Your Planetary Day

While the calendar we use in the West dates from the 1500s, the seven days of the week have repeated without interruption for over two millennia. From ancient times, each day of the week has been associated with the Sun, Moon or one of the five visible planets. The weekday on which you were born shows where you stand in this ancient seven-fold cycle, and gives you a special link with the quality of its planetary ruler.

You were born on a Tuesday.

In English, Tuesday is named for Tiu, a Norse god who, like his Romance-language counterpart Mars, is associated with war and athletics. Astrologically, Mars, rules red, iron, blood, and the animal kingdom. In the Kabbalah, Mars is associated with Samael, angel of destruction, who clears the way for new creation. The sin of Mars is wrath and destructiveness, but his virtues are courage, activity, frankness and fairness. Keeping order and proportion in human affairs, fighting for justice, and defending the weak are among the highest uses of Mars energy. “Tuesday’s child is full of grace.” — *Harper’s Weekly*, 1887.

About Personal Numerology

The report that follows explores the numerological meaning of your birth date and the full name that was given to you at birth. Its aim is to make you more aware of the tendencies and patterns in your life, so that you can live more consciously, and more fully become the person you were meant to be.

As you read the following pages, remember that they describe pure types for each number. No one, of course, exhibits these character traits in their pure form. Instead, each of us is multi-dimensional, made up of many energy imperatives vying for expression. Some energies harmonize easily, while others are at cross-purposes, causing us to live with contradictions and inner conflicts. Our task is to honor all parts of ourselves and work at bringing our disparate selves into some kind of balance and cooperation. By making us more aware of our inner tendencies, numerology can help us to do this all-important work on ourselves.

In our families and other groups of which we are a part, some behaviors are encouraged and others are discouraged. If who we are wasn’t acceptable, we probably contorted ourselves to be what others wanted us to be. If so, we may have become what is called a “turn-type.”

For example, we may negatively manifest a number by expressing its opposite, as when the independent number 1 type becomes extremely dependent. Alternatively, the energy is out of balance and expressed extremely, as when the daring number 1 type becomes foolhardy. Or the energy is not developed enough, so that the number 1 is cowardly instead of courageous.

Because we feel that a certain trait is unacceptable and unworthy of us according to the biases of our family, superiors or peers, we may not be able to relate to it in ourselves. We may then spend many years discovering who we really are apart from other people’s expectations of us.

Studies such as numerology can help us find our way out of this maze, orienting us toward our true being and the highest manifestation of what we are. They can give us an objective picture of our strengths and weaknesses, show us our place in the larger scheme of things, and help us find the hidden gold in our characters, which we may not have even suspected that we had.

How Numerology Works. *Through the use of ancient principles, numerology can derive a world of meaning from your birthdate and birth name. In the course of your life other numbers may become important for you, and you will probably acquire other names, but, like your astrological birth chart, the numerological vibrations at the very beginning of your life set the tone for all that follows.*

To find the meaning inherent in your day, month and year of birth, numerologists add the digits in various ways. Most totals turn out to be more than one digit. They therefore reduce them to a single digit by adding the digits together. Whenever a total turns out to be a master number like 11 or 22, however, it is left as-is. These doubled numbers have a special significance, and are given special interpretations.

To find the numerological meaning of your name, numerology assigns a number to each letter of the alphabet. In the Pythagorean system used in this report, A = 1, B = 2, and so on through the first nine letters, and then we repeat the cycle through the rest of the alphabet. We then total the numbers corresponding to the vowels, the numbers corresponding to the consonants, and the numbers corresponding to all the letters to determine specific things about your character.

Each digit from 1 to 9 represents a specific stage in a cycle and has its own set of associations. In general, the odd numbers are considered introverted, in the sense of being primarily focused on inner life. The even numbers tend toward extroversion: that is, being primarily focused on outer activities. The numbers 1, 6, and 22, however, are considered dual in nature.

This said, let us now look first at your basic character and the major themes in your life.

Your Life Path

The total of the day, month and year of your birth is called by numerologists the Life Path, Life Lesson, Birth Path, Birth Force or, sometimes, the Destiny number. This number is chosen by nature rather than by you or your parents, and it reflects the season and historical era of your birth. As its names suggest, it shows your mission in life, your life work and what the universe intends for you. It shows the opportunities you must seize in order to make the most of your potential. Following the life path that has been given to you will enable you to avoid continual discord and frustration, and to unfold in the way that is best for your nature. When you find your true place in the world, you will feel at home.

Your birthdate total is 9.

Your Life Path of 9 means that yours is a destiny on a universal level, where the aim is an expanded consciousness and capacity for human understanding. Develop any artistic talent you have as a means of communicating the universal truths you want to express. Keep yourself free to experience the many emotional contacts you will have. With your broad, unprejudiced philosophical outlook, you have the possibility of inspiring others and of rendering service to humanity.

Numerology based on your name: ELVIS AARON PRESLEY

What Motivates You in Life

We now move on to the name that you were given at birth. We first look at the total of the vowels in your full birth name, because this shows the emotional force that drives all that you do. Variously known as the Motivation, Soul Urge, Heart's Desire, or Inner Self number, the vowel total shows what you want out of life. Along with the Impression and Expression numbers that will be discussed below, it is a basic component of your character.

The vowel total in your name is 5.

With 5 as a Motivation number, you desire personal freedom and the chance to do new things. Bored with routines and situations that are stagnant, you especially welcome travel because of the stimulating changes of scenery and situations that it brings. You plunge headlong into life, and prefer your experience to be on the physical rather than the intellectual plane. Adventurous, sensual, and hungry for stimulus, you may find yourself strongly attracted to sex, food, alcohol or drugs.

Colors and gems have number vibrations, too. Your Motivation colors are the pastel shades of blue, and your Motivation gem is the turquoise. Wear these when you want to relax and restore your energies.

More about Your Emotions and Motivations

The first vowel in your first name augments or mitigates the force of the vowel total, and gives additional information about your emotional nature and underlying motivations in life. It manifests differently depending on whether the vowel sound is long or short. The long vowel gives a more direct and forthright expression, while the expression of the short vowel is more muted.

The first vowel in your name is E.

“E” feels changeable and restless, and gives you a love of freedom and excitement. You tend to be on the move, always on the lookout for the next interesting event. For you, variety is truly the spice of life. You are mentally stimulating and stimulated mentally by all that passes before you. Preferring to remain unfettered and free to explore new horizons, you find it difficult to take root. A “people” person, you are outgoing and have many friends who enjoy your optimism and good humor. You also work well with your hands and are very versatile.

The Impression You Give to Others

The total of the consonants in your name is known as the Impression, Personality, Outer Self or Adapted Self number. As its names suggest, this number signifies your persona, the face you show to the world. It shows the vibrations that you project, how others see you, and the kind of impression that you make on those around you. This has its origin in your illusions and fantasies, the world you create for yourself in daydreams. Given enough energy, your fantasies become reality, because you tend to become who you think you are.

Your consonant total is 4.

Having the Impression number 4, you dream of being a strong, down-to-earth sort of person who is the most necessary part of the lives of your family and friends. You see yourself as a dependable soul who can always be counted upon to do what is required. You have planned for everything that could go wrong, and are well prepared for the future. You use your past experience to your advantage, and can handle any obstacle that threatens your domain.

Your Impression color is green and your Impression gem is the emerald. Wear these when you want to be sociable and enjoy the company of others.

The Way You Express Yourself

The total of all the letters in your full name is variously called the Expression, Mission or Life Purpose number. Composed of both the vowels and the consonants, it represents the blending of your inner and outer selves. It thus shows the natural expression of your goals and desires: what you do best, and, by extension, your talents and career potential. It also indicates how you deal with the outside world: your style of solving problems, getting things done, and negotiating with others to attain what you would consider success.

Your name total is 9.

The Expression number 9 makes you tend to be a universe-oriented person who is by nature compassionate and understanding. You are a true humanitarian who also has the potential for high artistic achievement. A romantic at heart, you have emotions that swing from high to low. You could help humanity, and a job utilizing your aesthetic sense and sympathetic nature would suit you. Just do not drain yourself emotionally by becoming involved in too many things at once.

Your Expression colors are any and all colors in the brightest hues. Your Expression gem is the opal. Try wearing these when you need to be businesslike.

Careers Offering the Best Self-Expression

With 9 as your Expression number, consider these kinds of jobs:

The Boss: director of a charity organization, publisher, resort owner, judge, circulation manager.

On Stage: entertainer, actor, musician, teacher, philanthropist, clergyman, religious leader, reformer, politician, seller of decorative items, lecturer, promoter, receptionist.

Service: doctor, social worker, healer, lawyer, broker, advisor or counselor, reporter, engineer, beautician, navigator, freight dispatcher, mail clerk, policeman, fireman, parole officer, ranger.

Just You: composer, writer, illustrator, decorator, sculptor, author, humorist, engraver, astronomer, chemist, pilot.

Best Bet: any job that has humanitarian aims.

The Power You Can Achieve in Maturity

The total of the day, month and year of your birth and your full name at birth is known variously as the Power, Maturity, Reality, Real Self, Final Opportunity, Destiny or Goal Power number. A summation of both your name and your birthdate, this number shows how the two principal streams of energy converge to fulfill the purposes of your true self. The Power number is of great significance because it gives a clue as to what your ultimate life purpose might be.

This vibration usually becomes manifest only in the later part of your life. In the first half of life it tends to exist only as a potential. In these earlier years you live through many experiences that temper and define your character and aptitudes. Not until the age of 35 or 40 do most people live through enough life events to find their life purpose and develop it to the point where it becomes their main focus and direction. It is then that fulfillment comes. But this is usually achieved only after many false starts, and years of struggling to gain self-knowledge.

Finding your right place in life is gratifying. If you have not pushed through to this achievement, you can be dissatisfied and unhappy. You may feel at loose ends, without direction, rudderless and ill at ease. But if you have lived your life in accord with the purpose that was meant to be fulfilled in this life, you will find contentment and peace of mind.

What follows is the mature expression of your Power number. Mature development is not about living out someone else's idea of what you should be. It has more to do with honoring your own way of being in the world and moving from your own center. It is about trusting the process of unfoldment that exists within each of us and making this your guiding principle.

The total of your name and birthdate is 9.

A Power number of 9 signifies the humanitarian and universalist who knows that we are all brothers and sisters living on one earth. Nine is the archetype of the Reformer who has a broad vision that encompasses everyone, everywhere. Wishing to improve the lot of humankind and of the world, nines serve with willingness and compassion. Possessors of deep and powerful emotions, they work for causes with great energy and enthusiasm because of their vision of what the future can be. They weed the garden of the world in order to prepare the ground for the new growth that they envision. Nines have great personal magnetism through which they are able to influence people. Inspired and inspiring, they teach, counsel and heal. Uncomfortable living a personal life, they are at their best living their lives for the greater good.

Tarot Key 9: The Hermit

To gain further insights about your Power number, it can help to look at the Tarot trump that corresponds to it. In your case, this is the Hermit. In his pilgrimage through a dark landscape, the Hermit holds forth a lantern, searching for the truth. He has traveled far, and on his way he has incorporated into his being all facets of life. He has learned compassion and forgiveness. He now seeks only perfection, which he will not find around him. Instead, he will be led within, to a new level of awareness and a new beginning. The hermit is alone, with attention turned inward, but in his search he illuminates the darkness for others as well as himself.

Your Karmic Lessons

Karma numbers are digits that are completely missing in the letters of your name as given at birth. Most people have one or more Karma numbers. These missing digits serve as a guide to the areas of your life and personality that may be lacking. Such areas will benefit from special attention. If you ignore these blind spots, life can have a painful way of making you notice them. This, however, can eventually spur you forward on the path to wisdom. When you develop yourself in these areas, you will feel much more whole and complete.

The number 2 is missing in your name.

With a Karma number of 2, you may lack patience and tend to be overly sensitive. You may have experiences where you are forced to learn to get along better with others.

The number 8 is missing in your name.

With an 8 Karma number, you are ambitious, but your judgment may not always be the best. You must learn the value of money, and find out how to use power responsibly.

Your Subconscious Response

Your Subconscious Response is related to how many Karma numbers you have. It shows the way you tend to react in emergencies, when you have no time to consult your intellect.

Your Subconscious Response number is 7.

When the going gets rough, you tend to become very analytical and may seem detached and unemotional. You are likely to suffer in silence. During these times you do best when you pray or meditate. Your tendency not to get personally involved may be appropriate in some situations, but not when other people are in great need.

Your Youth, Maturity and Later Years

So far, we've discussed the number vibrations that stay with you throughout your life. Now we move on to the three major periods of your life as shown by your Life Cycle numbers. These are derived from reducing the digits in your month, day and year of birth. The sum of the month digits describes the first period; the day, the second period; and the year, the third period.

Your First Life Cycle starts at birth and lasts until age 28.

Its number is 1.

This can be a difficult first cycle, because independence is usually not very compatible with youth. When you insist upon doing things your way, you may encounter great conflicts of will with those in charge. Alternatively, at a time of life when one is naturally dependent, circumstances may force you to stand on your own, to follow your own path and not depend on others. You may be given too much freedom for you to handle at this early age. Your task is to develop your own individuality so that you can stand on your own feet gracefully.

During the First Life Cycle, your Life Path number and your First Minor Challenge number are also especially important influences.

Your Second Life Cycle starts at age 28 and lasts until age 55.

Its number is 8.

During your middle period you will be drawn to accumulating wealth and power, so this is an excellent cycle for business success. More than at other times, you have the ability to influence your environment in an efficient and result-oriented way. Your success is assured if you devise a plan and manage your life and finances well.

During this Life Cycle or the next, your Power number generally begins to manifest.

Your Third Life Cycle starts at age 55 and lasts until death.

Its number is 9.

In later years you can expect many changes in your life situation, and much will be discarded. It's a high-powered last cycle, so learn to pace yourself. Helping others, and cultivating compassion and tolerance, are the best paths to achieving your own happiness. This is a good time to retire, study and learn. You can also further your creative expression by associating with sensitive and artistic friends.

Major Decision or Turning Points in Your Life

Your Turning Points or Pinnacles are also derived from your full birthdate. Each of them defines a period in your life and the special issues that you will face during that period. As their name suggests, Turning Points show points of choice where you need to make decisions. Besides showing the issues at stake, the Turning Point number indicates the choice that will be best for you. Turning Points are like tests that you must pass before proceeding forward. The happiness that you feel in a given Turning Point period depends on the choices you've made and the skills you've developed when faced with the previous Turning Point.

Your First Turning Point starts at birth and lasts until age 34.

Its number is 9.

This youthful Turning Point may face you with change or loss at an early age. For a young person it may be especially difficult to deal with the intense emotions involved, and to love and give even though there may be no return. Nevertheless, during a 9 vibration this is where happiness lies. The more you rise to this challenge, the more beautiful life will seem to you. If you work for the good of others, you may be able to achieve money and success quite early in life.

Your Second Turning Point starts at age 35 and lasts until age 44.

Its number is 8.

The next nine years of your life will heighten your interest in money and the acquisition of power and material comfort. Your test is how you will handle a yuppie-like lifestyle. Will you use your gifts and organizational skills only for personal gratification, or will you use them to create something of lasting value for the world? The choice you make will affect your sense of happiness and satisfaction during your next Turning Point period.

Your Third Turning Point starts at age 45 and lasts until age 54.

Its number is 8.

This 8 vibration in the prime of your life gives you the chance for prosperity and power when it is most natural to achieve it. If you've laid the foundations in earlier years, your wealth and fame can be considerable. Your choice is to exercise this power for either your own ego gratification or for the good of others as well as yourself.

Your Fourth Turning Point starts at age 55 and lasts until death.

Its number is 1.

In the last period of your life, a 1 vibration calls you to define your individuality and become a person in your own right. It is a time to exercise your own powers and fight for your independence. If you do this with courage and determination, you can have an exhilarating old age and will be remembered long after you're gone.

The Challenges You Will Meet

Everyone is born with special lessons to be learned. Again, your full birth date has inherent in it two Minor Challenges that are usually presented to you earlier in life, and a Major Challenge that is lifelong but which you will probably get to master only later in life.

Challenges may at first present themselves to you as external obstacles to your progress, but they arise from the deficiencies that you are born with, parts that are lacking or underdeveloped. Once you can determine exactly what the weak link is, you can make a conscious effort to strengthen that trait within yourself. This takes willpower and may sometimes feel as if you are going against the grain, but it pays off abundantly in terms of progress and success in life. As you tackle each challenge, your fears are pushed back, your scope enlarges, and you feel more comfortable in the world.

Your First Minor Challenge number is 7.

The First Minor Challenge usually crops up early in life. When its number is 7, you may feel very much alone and cut off from your peers. So much of your energy may be turned inward that there is none available in your conscious life and you may feel quite depressed. To feel more comfortable and connected, you must learn to direct your energies outward and to express your own feelings and ideas to others. Getting a good education will help you develop your analytical powers and put this 7 vibration to good use. When you overcome your reserve and feel more at home in the outside world, you will find that others have much to gain from your deep thought and rich inner life.

Your Second Minor Challenge number is 1.

When the number 1 is your Second Minor Challenge, you will probably need to do most of your work on this area in mid-life, during your Second Life Cycle from about ages 35 to 62. This is a time to work on your will power and on asserting yourself as an individual. It is a time to overcome dependency and stand on your own feet so that you don't believe you need to please others in order to survive. Pick a goal, and in working toward it you will realize your own powers. Then you will have earned the respect of others and yourself.

Your Major Challenge number is 6.

You face your Major Challenge throughout life. Most likely, however, you will find yourself needing to do the most work on it during your Third Life Cycle, after the lesser challenges have been met. With a Challenge number of 6, you may find yourself with great responsibilities in caring for others, and what you must guard against is trying to control them. Make an effort to let others do and believe their own way. Learn to serve others while still allowing them to be free. When you take on great responsibilities and feel unappreciated, make it your first priority to appreciate others.
