## ***Your Planetary Day***

*While the calendar we use in the West dates from the 1500s, the seven days of the week have repeated without interruption for over two millennia. From ancient times, each day of the week has been associated with the Sun, Moon or one of the five visible planets. The weekday on which you were born shows where you stand in this ancient seven-fold cycle, and gives you a special link with the quality of its planetary ruler.*

### **You were born on a Thursday.**

In English, Thursday is named for Thor, a Norse god of superhuman strength and appetites. Like Jupiter, who gives his name to Thursday in the Romance languages, Thor is associated with thunder and rain and also with increase and good luck. The god of the skies, Jupiter embraces whatever is spacious and high and inclusive, and so astrologically he symbolizes the priest, wisdom, and institutions like religion and law which stand over society and hold it together. Jupiter's weaknesses are overdoing, overspending, making sweeping generalizations, and hypocrisy; his strengths, wisdom, "seeing the big picture," generosity, and zest for life. In the Kabbalah, Jupiter is ruled by Zachariel, the administering angel. "Thursday's child has far to go." — *Harper's Weekly*, 1887.

## ***About Personal Numerology***

*The report that follows explores the numerological meaning of your birth date and the full name that was given to you at birth. Its aim is to make you more aware of the tendencies and patterns in your life, so that you can live more consciously, and more fully become the person you were meant to be.*

*As you read the following pages, remember that they describe pure types for each number. No one, of course, exhibits these character traits in their pure form. Instead, each of us is multi-dimensional, made up of many energy imperatives vying for expression. Some energies harmonize easily, while others are at cross-purposes, causing us to live with contradictions and inner conflicts. Our task is to honor all parts of ourselves and work at bringing our disparate selves into some kind of balance and cooperation. By making us more aware of our inner tendencies, numerology can help us to do this all-important work on ourselves.*

*In our families and other groups of which we are a part, some behaviors are encouraged and others are discouraged. If who we are wasn't acceptable, we probably contorted ourselves to be what others wanted us to be. If so, we may have become what is called a "turn-type."*

*For example, we may negatively manifest a number by expressing its opposite, as when the independent number 1 type becomes extremely dependent. Alternatively, the energy is out of balance and expressed extremely, as when the daring number 1 type becomes foolhardy. Or the energy is not developed enough, so that the number 1 is cowardly instead of courageous.*

*Because we feel that a certain trait is unacceptable and unworthy of us according to the biases of our family, superiors or peers, we may not be able to relate to it in ourselves. We may then spend many years discovering who we really are apart from other people's expectations of us.*

*Studies such as numerology can help us find our way out of this maze, orienting us toward our true being and the highest manifestation of what we are. They can give us an objective picture of our strengths and weaknesses, show us our place in the larger scheme of things, and help us find the hidden gold in our characters, which we may not have even suspected that we had.*

***How Numerology Works.*** *Through the use of ancient principles, numerology can derive a world of meaning from your birthdate and birth name. In the course of your life other numbers may become important for you, and you will probably acquire other names, but, like your astrological birth chart, the numerological vibrations at the very beginning of your life set the tone for all that follows.*

*To find the meaning inherent in your day, month and year of birth, numerologists add the digits in various ways. Most totals turn out to be more than one digit. They therefore reduce them to a single digit by adding the digits together. Whenever a total turns out to be a master number like 11 or 22, however, it is left as-is. These doubled numbers have a special significance, and are given special interpretations.*

*To find the numerological meaning of your name, numerology assigns a number to each letter of the alphabet. In the Pythagorean system used in this report, A = 1, B = 2, and so on through the first nine letters, and then we repeat the cycle through the rest of the alphabet. We then total the numbers corresponding to the vowels, the numbers corresponding to the consonants, and the numbers corresponding to all the letters to determine specific things about your character.*

*Each digit from 1 to 9 represents a specific stage in a cycle and has its own set of associations. In general, the odd numbers are considered introverted, in the sense of being primarily focused on inner life. The even numbers tend toward extroversion: that is, being primarily focused on outer activities. The numbers 1, 6, and 22, however, are considered dual in nature.*

*This said, let us now look first at your basic character and the major themes in your life.*

## ***Your Life Path***

*The total of the day, month and year of your birth is called by numerologists the Life Path, Life Lesson, Birth Path, Birth Force or, sometimes, the Destiny number. This number is chosen by nature rather than by you or your parents, and it reflects the season and historical era of your birth. As its names suggest, it shows your mission in life, your life work and what the universe intends for you. It shows the opportunities you must seize in order to make the most of your potential. Following the life path that has been given to you will enable you to avoid continual discord and frustration, and to unfold in the way that is best for your nature. When you find your true place in the world, you will feel at home.*

### **Your birthdate total is 3.**

Your Life Path of 3 means that that your destiny is involved with the development of social graces and good communication skills. You have a wonderful ability to inspire and amuse people. It is through those you favorably impress that your opportunities in life will come. Be creative, be artistic, and learn to use words to your advantage. You have an appealing charm and a real charisma. Versatility is vital to your success, but you must pace yourself. Learn not to scatter your energy.

## ***Numerology based on your name: CHRISTINA MARIA AGUILERA***

### ***What Motivates You in Life***

*We now move on to the name that you were given at birth. We first look at the total of the vowels in your full birth name, because this shows the emotional force that drives all that you do. Variously known as the Motivation, Soul Urge, Heart's Desire, or Inner Self number, the vowel total shows what you want out of life. Along with the Impression and Expression numbers that will be discussed below, it is a basic component of your character.*

### **The vowel total in your name is 4.**

With 4 as a Motivation number, you need to live an orderly life governed by definite rules. The basic criterion of your life is practicality. Whatever you do must have a definite purpose and payoff. Being an honest, straightforward person, you have no patience with pretense. A product of the old school, you have well-defined loyalties. You value your home and your job, and take pride in your work. Do, however, watch out for a tendency to be narrow-minded.

Colors and gems have number vibrations, too. Your Motivation color is green and your Motivation gem is the emerald. Wear these when you want to relax and restore your energies.

### ***More about Your Emotions and Motivations***

*The first vowel in your first name augments or mitigates the force of the vowel total, and gives additional information about your emotional nature and underlying motivations in life. It manifests differently depending on whether the vowel sound is long or short. The long vowel gives a more direct and forthright expression, while the expression of the short vowel is more muted.*

### **The first vowel in your name is I.**

“I” feels compassion and the desire to serve. You go the extra mile to work for the good of all. If you feel it will improve the lot of your fellow humans and make the world a better place, you may sometimes even work against your own best interests. You have a passionate nature and can go to great lengths for the causes you embrace. Determined and relentless in the pursuit of a cause that excites you, you may become known for your philanthropy and generosity. Because you are a source of insight and encouragement, others eagerly seek your healing energy and counsel. Inspired, you are also an inspiration to others.

## ***The Impression You Give to Others***

*The total of the consonants in your name is known as the Impression, Personality, Outer Self or Adapted Self number. As its names suggest, this number signifies your persona, the face you show to the world. It shows the vibrations that you project, how others see you, and the kind of impression that you make on those around you. This has its origin in your illusions and fantasies, the world you create for yourself in daydreams. Given enough energy, your fantasies become reality, because you tend to become who you think you are.*

### **Your consonant total is 6.**

Having the Impression number 6, you see yourself in the perfect home: a comfortable, cozy house with tasteful decor and objects of great sentimental value. In your dreams this house is warm and welcoming to all those whom you know. You wish for a family to care for, and a loyal mate who will stand by you throughout life. Beyond the home, you dream of a well-balanced, humane and just world where all can thrive and develop without conflict or problems.

Your Impression color is deep blue, and your Impression gems are the pearl and sapphire. Wear these when you want to be sociable and enjoy the company of others.

## ***The Way You Express Yourself***

*The total of all the letters in your full name is variously called the Expression, Mission or Life Purpose number. Composed of both the vowels and the consonants, it represents the blending of your inner and outer selves. It thus shows the natural expression of your goals and desires: what you do best, and, by extension, your talents and career potential. It also indicates how you deal with the outside world: your style of solving problems, getting things done, and negotiating with others to attain what you would consider success.*

### **Your name total is 1.**

The Expression number 1 makes you tend to be a strong individualist, both self-reliant and dependable. A natural leader, you're at your best when in charge. You're capable in almost any business or art form, and your possibilities are unlimited when you can do your own thing. Directness is one of your great strengths, but do not let your ego and impatience get in the way of your effectiveness. Also, take care that your mind does not run ahead of your ability to implement your ideas.

When you want to be businesslike, try wearing red as your Expression color and the ruby as your Expression gem.

## ***Careers Offering the Best Self-Expression***

With 1 as your Expression number, consider these kinds of jobs:

**The Boss:** director, manager or owner of a business; advertising executive, department head, buyer, editor, contractor.

**On Stage:** musician, actor, salesman, guide, promoter, politician.

**Service:** internist, psychiatrist, analyst, inspector, lawyer, repairperson, telephone operator.

**Just You:** architect, pilot, explorer, farmer, inventor, writer, designer, illustrator, geographer.

**Best Bet:** be the boss or work alone.

## ***The Power You Can Achieve in Maturity***

*The total of the day, month and year of your birth and your full name at birth is known variously as the Power, Maturity, Reality, Real Self, Final Opportunity, Destiny or Goal Power number. A summation of both your name and your birthdate, this number shows how the two principal streams of energy converge to fulfill the purposes of your true self. The Power number is of great significance because it gives a clue as to what your ultimate life purpose might be.*

*This vibration usually becomes manifest only in the later part of your life. In the first half of life it tends to exist only as a potential. In these earlier years you live through many experiences that temper and define your character and aptitudes. Not until the age of 35 or 40 do most people live through enough life events to find their life purpose and develop it to the point where it becomes their main focus and direction. It is then that fulfillment comes. But this is usually achieved only after many false starts, and years of struggling to gain self-knowledge.*

*Finding your right place in life is gratifying. If you have not pushed through to this achievement, you can be dissatisfied and unhappy. You may feel at loose ends, without direction, rudderless and ill at ease. But if you have lived your life in accord with the purpose that was meant to be fulfilled in this life, you will find contentment and peace of mind.*

*What follows is the mature expression of your Power number. Mature development is not about living out someone else's idea of what you should be. It has more to do with honoring your own way of being in the world and moving from your own center. It is about trusting the process of unfoldment that exists within each of us and making this your guiding principle.*

## **The total of your name and birthdate is 4.**

A Power number of 4 signifies those who build order and stability into our world. Fours attract situations that require thoroughness, precision and dependability. They actually *like* to put their nose to the grindstone. Wherever they turn their attention, they organize and create structure. Focused on the material plane, they express archetype of the Builder, and want to see concrete results in all their endeavors.

Like a square table perfectly balanced and solidly positioned, fours are firmly planted on this earth. They are comfortable in surroundings that are tidy, well ordered and predictable. They like to know what to expect, and flourish in an atmosphere where expectations are clearly laid out. They are no-frills people who hate posturing and pretense. Give them the facts. Don't dissemble, and don't embroider. The pure, unvarnished truth is what they prefer.

## **Tarot Key 4: The Emperor**

To gain further insights about your Power number, it can help to look at the Tarot trump that corresponds to it. In your case, this is the Emperor. Seated foursquare upon a ram- decorated throne, he embodies a fiery energy which is channeled and structured through reason in order to create concrete achievements. Serious, practical and discriminating, he is a patriarch who is wise in the ways of the world and is interested in results. He embodies the disciplined will, which is the foundation for achieving worldly power.

### ***Your Karmic Lessons***

*Karma numbers are digits that are completely missing in the letters of your name as given at birth. Most people have one or more Karma numbers. These missing digits serve as a guide to the areas of your life and personality that may be lacking. Such areas will benefit from special attention. If you ignore these blind spots, life can have a painful way of making you notice them. This, however, can eventually spur you forward on the path to wisdom. When you develop yourself in these areas, you will feel much more whole and complete.*

### **The number 6 is missing in your name.**

Having 6 as a Karma number points to a need to work on your relationships. You may find others depending on you. This can force you to learn the value of family and other close ties.

### ***Your Subconscious Response***

*Your Subconscious Response is related to how many Karma numbers you have. It shows the way you tend to react in emergencies, when you have no time to consult your intellect.*

### **Your Subconscious Response number is 8.**

When the going gets rough, you generally take charge of the situation in a calm and businesslike manner. You keep in control with a practical plan of action that is both well- organized and expedient.

## ***Your Youth, Maturity and Later Years***

*So far, we've discussed the number vibrations that stay with you throughout your life. Now we move on to the three major periods of your life as shown by your Life Cycle numbers. These are derived from reducing the digits in your month, day and year of birth. The sum of the month digits describes the first period; the day, the second period; and the year, the third period.*

### **Your First Life Cycle starts at birth and lasts until age 34.**

#### **Its number is 3.**

During a youth bent on expressing yourself at any cost, you have a tendency to go to extremes. A fun-loving chatterbox, you can be quite a handful unless you have the chance to get out and be with people as much as possible. While formal schooling may make you restless, you will probably thrive when you channel your exuberant energy into the areas of art, drama, music or other forms of self-expression.

During the First Life Cycle, your Life Path number and your First Minor Challenge number are also especially important influences.

### **Your Second Life Cycle starts at age 34 and lasts until age 61.**

#### **Its number is 9.**

Your middle period will be charged with strong emotional vibrations, and during it you may have many changes in your life. This is a time to learn to live with your emotions, and possibly to find an outlet in the arts. Personal relationships often do not fare well in this cycle. Instead, this is the time to be selfless, to cultivate your spiritual life and a broader love for, and service to, humanity. It is good to concentrate on finishing projects during this time, to prepare the way for new starts.

During this Life Cycle or the next, your Power number generally begins to manifest.

### **Your Third Life Cycle starts at age 61 and lasts until death.**

#### **Its number is 9.**

In later years you can expect many changes in your life situation, and much will be discarded. It's a high-powered last cycle, so learn to pace yourself. Helping others, and cultivating compassion and tolerance, are the best paths to achieving your own happiness. This is a good time to retire, study and learn. You can also further your creative expression by associating with sensitive and artistic friends.

## ***Major Decision or Turning Points in Your Life***

*Your Turning Points or Pinnacles are also derived from your full birthdate. Each of them defines a period in your life and the special issues that you will face during that period. As their name suggests, Turning Points show points of choice where you need to make decisions. Besides showing the issues at stake, the Turning Point number indicates the choice that will be best for you. Turning Points are like tests that you must pass before proceeding forward. The happiness that you feel in a given Turning Point period depends on the choices you've made and the skills you've developed when faced with the previous Turning Point.*

### **Your First Turning Point starts at birth and lasts until age 34.**

#### **Its number is 3.**

This youthful Turning Point offers a chance to expand socially and artistically. Learn now to be cheerful and creative. To make the most of your creative potential, you will need to learn to apply yourself steadily and not scatter your energies. You may then have a chance to bask in the limelight and enjoy the applause.

### **Your Second Turning Point starts at age 35 and lasts until age 44.**

#### **Its number is 9.**

In the next nine years of your life you will be called to seek out ways serving the world and your fellow human beings. This could be brought on by personal losses that stimulate you to seek higher forms of happiness than mere ego gratification. This is an ideal time to develop compassion and to learn to sustain yourself with an appreciation of all the beauty in your life.

### **Your Third Turning Point starts at age 45 and lasts until age 54.**

#### **Its number is 3.**

This 3 vibration in the prime of your life demands that you now actualize your creative powers. Your imagination is fertile, and this is a great time to express yourself, especially in words. This is also a chance for networking and making yourself known, and it can be a time when you have the choice of wearing prosperity badly or well.

### **Your Fourth Turning Point starts at age 55 and lasts until death.**

#### **Its number is 3.**

In the last period of your life, a 3 vibration calls you to gather your friends around you and take up new forms of self-expression. This is a time when you can be thankful for companionship and good cheer, and you can explore new and interesting parts of yourself in writing, painting or other arts or crafts. No matter if your physical body isn't what it used to be. You now have the chance to be utterly vibrant on the mental level.

## ***The Challenges You Will Meet***

*Everyone is born with special lessons to be learned. Again, your full birth date has inherent in it two Minor Challenges that are usually presented to you earlier in life, and a Major Challenge that is lifelong but which you will probably get to master only later in life.*

*Challenges may at first present themselves to you as external obstacles to your progress, but they arise from the deficiencies that you are born with, parts that are lacking or underdeveloped. Once you can determine exactly what the weak link is, you can make a conscious effort to strengthen that trait within yourself. This takes willpower and may sometimes feel as if you are going against the grain, but it pays off abundantly in terms of progress and success in life. As you tackle each challenge, your fears are pushed back, your scope enlarges, and you feel more comfortable in the world.*

### **Your First Minor Challenge number is 6.**

The First Minor Challenge usually crops up early in life. When its number is 6, you may need to learn to shoulder responsibilities beyond your years. In doing so, you may develop a certain rigidity and intolerance, and possibly an air of self-righteousness. Your challenge, then, will be to learn to serve others while accepting them just as they are, to serve not just their material needs, but to honor their need to be themselves and do things their own way. When you have met this challenge, you will have also granted freedom to yourself..

### **Your Second Minor Challenge number is 0.**

The Second Minor Challenge is about aspects of your character that you need to work on during your Second Life Cycle, from about ages 35 to 62. A zero Challenge number presents no particular challenge. This can mean either that life is easy because you have no large obstacles in your path, or that it is difficult because everything is an obstacle and you don't know which to tackle first. If the latter is true, it is best just to pick one difficulty arbitrarily and work on that until you have mastered it. Your plate is either very full or very empty because you are an old soul. You are evolved enough to be conscious of whatever shortcomings you have, and to deal with them one at a time. Becoming the kind of person you know you could be is the most difficult of challenges, but you are capable of meeting it.

### **Your Major Challenge number is 6.**

You face your Major Challenge throughout life. Most likely, however, you will find yourself needing to do the most work on it during your Third Life Cycle, after the lesser challenges have been met. With a Challenge number of 6, you may find yourself with great responsibilities in caring for others, and what you must guard against is trying to control them. Make an effort to let others do and believe their own way. Learn to serve others while still allowing them to be free. When you take on great responsibilities and feel unappreciated, make it your first priority to appreciate others.

## ***Your Best Activities for the Year***

*Your Personal Year number combines your birth month and day with the current year. Personal Year numbers go in a recurring nine-year cycle of development. Each time you go around the cycle you have a chance to do things with added wisdom and skill. Keeping your activities in tune with your current year vibration can make your existence more harmonious and keep your unfoldment upon its intended track.*

*Some numerologists believe that the new personal year number begins on January 1st of the new year. Others believe that it doesn't change until your birthday on that year, so that up until your birthday you would be using the personal year number for the preceding calendar year.*

### **Your Personal Year number beginning on Jan. 1, 2002 is 16/7**

In a 7 Personal Year the tide once more turns inward. More than at any other time during the nine-year cycle, you will require time alone. This is especially true if you are an introverted type to begin with, but even extroverts will be somewhat less enthusiastic about mixing with others. The energy this year is just not right for gadabouting or for dealing with practical matters in the outside world. You'll want to retreat from the hubbub of life in the fast lane and perhaps study or meditate. This year is a time of pause when you go into the deepest parts of yourself and integrate all that has come before. If you feel depressed, it may be because your energy has gone below the surface, where it is busily gestating something new. Don't despair, and don't feel you should be cheerful and outgoing right now. Respect this part of the cycle. Ride it out fully, and it will pass, leaving you with renewed inner riches. Let your inward journey take you to where you are now supposed to be in the unfoldment process of your life. This is a year for re-discovering your spiritual resources. Its watchwords are Retreat and Reflect.

### **Your Personal Year number beginning on Jan. 1, 2003 is 17/8**

After the pause and retreat of a 7 year, an 8 year is a public and social time when you become once more deeply engaged with the tangible, outward world. An 8 Personal Year is specially suited for power and achievement. In this phase of the cycle, all that you've worked for can come to fruition in the form of material gain and public recognition. You can think of it as a time of harvest. If you've planted the seeds and followed through in the previous years, your 8 year will be one of rewards and satisfaction arising from a job well done. You'll still have to push for the outcome that you envisioned, but it will materialize this year if you've done the work. You may find yourself organizing and administrating on a greater scale than usual, working with people and materials to achieve highly visible results. The keyword for this year is Consolidation.

## ***Where Do We Go from Here?***

*If this report has aroused your curiosity and you want to learn more, you may find that exploring your numbers with a deck of Tarot cards is an excellent means for further self-reflection.*

*Suppose that your birth date were August 19, 1962. The Tarot trump that you would look at for the month would be 8 (Strength, or in some decks, Justice). For the day, you would look at 19 (the Sun),  $1+9=10$  (the Wheel of Fortune), and, reducing it even further,  $1+0=1$  (the Magician). For the year, you would look at  $1+9+6+2=18$  (the Moon), and possibly also  $1+8=9$  (the Hermit).*

*These cards would have something to say about you and how you express these traits as you follow your destiny. Our example birth date would have the Sun in Leo, and trump 19, the Sun, would reinforce the Leo symbolism. You could see that the person is a hard worker (8) with a sunny disposition (19) who is aware of the changes in fortune that life can bring (10). Extremely creative (1), he is also a sensitive, caring person who is tuned in to other people's feelings (18).*

*It is instructive to buy a Tarot deck, put one of your cards up for a few days, and mull over the symbolism. Remember that there are no truly negative numbers or cards. All participate in the experiences of the soul as it passes through life.*

*Even trump 15, the Devil, has its place. Everyone has traits that create stumbling blocks or weaknesses. When we work to overcome these we achieve maturity and become more sympathetic to the weaknesses that we see in others. This may be an important focus for a soul with the number 15 prominent.*

*Also, trump 13, the so-called Death card, is often misunderstood. Remember that in the cycle of seasons the leaves fall and winter comes, but this death is only the precursor of the life that bursts forth in the spring. Life is not all white light and bubbles. There are dark clouds of pain and frustration as well. It's all part of the cycle.*

*Whatever you find your numbers to be, remember that nobody has it all down pat. We all have plenty to learn. We do have a choice, however. We can, if we wish, fight against our destiny or try to ignore it. Or we can, as the great psychoanalyst C.G. Jung put it, "do willingly what we must do by necessity." Viewing ourselves through the lens of studies such as numerology, the Tarot and astrology, we gain a clearer picture of what our own necessity is, and can then travel more consciously on our life's intended path.*
