explorer, antique dealer, filmmaker, psychic, mystic, searcher for spiritual enlightenment or expanded consciousness.

**Best Bet:** any job where your special talents can reach the public.

Alternatively, to work at the less demanding level of a 2 Expression number, consider the following careers:

**The Boss:** club organizer, tour director, producer, publisher.

**On Stage:** politician, musician, entertainer in a group, teacher.

**Service:** diplomat, secretary, civil servant, office worker, analyst, collection agent, nurse, psychologist, homemaker, waitperson, mechanic, psychic or medium.

**Just You:** bookkeeper, librarian, antique dealer, poet, novelist.

**Best Bet:** any job where you work as a member of a team.

## **The Power You Can Achieve in Maturity**

The total of the day, month and year of your birth and your full name at birth is known variously as the Power, Maturity, Reality, Real Self, Final Opportunity, Destiny or Goal Power number. A summation of both your name and your birthdate, this number shows how the two principal streams of energy converge to fulfill the purposes of your true self. The Power number is of great significance because it gives a clue as to what your ultimate life purpose might be.

This vibration usually becomes manifest only in the later part of your life. In the first half of life it tends to exist only as a potential. In these earlier years you live through many experiences that temper and define your character and aptitudes. Not until the age of 35 or 40 do most people live through enough life events to find their life purpose and develop it to the point where it becomes their main focus and direction. It is then that fulfillment comes. But this is usually achieved only after many false starts, and years of struggling to gain self-knowledge.

Finding your right place in life is gratifying. If you have not pushed through to this achievement, you can be dissatisfied and unhappy. You may feel at loose ends, without direction, rudderless and ill at ease. But if you have lived your life in accord with the purpose that was meant to be fulfilled in this life, you will find contentment and peace of mind.

What follows is the mature expression of your Power number. Mature development is not about living out someone else's idea of what you should be. It has more to do with honoring your own way of being in the world and moving from your own center. It is about trusting the process of unfoldment that exists within each of us and making this your guiding principle.

***The total of your name and birthdate is 11/2.***

A Power number of 11 is too high and intense a vibration for many people to live up to, at least at first. Most people who have 11 as a Power number will begin by operating on the lower vibration of 2. For you this means perfecting the art of functioning in groups or as a couple, and exercising your emotional intelligence and people skills to mediate and bring harmony between opposing factions. You may also take your pursuit of harmony into art, music or dance. Twos have a reputation for having a kind and sensitive nature, and are happy to remain in the background, leaving the spotlight for more extroverted types.

As time passes and you become more skilled at life, you may leap into the higher orbit of the 11 vibration from time to time, possibly with increasing frequency over the years. This is a whole new sphere where fame is a definite possibility. You will develop a more far-reaching vision and a wider (perhaps worldwide) sphere of action. As you draw more and more upon your higher mind, you will increase in intuitive abilities, possibly even becoming psychic. Brimming with insights to share, you are likely to be drawn to teaching, speaking or writing. This could be on a variety of topics. With your spiritual inspirations you may become a preacher or religious leader. With your compassionate idealism and sense of justice, you may crusade for causes such as peace. Or with your original, inventive mind you may find yourself on the cutting edge of science or technology. Whatever you do on your 11 Power vibration, your life will most likely be an extremely active one of successfully meeting challenges and taking big risks.

***Tarot Key 11: Justice***

To gain further insights about your Power number, it can help to look at the Tarot trump that corresponds to it. In your case, this is the card called Justice. The card shows her seated, holding the scales of balance and the sword that cuts through to the truth. The balance tries out first one side, and then the other, before achieving equilibrium. Then the sword makes a clean decision, at one stroke severing right from wrong. In numerology, the Justice Card represents the higher vibration of Key 2, the High Priestess. Whereas the High Priestess bridges the opposites of the conscious and the unconscious in the inner, personal realm, Justice mediates between persons and ideas in the outward, social realm, and must actively make a decision.

In some Tarot decks, Key 11 is the card called Strength. This is also a card that you might want to contemplate.

## **Your Karmic Lessons**

Karma numbers are digits that are completely missing in the letters of your name as given at birth. Most people have one or more Karma numbers. These missing digits serve as a guide to the areas of your life and personality that may be lacking. Such areas will benefit from special attention. If you ignore these blind spots, life can have a painful way of making you notice them. This, however, can eventually spur you forward on the path to wisdom. When you develop yourself in these areas, you will feel much more whole and complete.

### ***The number 2 is missing in your name.***

With a Karma number of 2, you may lack patience and tend to be overly sensitive. You may have experiences where you are forced to learn to get along better with others.

### ***The number 4 is missing in your name.***

With a Karma number of 4, you may have to fight a tendency toward laziness and a lack of focus and concentration. You'll strengthen your character when you cultivate discipline and make an effort to work steadily for what you want.

### ***The number 8 is missing in your name.***

With an 8 Karma number, you are ambitious, but your judgment may not always be the best. You must learn the value of money, and find out how to use power responsibly.

## **Your Subconscious Response**

Your Subconscious Response is related to how many Karma numbers you have. It shows the way you tend to react in emergencies, when you have no time to consult your intellect.

### ***Your Subconscious Response number is 6.***

In rough times, you think first of your family, friends, loved ones and possessions. You are very protective of what is yours, and your responses are generally practical and responsible. The main thing to be aware of is that your sentimental attachments tend to win out, even in situations where a more reasoned approach would be more appropriate.

## **Your Youth, Maturity and Later Years**

So far, we've discussed the number vibrations that stay with you throughout your life. Now we move on to the three major periods of your life as shown by your Life Cycle numbers. These are derived from reducing the digits in your month, day and year of birth. The sum of the month digits describes the first period; the day, the second period; and the year, the third period.

***Your First Life Cycle starts at birth and lasts until age 28.***

***Its number is 5.***

In youth you are the one who must learn everything for yourself. Quick to learn, but easily bored, you don't fit into a structured lifestyle. You do everything "early," and the chances are good that you aren't among those who cling to the security of the home. If your early life is too unsupervised and unstructured, you run the danger of indulging an appetite for drugs, drink, sex, or other forms of excitement.

During the First Life Cycle, your Life Path number and your First Minor Challenge number are also especially important influences.

***Your Second Life Cycle starts at age 28 and lasts until age 55.***

***Its number is 7.***

Analysis is the key to your middle cycle. During your middle years you probe deeply to understand all that is going on around and inside you. You are highly sensitive at this time, and it may be best to keep your feelings to yourself. Because you need much time alone to think things through, your partner, if you have one, will need to understand this.

During this Life Cycle or the next, your Power number generally begins to manifest.

***Your Third Life Cycle starts at age 55 and lasts until death.***

***Its number is 6.***

Your final life cycle will be concentrated around the home, so it's best to prepare the way by building a solid life around family and friends. You're promised lots of companionship and the security of the comfortable and familiar. It's a mellow, comfortable way to spend your golden years.

## **Major Decision or Turning Points in Your Life**

Your Turning Points or Pinnacles are also derived from your full birthdate. Each of them defines a period in your life and the special issues that you will face during that period. As their name suggests, Turning Points show points of choice where you need to make decisions. Besides showing the issues at stake, the Turning Point number indicates the choice that will be best for you. Turning Points are like tests that you must pass before proceeding forward. The happiness that you feel in a given Turning Point period depends on the choices you've made and the skills you've developed when faced with the previous Turning Point.

***Your First Turning Point starts at birth and lasts until age 34.  
Its number is 3.***

This youthful Turning Point offers a chance to expand socially and artistically. Learn now to be cheerful and creative. To make the most of your creative potential, you will need to learn to apply yourself steadily and not scatter your energies. You may then have a chance to bask in the limelight and enjoy the applause.

***Your Second Turning Point starts at age 35 and lasts until age 44.  
Its number is 4.***

The next nine years of your life will test your ability to learn to be practical and realistic. This is a time for careful, disciplined work so that you can give your most productive years a firm and orderly foundation. Developing perseverance and a consistent application to work will bring rewards for the rest of your life. If you feel cramped economically during this period, remember that this is probably a passing influence.

***Your Third Turning Point starts at age 45 and lasts until age 54.  
Its number is 7.***

This 7 vibration may mark a pause in the prime of your life as you turn inward to integrate your experiences and meditate on the meaning of it all. For some, this may be merely retreating from the demands of the world, but it is possible to make this period a true voyage to the sometimes scary but potentially rewarding places inside. If you complete this voyage successfully, you lay the foundation for an old age marked by true wisdom and the ability to give something of great value to the world.

***Your Fourth Turning Point starts at age 55 and lasts until death.  
Its number is 11/2.***

In the last period of your life, an 11 master number bids you to call upon all that you have achieved so far, and use this to make a lasting contribution to the world. You will be gifted with unusual inspiration and insight and could leave the world a legacy of innovation. This is a difficult vibration, and it can be nervously exhausting, but should you choose to go with it, you will have the exhilaration of knowing that your life has made a difference.

## **The Challenges You Will Meet**

Everyone is born with special lessons to be learned. Again, your full birth date has inherent in it two Minor Challenges that are usually presented to you earlier in life, and a Major Challenge that is lifelong but which you will probably get to master only later in life.

Challenges may at first present themselves to you as external obstacles to your progress, but they arise from the deficiencies that you are born with, parts that are lacking or underdeveloped. Once you can determine exactly what the weak link is, you can make a conscious effort to strengthen that trait within yourself. This takes willpower and may sometimes feel as if you are going against the grain, but it pays off abundantly in terms of progress and success in life. As you tackle each challenge, your fears are pushed back, your scope enlarges, and you feel more comfortable in the world.

### ***Your First Minor Challenge number is 2.***

The First Minor Challenge usually crops up early in life. When its number is 2, you may be painfully timid, thin-skinned, and sensitive to the slightest hurts from others. Your challenge here is to maintain your remarkable sensitivity to feelings and vibrations, but not feel personally hurt or threatened. Remember that when others are cruel it comes from their own unhappiness and really has nothing to do with who you are. Cooperation with others may be a major theme in your life, and an additional challenge with this number is to learn to work with others without either leaning on them or trying to dominate the situation.

### ***Your Second Minor Challenge number is 1.***

When the number 1 is your Second Minor Challenge, you will probably need to do most of your work on this area in mid-life, during your Second Life Cycle from about ages 35 to 62. This is a time to work on your will power and on asserting yourself as an individual. It is a time to overcome dependency and stand on your own feet so that you don't believe you need to please others in order to survive. Pick a goal, and in working toward it you will realize your own powers. Then you will have earned the respect of others and yourself.

### ***Your Major Challenge number is 1.***

You face your Major Challenge throughout life. Most likely, however, you will find yourself needing to do the most work on it during your Third Life Cycle, after the lesser challenges have been met. With a Challenge number of 1, you must fight to overcome a sense of being held down by those with stronger wills. To meet this challenge, you must learn to assert your independence and discover your own individuality, while at the same time respecting the rights of others.

## **Your Best Activities for the Year**

Your Personal Year number combines your birth month and day with the current year. Personal Year numbers go in a recurring nine-year cycle of development. Each time you go around the cycle you have a chance to do things with added wisdom and skill. Keeping your activities in tune with your current year vibration can make your existence more harmonious and keep your unfoldment upon its intended track.

Some numerologists believe that the new personal year number begins on January 1st of the new year. Others believe that it doesn't change until your birthday on that year, so that up until your birthday you would be using the personal year number for the preceding calendar year.

### ***Your Personal Year number beginning on Jan 1 2005 is 19/1***

A 1 Personal Year begins a new cycle. This is a time to make a fresh start, a time to plant seeds that will mature in the next nine years. In this opening phase of a new cycle you should make a special effort to maintain your independence and individuality, make your own decisions, and rely on your own abilities and instincts. Stay at the forefront, and do not take a back seat to anyone. This is the year to focus on *your* ideas, *your* needs, and the fulfillment of *your* dreams. Once you get your own thing going, you will be better able to relate to another person in the next stage of the cycle. So for now, exercise your own creative powers as fully as possible, and use all that fresh new energy to plunge ahead into new areas that you can develop more fully later. In all things this, year, Initiate.

### ***Your Personal Year number beginning on Jan 1 2006 is 20/2***

In a 2 Personal Year, you become softer and more receptive, and your focus naturally turns toward partnership and cooperation with others. It is time to seek out a person who will help you to crystallize your dreams. Then you should listen to your partner, be diplomatic and patient, and perfect the art of working as a team in a spirit of respect and harmony. When two hearts come together in a common effort, in an atmosphere of give-and-take and mutual regard, you can accomplish wondrous things. As receptive as you are to another person, you should also be receptive to your own inner knowing. In all things, the keyword this year is Accommodate.
