## **Your Planetary Day**

While the calendar we use in the West dates from the 1500s, the seven days of the week have repeated without interruption for over two millennia. From ancient times, each day of the week has been associated with the Sun, Moon or one of the five visible planets. The weekday on which you were born shows where you stand in this ancient seven-fold cycle, and gives you a special link with the quality of its planetary ruler.

### ***You were born on a Thursday.***

In English, Thursday is named for Thor, a Norse god of superhuman strength and appetites. Like Jupiter, who gives his name to Thursday in the Romance languages, Thor is associated with thunder and rain and also with increase and good luck. The god of the skies, Jupiter embraces whatever is spacious and high and inclusive, and so astrologically he symbolizes the priest, wisdom, and institutions like religion and law which stand over society and hold it together. Jupiter's weaknesses are overdoing, overspending, making sweeping generalizations, and hypocrisy; his strengths, wisdom, "seeing the big picture," generosity, and zest for life. In the Kabbalah, Jupiter is ruled by Zachariel, the administering angel. "Thursday's child has far to go." — *Harper's Weekly*, 1887.

## **About Personal Numerology**

The report that follows explores the numerological meaning of your birth date and the full name that was given to you at birth. Its aim is to make you more aware of the tendencies and patterns in your life, so that you can live more consciously, and more fully become the person you were meant to be.

As you read the following pages, remember that they describe pure types for each number. No one, of course, exhibits these character traits in their pure form. Instead, each of us is multi-dimensional, made up of many energy imperatives vying for expression. Some energies harmonize easily, while others are at cross-purposes, causing us to live with contradictions and inner conflicts. Our task is to honor all parts of ourselves and work at bringing our disparate selves into some kind of balance and cooperation. By making us more aware of our inner tendencies, numerology can help us to do this all-important work on ourselves.

In our families and other groups of which we are a part, some behaviors are encouraged and others are discouraged. If what we are wasn't acceptable, we probably contorted ourselves to be what others wanted us to be. If so, we may have become what is called a "turn-type."

For example, we may negatively manifest a number by expressing its opposite, as when the independent number 1 type becomes extremely dependent. Alternatively, the energy is out of balance and expressed extremely, as when the daring number 1 type becomes foolhardy. Or the energy is not developed enough, so that the number 1 is cowardly instead of courageous.

Because we feel that a certain trait is unacceptable and unworthy of us according to the biases of our family, superiors or peers, we may not be able to relate to it in ourselves. We may then spend many years discovering who we really are apart from other people's expectations of us.

Studies such as numerology can help us find our way out of this maze, orienting us toward our true being and the highest manifestation of what we are. They can give us an objective picture of our strengths and weaknesses, show us our place in the larger scheme of things, and help us find the hidden gold in our characters, which we may not have even suspected that we had.

**How Numerology Works.** Through the use of ancient principles, numerology can derive a world of meaning from your birthdate and birth name. In the course of your life other numbers may become important for you, and you will probably acquire other names, but, like your astrological birth chart, the numerological vibrations at the very beginning of your life set the tone for all that follows.

To find the meaning inherent in your day, month and year of birth, numerologists add the digits in various ways. Most totals turn out to be more than one digit. They therefore reduce them to a single digit by adding the digits together. Whenever a total turns out to be a master number like 11 or 22, however, it is left as-is. These doubled numbers have a special significance, and are given special interpretations.

To find the numerological meaning of your name, numerology assigns a number to each letter of the alphabet. In the Pythagorean system used in this report, A = 1, B = 2, and so on through the first nine letters, and then we repeat the cycle through the rest of the alphabet. We then total the numbers corresponding to the vowels, the numbers corresponding to the consonants, and the numbers corresponding to all the letters to determine specific things about your character.

Each digit from 1 to 9 represents a specific stage in a cycle and has its own set of associations. In general, the odd numbers are considered introverted, in the sense of being primarily focused on inner life. The even numbers tend toward extroversion: that is, being primarily focused on outer activities. The numbers 1, 6, and 22, however, are considered dual in nature.

This said, let us now look first at your basic character and the major themes in your life.

## **Your Life Path**

The total of the day, month and year of your birth is called by numerologists the Life Path, Life Lesson, Birth Path, Birth Force or, sometimes, the Destiny number. This number is chosen by nature rather than by you or your parents, and it reflects the season and historical era of your birth. As its names suggest, it shows your mission in life, your life work and what the universe intends for you. It shows the opportunities you must seize in order to make the most of your potential. Following the life path that has been given to you will enable you to avoid continual discord and frustration, and to unfold in the way that is best for your nature. When you find your true place in the world, you will feel at home.

Given enough energy, your fantasies become reality, because you tend to become who you think you are.

## **The Power You Can Achieve in Maturity**

The total of the day, month and year of your birth and your full name at birth is known variously as the Power, Maturity, Reality, Real Self, Final Opportunity, Destiny or Goal Power number. A summation of both your name and your birthdate, this number shows how the two principal streams of energy converge to fulfill the purposes of your true self. The Power number is of great significance because it gives a clue as to what your ultimate life purpose might be.

This vibration usually becomes manifest only in the later part of your life. In the first half of life it tends to exist only as a potential. In these earlier years you live through many experiences that temper and define your character and aptitudes. Not until the age of 35 or 40 do most people live through enough life events to find their life purpose and develop it to the point where it becomes their main focus and direction. It is then that fulfillment comes. But this is usually achieved only after many false starts, and years of struggling to gain self-knowledge.

Finding your right place in life is gratifying. If you have not pushed through to this achievement, you can be dissatisfied and unhappy. You may feel at loose ends, without direction, rudderless and ill at ease. But if you have lived your life in accord with the purpose that was meant to be fulfilled in this life, you will find contentment and peace of mind.

What follows is the mature expression of your Power number. Mature development is not about living out someone else's idea of what you should be. It has more to do with honoring your own way of being in the world and moving from your own center. It is about trusting the process of unfoldment that exists within each of us and making this your guiding principle.

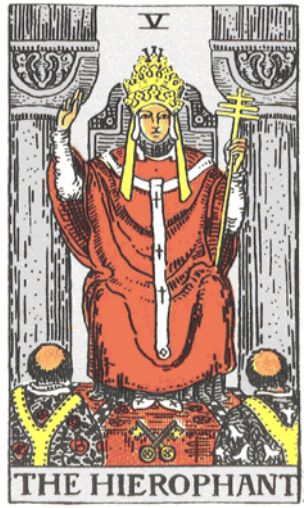

### ***The total of your name and birthdate is 5.***

A Power number of 5 signifies a life of freedom, variety and change. Fives attract situations that demand versatility and adaptability. Always open to new experiences, they seek out the curious and the unusual, and are constantly on the lookout for new fields to explore and new roads to travel. In some way embodying the archetype of the Trickster, they are unconventional, unpredictable, full of surprises, and excel at doing the unexpected. Not ones to tarry long, they tend toward impulsivity and depart in a flash if their interest is diverted elsewhere. Adventurous, enterprising and resourceful, they continually enliven their environment with energy and enthusiasm.

Fives are sociable and get on well with all kinds of people. Talking is one of their favorite activities. People interest them immensely, and they will spend hours chatting with strangers and friends alike.

As clever as they are with words, fives are also clever with their hands. They make excellent craftsmen, are known for their versatility, and are often amazingly dexterous, dazzling others with their creative handiwork.

### ***Tarot Key 5: The Hierophant***

To gain further insights about your Power number, it can help to look at the Tarot trump that corresponds to it. In your case, this is the Hierophant. Called the Pope in some decks, he wears a triple crown, which in metaphysical language represents the integration of body, mind, and spirit. This integration creates a deep faith in life, and an energetic desire to experience life to its fullest. The Hierophant is versatile, a generalist who can see many facets of life. This can lead to brilliant ideas and new interpretations. People on this vibration deal with people well, and, like the Pope, may have a sizable flock.

### **Your Karmic Lessons**

Karma numbers are digits that are completely missing in the letters of your name as given at birth. Most people have one or more Karma numbers. These missing digits serve as a guide to the areas of your life and personality that may be lacking. Such areas will benefit from special attention. If you ignore these blind spots, life can have a painful way of making you notice them. This, however, can eventually spur you forward on the path to wisdom. When you develop yourself in these areas, you will feel much more whole and complete.

#### ***The number 9 is missing in your name.***

Having 9 as a Karma number, you are likely to be out of touch with your feelings, walled off in the prison of your ego so that you feel isolated from others. Your path is to invite your feelings in as friends, experiencing them fully, giving them due consideration, and putting them in their proper place. Art, myth, story, music, and possibly some form of therapy will put you in touch with the life-giving energy of your feelings and will help you open your heart to others.

## **Your Subconscious Response**

Your Subconscious Response is related to how many Karma numbers you have. It shows the way you tend to react in emergencies, when you have no time to consult your intellect.

### ***Your Subconscious Response number is 8.***

When the going gets rough, you generally take charge of the situation in a calm and businesslike manner. You keep in control with a practical plan of action that is both well-organized and expedient.

## **Your Youth, Maturity and Later Years**

So far, we've discussed the number vibrations that stay with you throughout your life. Now we move on to the three major periods of your life as shown by your Life Cycle numbers. These are derived from reducing the digits in your month, day and year of birth. The sum of the month digits describes the first period; the day, the second period; and the year, the third period.

### ***Your First Life Cycle starts at birth and lasts until age 28. Its number is 1.***

This can be a difficult first cycle, because independence is usually not very compatible with youth. When you insist upon doing things your way, you may encounter great conflicts of will with those in charge. Alternatively, at a time of life when one is naturally dependent, circumstances may force you to stand on your own, to follow your own path and not depend on others. You may be given too much freedom for you to handle at this early age. Your task is to develop your own individuality so that you can stand on your own feet gracefully.

During the First Life Cycle, your Life Path number and your First Minor Challenge number are also especially important influences.

### ***Your Second Life Cycle starts at age 28 and lasts until age 55. Its number is 5.***

For you, mid-life is a period best suited change and variety, so you will be happiest if not tied down unnecessarily. You will want to travel, and to experience the new and different in many ways. During this cycle you can get to renew yourself by breaking out of old routines. Now is the time to learn to adapt, to be free and to live for the moment. For the time being, it is best to put aside ideas of permanence.

During this Life Cycle or the next, your Power number generally begins to manifest.

### ***Your Third Life Cycle starts at age 55 and lasts until death. Its number is 3.***

You can look forward to an enjoyable last cycle, filled with friendship, socializing, and a renewed pleasure in life. This is a wonderful time for developing artistic talents. Now you can creatively use your life experiences to help others develop the same "joie de vivre" that you are blessed with now.

## **Major Decision or Turning Points in Your Life**

Your Turning Points or Pinnacles are also derived from your full birthdate. Each of them defines a period in your life and the special issues that you will face during that period. As their name suggests, Turning Points show points of choice where you need to make decisions. Besides showing the issues at stake, the Turning Point number indicates the choice that will be best for you. Turning Points are like tests that you must pass before proceeding forward. The happiness that you feel in a given Turning Point period depends on the choices you've made and the skills you've developed when faced with the previous Turning Point.

***Your First Turning Point starts at birth and lasts until age 34.  
Its number is 6.***

This youthful Turning Point may call you to take on heavy domestic responsibilities at an early age, such that you feel denied a carefree childhood. If you shoulder these responsibilities with good grace, your reward may be love, security, protection, loyalty and sympathy, both given and received. This Turning Point may also take the form of an early marriage that comes when you are still really too young to settle down.

***Your Second Turning Point starts at age 35 and lasts until age 44.  
Its number is 8.***

The next nine years of your life will heighten your interest in money and the acquisition of power and material comfort. Your test is how you will handle a yuppie-like lifestyle. Will you use your gifts and organizational skills only for personal gratification, or will you use them to create something of lasting value for the world? The choice you make will affect your sense of happiness and satisfaction during your next Turning Point period.

***Your Third Turning Point starts at age 45 and lasts until age 54.  
Its number is 5.***

This 5 vibration in the prime of your life may give you the choice of how you greet disruption and change. If it is forced upon you, it is best to loosen up and ride it out gracefully. If it is your own restlessness that keeps your life in continual upheaval, your choice is whether or not to bring this under control. You may have the chance to get out of a rut and travel, take in new ideas, and even totally change your lifestyle.

***Your Fourth Turning Point starts at age 55 and lasts until death.  
Its number is 4.***

In the last period of your life, a 4 vibration calls you make practical choices, and you will get a good feeling from putting your affairs in order. You may need to live on a tight budget, but if you approach it with the correct attitude, this need not feel like a great burden. You may be one of those for whom thrift is a pleasure and an entertainment. A steady routine of work can keep you on track, and if you so choose, you can derive deep satisfaction by leaving a legacy of tangible achievement.

## **The Challenges You Will Meet**

Everyone is born with special lessons to be learned. Again, your full birth date has inherent in it two Minor Challenges that are usually presented to you earlier in life, and a Major Challenge that is lifelong but which you will probably get to master only later in life.

Challenges may at first present themselves to you as external obstacles to your progress, but they arise from the deficiencies that you are born with, parts that are lacking or underdeveloped. Once you can determine exactly what the weak link is, you can make a conscious effort to strengthen that trait within yourself. This takes willpower and may sometimes feel as if you are going against the grain, but it pays off abundantly in terms of progress and success in life. As you tackle each challenge, your fears are pushed back, your scope enlarges, and you feel more comfortable in the world.

### ***Your First Minor Challenge number is 4.***

The First Minor Challenge usually crops up early in life. When its number is 4, you will need to learn how to work effectively before you can do much else in the world. In youth, the lesson is usually to learn to settle down and concentrate. Later on, it is often to avoid becoming a “grind” and letting work take over your whole life. The challenge, anyway, is to give work its proper place, and learn a balance between work and play.

### ***Your Second Minor Challenge number is 2.***

The Second Minor Challenge is about aspects of your character that you need to work on during your Second Life Cycle, from about ages 35 to 62. With a Challenge of 2, your task is to develop confidence in yourself and thicken up your protective coating so that you can hold your own in relationships with others. Instead of bringing you closer to others, your extreme sensitivity can make you run for cover when the vibes get jagged or overwhelmingly strong. Your challenge is to retain that responsiveness to the feelings of others without losing your own identity or feeling personally devastated. You may need to live alone for a bit and find out who you really are. Then you will be able to enter into a partnership as a true equal, and realize a closeness that you had not dreamed was possible.

### ***Your Major Challenge number is 2.***

You face your Major Challenge throughout life. Most likely, however, you will find yourself needing to do the most work on it during your Third Life Cycle, after the lesser challenges have been met. With a Challenge number of 2, the thing to master is cooperating with others without either leaning on them or trying to dominate the situation. Balance is the watchword here. Also, when you find yourself hurt or slighted, you will be much happier when you learn not to take it personally.
